To all Members of the Council

Dear Councillor

A Meeting of the Council will be held on Thursday, 2 March 2023 at 7.00 pm in the Council Chamber, Rushcliffe Arena, Rugby Road, West Bridgford to consider the following items of business.

This meeting will be accessible and open to the public via the live stream on YouTube and viewed via the link: <https://www.youtube.com/user/RushcliffeBC>  
Please be aware that until the meeting starts the live stream video will not be showing on the home page. For this reason, please keep refreshing the home page until you see the video appear.

Yours sincerely

Gemma Dennis  
Monitoring Officer

## AGENDA

Moment of Reflection

1. Apologies for absence
2. Declarations of Interest
3. Minutes of the meeting held on 1 December 2022 (Pages 1 - 8)

To receive as a correct record the minutes of the Meeting of the Council held on 1 December 2022

4. Mayor's Announcements
5. Leader's Announcements
6. Chief Executive's Announcements
7. Citizens' Questions

To answer questions submitted by Citizens on the Council or its

services.

8. Petitions

To receive any petitions in accordance with Standing Order No.10 and the Council's Petition Scheme.

9. 2023/24 Budget and Financial Strategy (Pages 9 - 130)

The report of the Director – Finance and Corporate Services is attached.

10. 2023/24 Council Tax Resolution (Pages 131 - 140)

The report of the Director – Finance and Corporate Services is attached.

11. Independent Review of Councillors' Allowances (Pages 141 - 182)

The report of the Chief Executive is attached.

12. Appointment of Deputy Electoral Registration Officers (Pages 183 - 186)

The report of the Chief Executive is attached.

13. Notices of Motion

To receive Notices of Motion submitted under Standing Order No.12

- a) Council recognises the problems faced in recent new estates where ownership and management of Public Open Space (POS) is under private companies, with residents subject to a charge on their homes and unregulated and uncapped charges for POS, plus additional fees not directly related to maintaining the public areas.

Council commits to undertaking a full and detailed options appraisal of ownership and ongoing management of public open space with a view to changing the policy for future new housing estates by April 2024, evaluating the following options:

- RBC takes ownership of the POS and responsibility for management with no additional charge to residents, with a commuted sum paid by the developer to support this for a number of years via a S106 agreement. (i.e. revert to the previous policy);
- RBC takes ownership of the land and itself charges residents for maintenance, undertaking the work in-house or procuring the services;
- Ownership of the land passes to a properly constituted and regulated not-for-profit co-operative residents'

association responsible for ongoing maintenance and any charges to residents.

Council further commits to investigate ways that Rushcliffe could change the existing arrangements for recent new estates affected by the current policy.

### **Councillor Thomas**

- b) Council believes that artificial grass is detrimental to the environment and will do everything possible to eliminate its use in residential settings, parks, and other open spaces, through policy changes and media campaigns.

### **Councillor Way**

- c) Council:
- notes with concern that the new requirements for Voter ID create a barrier to residents exercising their democratic right to vote and may lead to some residents being disenfranchised. The requirements entail additional administrative burdens on Electoral Services and a risk of abuse to Poll Staff from anyone denied a vote due to lack of ID;
  - asks Officers to send appropriate information to all voters who have become 18 since the last Borough election unless registered for a postal vote;
  - asks the Leader to call on government to halt the further roll out of Voter ID, and if not, an expansion of the 'accepted' forms of photo ID to include those valid for young people.

### **Councillor Jones**

- d) Council recognises the importance of soil health in food production, combatting climate change, storing carbon, regulating water flow and quality, and as the basis for biodiversity. However Rushcliffe's soil is under multiple threats including industrial farming methods, the ever-increasing built environment, flooding, and climate change. Council will:
- Include policies to help protect soil in the next round of the local plan, including measures to minimise impermeable surfaces in development;
  - Review its own operations with a view to improving soil health on the council's own land and land it manages;
  - Engage with Rushcliffe's farming community to discover barriers to more natural and organic methods of farming that nurture soil health;

- Target future grant opportunities such as REPF towards projects that can demonstrate improved soil health as one outcome (e.g. agroforestry);
- Create a register of such projects locally that can be used for purchase of offsite Biodiversity Net Gain credits;
- Engage with residents to promote small scale improvements in soil health in a garden setting, including possible extension of the “free tree” scheme to include seed packets for nitrogen fixing vegetables and lawn plants;
- Call on the government to strengthen soil protection in legislation and planning policy.

### **Councillor Thomas**

#### 14. Questions from Councillors

To answer questions submitted by Councillors under Standing Order No. 11(2)

#### Membership

Chairman: Councillor T Combellack

Vice-Chairman: Councillor D Mason

Councillors: R Adair, S Bailey, B Bansal, M Barney, K Beardsall, N Begum, A Brennan, B Buschman, R Butler, N Clarke, J Cottee, G Dickman, A Edyvean, M Gaunt, P Gowland, B Gray, L Healy, L Howitt, R Inglis, Mrs C Jeffreys, R Jones, R Mallender, S Mallender, G Moore, J Murray, A Phillips, V Price, F Purdue-Horan, S J Robinson, K Shaw, D Simms, J Stockwood, Mrs M Stockwood, C Thomas, R Upton, D Viridi, J Walker, R Walker, L Way, G Wheeler, J Wheeler and G Williams

Rushcliffe  
Borough Council

## Meeting Room Guidance

**Fire Alarm Evacuation:** In the event of an alarm sounding please evacuate the building using the nearest fire exit, normally through the Council Chamber. You should assemble at the far side of the plaza outside the main entrance to the building.

**Toilets:** Are located to the rear of the building near the lift and stairs to the first floor.

**Mobile Phones:** For the benefit of others please ensure that your mobile phone is switched off whilst you are in the meeting.

**Microphones:** When you are invited to speak please press the button on your microphone, a red light will appear on the stem. Please ensure that you switch this off after you have spoken.

## Recording at Meetings

The Openness of Local Government Bodies Regulations 2014 allows filming and recording by anyone attending a meeting. This is not within the Council's control.

Rushcliffe Borough Council is committed to being open and transparent in its decision making. As such, the Council will undertake audio recording of meetings which are open to the public, except where it is resolved that the public be excluded, as the information being discussed is confidential or otherwise exempt.

## MINUTES OF THE MEETING OF THE COUNCIL

**THURSDAY, 1 DECEMBER 2022**

Held at 7.00 pm in the Council Chamber, Rushcliffe Arena,  
Rugby Road, West Bridgford  
and livestreamed on Rushcliffe Borough Council YouTube channel

### PRESENT:

Councillors T Combellack (Chairman), S Bailey, B Bansal, K Beardsall, N Begum, A Brennan, B Buschman, R Butler, N Clarke, J Cottee, G Dickman, A Edyvean, P Gowland, B Gray, L Healy, L Howitt, R Inglis, Mrs C Jeffreys, R Jones, R Mallender, S Mallender, G Moore, J Murray, A Phillips, V Price, F Purdue-Horan, S J Robinson, K Shaw, J Stockwood, C Thomas, R Upton, D Viridi, R Walker, L Way, J Wheeler and G Williams

### OFFICERS IN ATTENDANCE:

L Ashmore	Director of Development and Economic Growth
D Banks	Director of Neighbourhoods
G Dennis	Monitoring Officer
P Linfield	Director of Finance and Corporate Services
K Marriott	Chief Executive
E Richardson	Democratic Services Officer
H Tambini	Democratic Services Manager

### APOLOGIES:

Councillors D Mason, R Adair, M Barney, M Gaunt, D Simms, Mrs M Stockwood, J Walker and G Wheeler

#### 39 **Declarations of Interest**

There were no declarations of interest.

#### 40 **Minutes of the Meeting held on 29 September 2022**

The Mayor advised that Councillor Brennan wished to make an amendment to the minutes and invited her to do so.

Councillor Brennan referred to minute 31 Business from the last Council Meeting and clarified that rather than saying that "*the Council was currently looking into establishing a youth council for Rushcliffe*" she had said that "*the Council was exploring how young people could be encouraged to engage in the democratic process, which she knew was an issue that Councillor Jones had previously raised and expressed a key interest in*" and requested that the correction be noted.

The minutes of the meeting held on Thursday, 29 September 2022, were approved as a correct record, subject to the agreed amendment referred to above, and signed by the Mayor.

#### 41 **Mayor's Announcements**

The Mayor informed Council that her year continued to be very busy, having attended over 50 events, with another 13 already scheduled for December. The Mayor thanked Olha Bielohlazova for her very moving moment of reflection and added that her thoughts, like so many others would be with the people of Ukraine, who were experiencing a very different Christmas this year.

The Mayor referred to the many interesting people that she had met and experiences she had enjoyed, including having her portrait painted by the West Bridgford brownies, who were raising money for the local food bank, and switching on the Christmas Lights in West Bridgford, which had been so well attended and enjoyed by all.

The Mayor hoped that Councillors who had laid a wreath on her behalf on Remembrance Sunday had liked the environmentally friendly wreaths, which this year had been made out of laurel, being a symbol of honour, and she confirmed that she had attended three services on Remembrance Sunday and had also led a well-attended Armistice Day service on the croquet lawn in West Bridgford. She went on to thank the many residents who had knitted and crocheted the poppies, which had decorated the wreaths, and in particular was very touched to hear that residents in nursing homes had been delighted to make them too.

The Mayor spoke of her meeting with the Princess Royal at a riding for the disabled event, which had been very enjoyable, despite the inclement weather that day. She went on to mention the U3a beacon relay handover, and her opening of the East Leake Sports Pavilion, which had been an enormous community effort to build such a fantastic facility.

The Mayor also mentioned the Ruddington Awards, which had celebrated people who went the extra mile for their communities, which led her to highlight the annual Rushcliffe Awards, and thanked officers for their hard work and effort in organising such an excellent event. The Mayor had been very moved by many of the stories she heard that evening and to present Sam Perkins with the Pride of Rushcliffe Award for his charity work in raising awareness of Motor Neurone disease, from which he personally suffered, and she also mentioned Aleesha Gadhia, the six year old climate change activist, who won the Young Person of the Year award. The Mayor went on to thank the business community and sponsors for supporting the event.

The Mayor stated that she would be visiting staff before Christmas to thank them for their hard work throughout the year, and on Christmas Day she would be helping to serve Christmas lunch at the Friary.

Looking ahead to next year, the Mayor announced that on Sunday, 14 May 2023, she would be doing a sponsored abseil for her charities and invited Councillors to join her and take part.

## 42 **Leader's Announcements**

The Leader wished everyone a Merry Christmas and welcomed Councillor Begum to the meeting, in her capacity as Deputy Leader of the Labour Group, in Councillor J Walker's absence.

The Leader reminded Councillors of the two Budget Workshops being held next week and how important it was to have input from all Councillors in scheduling the budget, particularly during this difficult economic climate.

In respect of housing, the Leader advised that Councillor Upton, as a member of the Joint Planning Advisory Board had been negotiating on behalf of the Council, and the Leader was delighted to announce that a preferred approach had been reached, which would now be considered by inspectors and the Government. That approach would ensure that each council would be able to deliver its own housing numbers, and that Rushcliffe would not have to take any overspill from the City Council. The Leader confirmed that Rushcliffe already had enough allocated sites to meet its housing requirements, including a very healthy safety buffer and it was noted that last year the Council had delivered over 1,100 houses, many of which were affordable, and that was a great testament to the authority.

The Leader referred to the Trent Bridge crossing, being led by Nottingham City Council, and advised that this would now be delayed into next year, and it was hoped that construction in this key asset would begin in 2024 and opened in 2025.

The Leader reminded Councillors of how important the next few months would be to the Council, with work on the Freeport moving forward, the East Midlands Development Corporation taking shape, and Devolution progressing, all of which would have a significant material impact on the authority and create a new landscape. In May 2023, the Leader stated that many new Councillors would be welcomed, bringing new ideas, and he believed that at such a time it was important that the authority was flexible and could adapt to the new landscape and challenges, and he considered that it was both timely and in the best interest of the Council, that a new Leader should be appointed in May 2023. He considered that a new Leader would bring a fresh style and ideas to a role that was reflective of the new era, and he would therefore be standing down as Leader of Rushcliffe Borough Council in 2023. The Leader concluded by recognising the incredible teamwork, commitment and professionalism shown by Cabinet members, all Councillors, and officers in making Rushcliffe such an incredible place and stated that he had been extremely proud and privileged to be the Leader and would continue to give 100% commitment, dedication, and professionalism throughout the remainder of his leadership.

## 43 **Chief Executive's Announcements**

There were no Chief Executive's Announcements.

#### 44 **Citizens' Questions**

A citizens' question had been submitted by Mr Richard Mackie. Mr Mackie was not in attendance, so his question was read out by the Mayor as submitted:

"The Rushcliffe Local Plan 2 removed some sites from the Green Belt, and this is confirmed in the latest Green Belt map.

Has the Borough Council authority either to extend the size of sites removed from the Green Belt or to remove new sites from the Green Belt.

If so, what processes of public consultation and notification are required?"

Councillor Upton thanked Mr Mackie for his question and stated that the Council had the legal authority to either add or remove land to the Rushcliffe Green Belt, but this could only be done as part of a review of its Local Development Plan, which the Government recommended was done every five years. In preparing or reviewing its Local Plan, the Council was required to undertake public consultation and it did so in accordance with its Statement of Community Involvement. There were specific consultation stages throughout the preparation or revision of this Plan and if, for example, someone would like the boundary of the Green Belt to be reviewed, they should write to the Council at the relevant consultation stage. Finally, individuals and organisations could register to be informed of future consultation stages for the Local Plan.

#### 45 **Petitions**

No petitions had been submitted.

#### 46 **Polling Districts and Polling Places**

The Leader and Portfolio Holder for Strategic and Borough-wide Leadership, Councillor Robinson presented the report of the Chief Executive, outlining proposals for revised polling districts and polling places, following an interim periodic review requested by the Electoral Registration and Administration Act 2013.

The Leader advised that the key objective of this review was to ensure that all electors had full access to facilities to vote and confirmed that the proposals had gone out to public consultation, and the responses received from a variety of people and groups were detailed in Appendix 1 of the report, with the proposed revised Schedule in Appendix 2.

The Leader drew Council's attention to a query relating to Normanton-on-the Wolds, in terms of voting in Plumtree, and he advised that the Chief Executive had met with the Chairman of Normanton-on-the Wolds Parish Council, and it was hoped that a compromise has been found, which would go back to the Parish Council.

Councillor Edyvean seconded the recommendation and reserved the right to speak.

Councillor Begum thanked the Leader for welcoming her and stated that she would miss debating with him and wished everyone a Merry Christmas and a Happy New Year. Councillor Begum thanked officers for their hard work during this process and confirmed that the Labour Group welcomed the report.

Councillor Jones reiterated the comments made by the Mayor about the Rushcliffe Community Awards and the amazing people there, and also thanked officers for their hard work in organising such a successful event. He referred to the Leader's announcement, and paid homage to his service as Leader.

In supporting the motion, Councillor Jones noted the considerable work undertaken by officers and stated that it was unlikely that the public realised the work involved, and thanked staff for their efforts. Councillor Jones did raise a concern that by introducing the requirement for photo ID, the Government was over-complicating the process, when there was no evidence of fraud taking place.

Councillor S Mallender stated that she would be sorry to see the Leader step down and hoped that future debates would continue to be as interesting. In supporting the motion, she reiterated the thanks given to officers and noted that the comments related to her ward had been considered to ensure that it was as easy possible for people to vote. Councillor Mallender referred to the importance of encouraging people to vote and agreed with the comments made by Councillor Jones regarding the introduction of photo ID for almost non-existent cases of fraud.

Councillor Thomas confirmed that the Leake Independent Group would be supporting the motion.

Councillor Edyvean advised that he had nothing further to add.

The Leader thanked Group Leaders for their comments and support and reiterated the thanks to staff for the incredible amount of work undertaken and referred to the considerable effort required not just on election day itself, but during the preparation, and referred to the fundamental importance of ensuing that everyone was able to vote.

It was **RESOLVED** that:

- a) Council approves the:
  - (i) proposals setting out changes to polling districts, polling places and polling stations; and
  - (ii) revised schedule of polling districts and polling places as set out in Appendix 2;
- b) Council requests the Chief Executive to formally publish the notice of the conclusion of the review and its findings; and
- c) the (Acting) Returning Officer be given authority to select an appropriate alternative polling place (if required). Formal retrospective approval be

sought by Council following the election if appropriate.

#### 47 **Renewal of Public Spaces Protection Order (General ASB)**

The Cabinet Portfolio Holder for Environment and Safety, Councillor Inglis presented the report of the Director - Neighbourhoods, outlining proposals to amend and renew the Council's Public Spaces Protection Order (General ASB).

Councillor Inglis stated that the Anti-Social Behaviour, Crime and Policing Act 2014, provided powers for local authorities to introduce Public Space Protection Orders (PSPOs) to address anti-social behaviour (ASB) in public places, and this report sought approval to amend and renew the Council's PSPO, which had previously been supported by this Council on its last review in 2020.

Council was advised that due to changes in the law, and the latest crime trends it was considered necessary to slightly amend the existing PSPO, by renewing the Order for restrictions on street drinking and removing the existing prohibition on outdoor sleeping but to include certain additional restrictions and prohibitions as specified in Paragraph 4.3 of this report. Details of the areas covered by the Order, were outlined in Appendix 4 of the report.

Councillor Inglis stated that to utilise the powers referred to in the Order, the Council had to be satisfied, on reasonable grounds that activities carried out in a public space would have or were likely to have a detrimental effect on the quality of life of those in the locality; be persistent or continuing in nature; be unreasonable; and justify the restrictions imposed.

Council noted that as the Vagrancy Act had now been repealed, it was proposed to remove the prohibition on outdoor sleeping, although Councillor Inglis advised that the Council still faced other ASB issues, which the proposed PSPO would seek to control, based on current complaints and incidents, with details of the five targeted matters outlined in Paragraph 4.3 of the report.

Councillor Inglis referred to the consultation period, and the overwhelming positive public response, as detailed in Appendix 2 of the report, and confirmed that it was fully endorsed by Inspector Lawton, who led the Neighbourhood Police team, and the Crime Commissioner.

Councillor Inglis concluded by advising that he felt satisfied that the changes were relevant to the Act, proportionate and current, and that the renewed PSPO was needed, as it was not just an enforcement tool but a strong deterrent in a preventative way and provided officers with a means of dealing with offenders quickly and effectively. He also mentioned that the recent Safer Streets funding allocation to the Trent Bridge Ward had enabled the Council to provide extra patrols specifically targeting ASB and crime and to fund re-deployable CCTV cameras.

In seconding the recommendation, Councillor Cottey confirmed that he was very happy to endorse this proposal, as it was important that the Council could effectively deal with any ASB, which spoils the enjoyment for the majority who

both lived in and visited Rushcliffe. Councillor Cottee felt that the Council needed to portray a positive image that ASB would not be tolerated in Rushcliffe and this PSPO would go a long way to ensure that was the case.

Councillor Bansal confirmed that the Labour Group would support the proposed changes as he considered that the safety of residents was a priority and ASB was unacceptable. Councillor Bansal reminded Council that mental health issues were on the rise and many people needed support.

Councillor Jones was pleased that this would continue to apply to parks, including Sharphill Wood, which in his experience was very difficult to police, and that the reference to rough sleeping had been removed. Councillor Jones confirmed that the Liberal Democrat Group would be supporting the motion.

Councillor R Mallender thanked officers for the useful updates and stated that the Borough was fortunate that cases were low, although they did occur, and he was happy to support the motion.

In supporting the motion, Councillor Thomas advised that she would like to see more emphasis on providing help and assistance to people who found themselves in unfortunate situations, given that some ASB was deliberate, whilst some was due to circumstances. Councillor Thomas stated that she knew that officers were very sensitive to such issues, and also suggested that enforcement needed to be across the Borough and not just in West Bridgford.

It was **RESOLVED** that the amended Public Spaces Protection Order (General ASB) as set out in Appendix 1 of the report be approved and take effect from 2 December 2022.

#### 48 **Notices of Motion**

No motions had been submitted.

#### 49 **Questions from Councillors**

##### a) Question from Councillor R Mallender to Councillor Inglis

“Many borough and district councils are pressing ahead with food waste collection services for their residents. Given that there is still no word from the government on a national scheme isn't it time for Rushcliffe Borough Council to at least introduce a pilot scheme for this service?”

Councillor Inglis responded by stating that as the top recycling authority in the County, Rushcliffe was very proud of delivering a top-quality waste collection service for local residents. However, for the Council to unilaterally implement a food waste collection scheme even as a pilot would be premature, unwise, and unaffordable. Alternatively, the Council had been working on an externally funded joint project through the Nottinghamshire Joint Waste Management Committee, which was developing a model for how food waste could be collected and disposed of across Nottinghamshire as it was vital that this work was done as a system. This work would ensure that the Council and indeed

the whole County were in a very good place to implement a weekly food waste collection service once the government confirmed their requirements and funding arrangements for local authorities to deliver such a service. According to DEFRA such clarity should be available early in the New Year.

#### Supplementary Question

Councillor R Mallender welcomed that news but asked if Councillor Inglis would agree that one thing that could be done in parishes and local communities was to look at the possibility of having small community based schemes, to enable residents to work together at a lower level than the County.

Councillor Inglis agreed and reiterated his previous comments regarding the requirements for a County-wide approach. He stated that he saw no reason why communities could not get involved and it could be taken forward; however, what was required was a steer from Central Government.

#### b) Question from Councillor Thomas to Councillor Moore

“How much unspent money in total is currently being held by Rushcliffe as contributions from housing and other developers via Section 106 and CIL (Community Infrastructure Levy)?”

Councillor Moore responded by stating that the up-to-date figure was as follows, for CIL £2,787,853.69 was held, of which £54,884 was committed or allocated and for Section 106, £39,476,585.23 was held, of which £12.3m was committed or allocated.

#### Supplementary Question

Councillor Thomas stated that this meant that Rushcliffe was holding over £40m, which was unspent and noted that it was inevitable that spending would lag behind development; however, there came a point when that was unacceptable and she felt that the Council should be encouraging its partners, such as the County Council to spend the money to bring forward projects, to provide those much needed facilities.

Councillor Moore sympathised, whilst reminding Council that projects including building a school were long term, and agreed that infrastructure followed on slowly after development, with officers trying to do as much as they could, but ultimately Rushcliffe was only responsible for holding the money for the County Council.

The meeting closed at 7.43 pm.

CHAIRMAN

**Council**

**Thursday, 2 March 2023**

**2023/24 Budget and Financial Strategy**

## **Report of the Director – Finance and Corporate Services**

**Cabinet Portfolio Holder for Strategic and Borough-wide Leadership,  
Councillor S J Robinson**

### **1. Purpose of report**

- 1.1 This report presents the detail of the 2023/24 budget, the five-year Medium Term Financial Strategy (MTFS) from 2023/24 to 2027/28, which includes the revenue budget, the proposed Capital Programme, the Transformation Programme and the Capital and Investment Strategy (with associated prudential indicators).
- 1.2 Cabinet has considered the attached budget and strategies and recommended their acceptance by Council, along with the resultant decisions regarding Rushcliffe's Band D Council Tax and Special Expenses for 2023/24. The Governance Scrutiny Group has also recommended the Capital and Investment Strategy for adoption by Full Council, the amendment to the Empty Homes Premium and the proposed Council Tax Support Fund.
- 1.3 The final financial settlement has been received from Central Government with no significant changes from the draft settlement.
- 1.4 Annex A gives authoritative commentary from the Council's s151 Officer, a legal requirement, so that members have all the relevant information available to them when making budget and Council Tax decisions.

### **2. Recommendation**

It is RECOMMENDED that Council:

- a) accepts the report of the Council's Responsible Financial Officer on the robustness of the Council's budget and the adequacy of reserves (as detailed at attached **Annex A**;
- b) adopts the budget setting report and associated financial strategies 2023/24 to 2027/28 (attached **Annex B**);
- c) adopts the Capital Programme as set out in **Annex B, Appendix 3**;
- d) adopts the Capital and Investment Strategy at **Annex B, Appendix 4**;
- e) adopts the Council Tax Support Scheme at **Annex B, Appendix 6**;

- f) approves that the period for applying the Empty Homes Premium is reduced from 24 months to 12 months (as stated at **Section 3.4 of Annex B**) to help incentivise housing use within the Borough;
- g) sets Rushcliffe's 2023/24 Council Tax for a Band D property at £153.95 (increase from 2022/23 of £3.02 or 2%);
- h) approves the Council Tax Support Fund (CTSF) to support economically vulnerable households with up to £25 reduction in their Council Tax bills;
- i) linked to the CTSF approves further funding from RBC of around £30k to ensure anyone in Bands A to D Council Tax are given a discount, effectively resulting in no person up to a Band D paying an increase in the Rushcliffe element of Council Tax;
- j) sets the Special Expenses for West Bridgford, Ruddington and Keyworth, **Annex B, Appendix 1**, resulting in the following Band D Council tax levels for the Special Expense Areas:
  - i) West Bridgford £55.95 (£53.91 in 2022/23);
  - ii) Keyworth £4.38 (£3.30 in 2022/23);
  - iii) Ruddington £3.68 (£3.82 in 2022/23);
- k) with regards to recommendations e) and f), sets the associated Bands in accordance with the formula in section 36(1) of the Local Government Finance Act 1992; and
- l) adopts the Pay Policy Statement at **Appendix 7**.

### **3. Reasons for Recommendation**

To comply with the Local Government Finance Act (1972) and ensuring the budget enables corporate objectives to be achieved. The Council is required to set a balanced budget and demonstrate that it has adequate funds and reserves to address its risks. Covid and recent inflation risks have highlighted the importance of adequate reserves to support short-term shocks.

### **4. Supporting Information**

#### **The Budget and Associated Strategies**

4.1 The attached report and appendices detail the following:

- a. The anticipated changes in funding over the five-year period;
- b. The financial settlement for 2023/24 and the significant budget pressures the Council must address over the Medium Term;
- c. The budget assumptions that have been used in developing the 2023/24 budget and MTFs;

- d. The detailed budget proposals for 2023/24 including the Transformation and Efficiency Plan (and associated programme) to deliver the anticipated efficiency and savings requirement;
- e. The recommended levels of Council Tax for Band D properties for the Council and its special expense areas of West Bridgford, Ruddington and Keyworth;
- f. The projected position with the Council's reserves over the medium term;
- g. Risks associated with the budget and the MTFS;
- h. The proposed Capital Programme;
- i. The proposed Capital and Investment Strategy;
- j. The proposed Council Tax Support Scheme; and
- k. The proposed Pay Policy Statement.

4.2 The salient points within the MTFS are as follows (MTFS report (**Annex B**) references in parenthesis):

- a. It is proposed that Council Tax for 2023/24 will increase by £3.02 to £153.95 (2%). This still means that Rushcliffe's Council Tax remains the lowest in Nottinghamshire and amongst the lowest in the country (Section 3.4);
- b. Applying additional Council Tax discounts to give those more economically vulnerable on local Council Tax support a Council Tax discount of up to £25; and for all taxpayers on Bands A to D ensuring there is also a discount to ensure no increase in Rushcliffe's element of Council Tax;
- c. In line with proposed changes in Levelling-Up legislation, the period for applying the Empty Homes Premium is proposed to reduce from 24 months to 12 months (as stated at Section 3.4 of the Annex) to help incentivise housing use within the Borough;
- d. Special Expenses increasing to £861k (£817k 2022/23) and taking into effect tax base changes, this results in Band D charges for West Bridgford increasing by £2.04 to £55.95 (£53.91 in 2022/23). Keyworth increases from £3.30 to £4.38 (due to rising closed churchyard maintenance costs) and Ruddington decreases from £3.82 to £3.68 as a result of the tax base increasing while costs remain the same (Section 3.5);
- e. Business Rates (Section 3.3) are still subject to significant uncertainty with the de-commissioning of Ratcliffe on Soar Power Station, the development of the Freeport and the continued delay to proposals for a review of the Business Rates system, making forecasting difficult. The Council anticipates that the reset will be delayed until 2025/26 at the earliest and has therefore set a budget of £4.905m in 2023/24 and projections for 2024/25 of £4.941m in retained Business Rates. This

reflects the closure of the Power Station and the anticipated delay in Business Rates reset. Thereafter the budget is reduced to reflect Business Rates reform;

- f. The Council no longer receives Revenue Support grant (reduced to zero in 2019/20) and represents a reduction of £3.25m from 2013/14 (Section 3.6). Importantly the Council has mitigated the loss of income through its Transformation and Efficiency Plan;
- g. For 2023/24, Councils are permitted to raise Council Tax by the higher of 3% or £5 (previously 2%); however, Council Tax has been based on an increase of just 2.2% or £3.71 for 2023/24, 2.97% in 2024/25 and £4.99 thereafter. This takes into account increases in Special Expenses. The tax base has been assumed to increase by 1.5% and 2% per annum from 2024/25;
- h. New Homes Bonus (NHB) was due to cease after 2022/23; however, in the provisional settlement it was announced that the Council would receive an additional payment in 2023/24 of £1.414m (section 3.7). It is anticipated that there will be no replacement to NHB announced before 2024/25 and therefore the budget assumes that the £1.414m will be received for two years. The additional NHB receipts are budgeted to repay MRP and therefore is not relied upon to support balancing the revenue budget;
- i. The budget reflects the significant increases in inflation offset partially by the positive effect on the Council's investment returns due to higher interest rates but also the 'windfall' of the delay in Business Rates reset, which temporarily supports the budget. The budget shows a deficit of £0.270m in 2023/24 and a surplus of £1.297m in 2024/25 followed by three years of an anticipated deficit. Over the five-year period the budget shows a net £0.298m deficit. The budget allows for 4% growth in staffing costs for 2023/24 (with salary costs rising due to a combination of meeting the minimum national living wage and job retention and recruitment issues) and 2% per annum thereafter. Fuel and utilities are expected to increase significantly with budget assumptions between 200% and 300% increases on utilities (section 2.1). These pressures demonstrate the cost-of-living challenge to the Council;
- j. It is proposed not to increase car parking charges, ensuring the Council continues to support the retail sector and encourage greater footfall (Section 3.8);
- k. Green waste charges are not proposed to increase until 2024/25 (last increased in 2020/21) to take into account inflationary pressures and the need to replace vehicles that are lower in carbon emissions;
- l. Taking into account resource predictions, spending plans and savings already identified, there is a Transformation Programme requirement of an additional £0.622m in 2023/24, rising to £1.5m by 2027/28 (Section 7);

- m. Commercial investment income will now reach £1.96m over the period of the MTFS accounting for 20.3% of fees and charges income. This is continually managed and proportionate given the risks and opportunities associated with such investments (Appendix 4, Table 14);
  - n. The Council has a number of earmarked reserves (excluding NHB Reserve), their balance largely stable over five years, slightly increasing from £8.9m to £10.1m, largely as a result of the proposed new Treasury Capital Depreciation reserve (below) and the transfer of £1m to the Regeneration and Community Projects Reserve to support Capital projects (Section 6). Retaining sufficient reserves is essential given the volatile financial environment we currently operate in (see risks highlighted below) along with the need to grow the Borough and to withstand any unexpected financial shocks. Anticipated low external funding means the Council has to future proof its resources;
  - o. A new reserve has been created; the Treasury Capital Depreciation Reserve of £1m funded by £0.8m 2021/22 and 2022/23 in-year budget efficiencies and an additional £0.2m in 2023/24. The Council faces many opportunities and significant challenges going forward and any in-year surpluses are essential to replenish reserves. This MTFS reports an estimated net deficit over the five-year period of £0.298m and the reserves will be used to smooth the impact in each year (a very small proportion of average annual net expenditure - 0.75%) (Section 5);
  - p. Key risks to the MTFS are highlighted, including the potential impact of the Fair Funding Review, NHB, the volatility caused by the aforementioned various Business Rates issues and the impact of climate change, and inflationary pressures and the contraction in demand and supply in areas such as housing, all of which can impact on both revenue and capital costs and income streams (Section 8); and
  - q. The Capital Programme demonstrates the Council's commitment to deliver more efficient services, improve its leisure facilities, and to facilitate both economic development and housing growth. Spend over the five years is estimated at £23.486m. The Council's capital resources are slowly being depleted in order to fund the Capital Programme and it is projected that capital resources will be in the region of £5.5m at the end of the five-year life of the Programme. The level of Capital Receipts will be slowly rebuilt by the repayment of capital loans but will only significantly increase if major assets are identified for disposal. External borrowing is currently not anticipated in the medium term.
- 4.3 The MTFS has been developed at a time of significant economic uncertainty with inflation at a record high and the impact on residents' cost of living a significant consideration when balancing the budget. The process has been rigorous and thorough, with a Transformation Programme that takes into account both officers' and Members' views. Whilst the Council faces financial constraints both the revenue and capital budgets delicately balance the need for efficiency and economy with the desire for growth; and the aim of encouraging economic development in the Borough, supporting the vulnerable, with the Council aiming to meet its corporate priorities.

4.4 **Annex A** is a legal requirement under Section 25 of the Local Government Act 2003, that the Council's s151 Officer authoritatively advises Members on the robustness of the budget and the adequacy of the reserves; so that they have all the relevant information available to them when making budget and Council Tax decisions.

## 5. **Alternative options considered and reasons for rejection**

There are other options in terms of increasing Council Tax by a lesser amount, but this would put severe pressure on already stretched Council resources (see Section 11). For example, comparing the difference from no increase to the maximum increase in Council Tax, in 2027/28, the Council Tax income foregone is £0.215m and over the five-year period amounts to £1.032m. Council Tax could be increased by a higher amount up to the maximum 3% but this would negatively affect Borough residents.

## 6. **Risk and Uncertainties**

Section 8 of the Annex covers key risks that may impact upon the MTFS. There are a number of reviews that due to economic and political uncertainty have been further delayed such as the Fair Funding review, Business Rates reform and NHB many of which are now unlikely to be concluded before 2025/26. In addition to the Environment Policy changes are likely to have a budgetary impact. There are significant expenditure pressures on the Council including pay and inflation and consequently the impact on, for example, leisure services and similarly a risk of falling demand with individual disposable income falling. There are also potential future limitations on Government funding for capital projects which may affect the delivery of some schemes. The Council's Regeneration and Community Projects Reserve has been increased by £1m and this should help address some of this pressure. All of these factors make longer term forecasting subject to even more uncertainty.

## 7. **Implications**

### 7.1 **Finance Implications**

These are detailed in the attached budget report (Annex B). The Council is required to set a balanced budget for the 2023/24 financial year (by use of the Organisation Stabilisation Reserve) and the proposals present a balanced budget. In the opinion of the S151 Officer, a positive assurance is given that the budget is balanced, robust and affordable. The Capital Programme is achievable, realistic, and resourced, with funds and reserves including the General Fund, adequate to address the risks within the budget.

### 7.2 **Legal Implications**

The recommendations of this report support compliance with the Local Government Finance Act 1972.

### 7.3 **Equalities Implications**

None.

#### 7.4 Section 17 of the Crime and Disorder Act 1998 Implications

None.

#### 8. Link to Corporate Priorities

Quality of Life	The budget resources the Corporate Strategy and therefore impacts upon all Council Corporate Priorities.
Efficient Services	
Sustainable Growth	
The Environment	

#### 9. Recommendation

It is RECOMMENDED that Council:

- a) accepts the report of the Council's Responsible Financial Officer on the robustness of the Council's budget and the adequacy of reserves (as detailed at attached **Annex A**;
- b) adopts the budget setting report and associated financial strategies 2023/24 to 2027/28 (attached **Annex B**);
- c) adopts the Capital Programme as set out in **Annex B, Appendix 3**;
- d) adopts the Capital and Investment Strategy at **Annex B, Appendix 4**;
- e) adopts the Council Tax Support Scheme at **Annex B, Appendix 6**;
- f) approves that the period for applying the Empty Homes Premium is reduced from 24 months to 12 months (as stated at **Section 3.4 of Annex B**) to help incentivise housing use within the Borough;
- g) sets Rushcliffe's 2023/24 Council Tax for a Band D property at £153.95 (increase from 2022/23 of £3.02 or 2%);
- h) approves the Council Tax Support Fund (CTSF) to support economically vulnerable households with up to £25 reduction in their Council Tax bills;
- i) linked to the CTSF approves further funding from RBC of around £30k to ensure anyone in Bands A to D Council Tax are given a discount, effectively resulting in no person up to a Band D paying an increase in the Rushcliffe element of Council Tax;
- j) sets the Special Expenses for West Bridgford, Ruddington and Keyworth, **Annex B, Appendix 1**, resulting in the following Band D Council tax levels for the Special Expense Areas:
  - i) West Bridgford £55.95 (£53.91 in 2022/23);
  - ii) Keyworth £4.38 (£3.30 in 2022/23);
  - iii) Ruddington £3.68 (£3.82 in 2022/23);

- k) with regards to recommendations e) and f), sets the associated Bands in accordance with the formula in section 36(1) of the Local Government Finance Act 1992; and
- l) adopts the Pay Policy Statement at **Appendix 7**.

### **Commentary of the Responsible Financial Officer**

#### **REPORT UNDER SECTION 25 OF LOCAL GOVERNMENT ACT 2003**

*(To be read in conjunction with the Council Budget Report and Annex B)*

#### **Purpose**

Section 25 of the Local Government Act 2003 requires that when considering the financial plans for the year ahead, the Council's Responsible Finance Officer reports to the Authority on the robustness of the budget and the adequacy of the reserves so that Members have authoritative advice available to them when making their budget and Council Tax decisions.

#### **Background**

Councils decide each year how much council tax they need to raise. The decision is based upon a budget that sets out estimates of what they plan to spend on each of their services.

The decision on the level of Council Tax is taken before the year begins and cannot be changed once set. It follows that an allowance for risks and uncertainties must be made by:-

- making prudent allowance in the budget for each of the services, and in addition;
- ensuring that there are adequate reserves to draw on if the service estimates turn out to be insufficient.

#### **Robustness of Estimates**

I am content that the Council has followed a comprehensive and detailed budget process when preparing the budget for 2023/24 which complies with both statutory requirements and best practice principles.

This year's budget continues to have challenges. The legacy of Covid remains exacerbated by the impact of the Russian-Ukraine conflict and the significant impact on inflation. There are rising employment costs linked to a combination of recruiting and retaining staff and implementing national pay agreements such as the National Living Wage. Energy and fuel costs have been at record high levels and in the case of energy costs forecast to remain so at least in the short term. Rising interest rates have benefitted the Council with greater investment income returns and also by being debt free not having to pay borrowing costs (which increase with higher interest rates). In the medium-term interest rates should return to lower levels as the economy recovers and inflation falls.

The Council has taken effective steps to deal with the financial pressures caused by both challenging economic conditions and Covid legacy issues, including increasing the estimates for pay and utility costs and £0.3m in contingency for other potential supplies and services inflation pressures. The assumptions within the MTFS (**Para 2.1 of the MTFS**) for 2023/24 show for example 250% increases in gas, 180% in electricity and 25% increase in diesel costs. The impact of national pay increases in 2022/23 and the 4% for 2023/24 gives a cumulative increase of around 10% in employee costs. The combination of the ongoing challenge of pay increase expectations from staff and unions due to high inflation, the national living wage and labour market supply issues means there is still significant downside risk on the budget. Every 1% pay increase amounts to around £0.14m in cost. Use of contingency or in-year budget efficiencies will mitigate this risk in the short term.

Linked to such financial pressures and to support the local community, it is proposed that the Council increases its Council Tax by 2% rather than the maximum of 3%. The impact of this is £0.3m of Council Tax foregone, over the life of the MTFS. This is not critical to the balancing of the MTFS. Furthermore the Government has enabled the use of a Council Tax Support Fund with up to £25 for those in receipt of Council Tax Support. There is also discretion to support others and it is proposed that, with the support of a further £30k from the Council, anyone in Bands A to D at 1 April 2023 has the equivalent of a payment which offsets their RBC Council Tax increase (effectively no increase in their 2023/24 Council Tax).

Council income streams have largely retained their resilience but clearly with the rising cost-of-living there are risks with reducing disposable income households may spend less on Council Services, Council Tax and Business Rates collection rates could worsen and with economic slowdown housing growth may reduce. Therefore areas such as Building Control and Planning income may fall. These are all reasons the Council has to maintain healthy levels of reserves. In times of difficulty we can therefore look to continue to provide excellent services to the Borough's residents. Positively Edwalton golf course has seen greater demand and the Council is reviewing further modernisation of the facility.

In terms of the Council's Transformation Programme delays in building Bingham Arena and Crematorium have led to a deferral in income returns but the anticipated financial benefits (notwithstanding the other socio-economic benefits) of such excellent facilities will help support the MTFS.

Despite the impact of Covid and high inflation and reduced power station business rates, levels of business rates have been maintained. The Borough Council's strategy of encouraging business and housing growth in an excellent place to live has no doubt helped. There is some uncertainty given business rates revaluations from April 2023 and there will be appeals to the Valuation Office from some businesses, some of which will be successful (this is mitigated against by having an appeals provision). The Council's retained business rates is due to be maintained at a level of around £4.9m for the next 2 years. The Government is still providing support in the form of rates relief to the retail, leisure and hospitality sectors in 2022/23 and 2023/24.

Future funding uncertainty is exacerbated by the potential changes in national policy regarding the business rates system and Fairer Funding (a proposed review for local

government already delayed by 5 years notwithstanding the potential of further changes linked to digital commerce). One of the biggest risks for the budget going forward will be an anticipated 'business rates reset' (the Government removing any business rates growth above its baseline position). The Government have stated this will not be until at least 2025/26. Prudently we have budgeted in 2025/26 for a significant reduction of around £1.6m in business rates. This is at a 'safety net' position (from 2025/26) whereby the Council is guaranteed a minimum income level by central government even if business rates fall below this, plus 100% of retained receipts from renewable energy properties.

As reported to Full Council in September 2020, the Council has a number of mechanisms at its disposal to support the budget. This approach has not changed if a financial crisis arises, before resorting to reducing service provision, namely:

- (a) identification of Transformation Programme efficiencies and the use of in-year underspends should they arise;
- (b) use of the Organisation Stabilisation Reserve and New Homes Bonus Reserve (if necessary) and not applying the Voluntary Revenue Provision in relation to the Arena;
- (c) A review of earmarked reserves and their use: where possible transfer those reserves not being applied, to the Organisation Stabilisation Reserve, as necessary, to improve resilience going forward in the event of one-off economic shocks; and
- (d) Ultimately use of its £2.6m General Fund Balance.

The Council's Transformation and Efficiency Programme are designed to meet the emerging financial challenges. The Transformation programme combined with effective financial management (resulting in previous budget savings) have ensured the Council has the capacity to use reserves, only if absolutely necessary. The Organisation Stabilisation Reserve is available to deal with any 'one-off' shocks or to assist with the costs of delivering transformation.

Given all of the challenges, the Council has responded positively to the pressures that it faces in the medium term. This has been managed through the development of a Transformation Strategy and Efficiency Programme, in conjunction with a series of Member budget workshops and update sessions over the past few years. The Transformation and Efficiency Programme (detailed at **Annex B, Section 7**) identifies the Council's approach to meeting its saving requirement. Over the MTFs period there is a small projected budget deficit of £0.298m.

A positive budget position will prevail as long as the Council continues its cost control and income generation measures (including fees and charges and Council Tax). The Council continues to identify efficiencies for example, to reduce Councillor Community grants from £40k to £20k and remove the Young Programme, an £82k saving by 2024/25, as well as a number of income generation schemes. This all supports budget efficiencies assimilated from more significant projects such as Bingham Arena and the Crematorium, due to open imminently in 2023.

Going forward we cannot be complacent, there are significant financial challenges that lie ahead as a result of the unprecedented pandemic and the likely economic scarring that will result. As a Council we will continue to grow the Borough, galvanising the borough's high streets, and playing an active role in significant economic development projects such as the Freeport and Development Corporation on the Radcliffe-on-Soar power station site. The impact of devolution is expected to realise opportunities for Rushcliffe. Future financial reports and budgets will reflect the changing position with regards to this work.

As well as uncertainty regarding risks such as inflation, business rates and Fairer Funding reforms additional challenges arise from likely expenditure pressures linked to addressing climate change and the Climate Change Action Plan. There is the £0.8m Climate Change Reserve and the Council is also looking to leverage external funding where it can. A good example of this is the expected £1.2m Salix funding to assist with energy efficiency measures at Cotgrave Leisure Centre and improvements for Keyworth Leisure Centre (**para 9.2 (e) of the MTFS**) There is also a Vehicle Replacement reserve due to reduce to £0.4m by 2027/28 (£1m originally allocated) that will help the Council manage such risks.

Both the MTFS and the Transformation Strategy are iterative in their nature and will evolve over time to respond to, for example: changes in funding levels; the impact of the national economic climate; changes in government legislation; and developing corporate and service objectives.

### **Adequacy of Reserves**

Reserves are held for two main purposes:

- a working balance to help cushion the impact of uneven cash flows and unexpected events or emergencies (General Fund balance); and
- to build up funds to meet known or predicted requirements (earmarked reserves).

Whilst there is no statutory guidance on reserves, the Chartered Institute of Public Finance and Accountancy (CIPFA) recommends that each local authority should base its decisions on professional advice from its Responsible Finance Officer and its understanding of local circumstances.

Taking into account such considerations in October 2011 the Cabinet approved as part of its MTFS, the following guiding principle:

*“General Fund Balance should not fall below £1.25m and overall revenue reserves should not fall below 20% of net revenue expenditure.”*

This remains a prudent position which I do not recommend changing at this time. Given the significant risks outlined above, such prudence is enabling the Council to navigate its way through a challenging period. A General Fund Reserve of £2.6m and

earmarked reserves of around £8.9m-£10.1m (excluding NHB) ensures this principle continues to be adhered to. The new Office for Local Government (OFLOG) are due to look at local authority reserves, clearly every council will have a different risk profile and therefore levels of reserves.

There is a direct link between reserves and risks (both upside and downside risk). **Annex B, Section 8** highlights key risks with regards to the MTFs. One example is the fact that the Council appears increasingly less likely to gain Government funding (for example no funding received from either Levelling-up or Gypsy and Traveller schemes), given Rushcliffe is recognised for being a more economic and socially advantaged area. We still as a Council have a duty to protect our more vulnerable and continue to grow and improve the Borough. Therefore, it is proposed that a further £1m is appropriated to the Regeneration and Community Fund. Due to treasury investment risks as a result of the current economic environment a further £1m reserve is proposed– the Treasury Capital Depreciation reserve. This has been reported to Cabinet separately and Corporate Governance Group.

Having 1 year settlements in each of the last five years (having previously had a 4 year settlement) makes financial planning difficult. We mitigate this risk by taking a prudent approach in our assumptions. Whilst we know we no longer receive Central Government Revenue Support Grant (RSG), there is still a lack clarity on what will happen once the New Homes Bonus (NHB) scheme finishes although further information is expected later this year. NHB is currently budgeted for the next 2 years. We remain hopeful there will be a new scheme and, as a Borough committed to growth, we should benefit from such a scheme. We believe this funding is particularly important to not only reward the Council with regards to delivering housing growth but also to fund the cost of increased service provision as a result of growth. We will continue to make such representations to the Department for Levelling-Up Housing and Communities (DLUHC).

The Freeport (and Development Corporation (DevCo)) is a big opportunity for economic development at this site and the earmarked reserve will ensure the Council supports the initial business case development and plays an active role as key decisions are taken for the benefit of the local community. 2023/24 is the last of the 3 year allocation to the DevCo and further updates regarding its progress are expected in the forthcoming financial year. The Council will look to continue to support local businesses, applying central government policy with regards to business rates relief, and business support grants, albeit the long-term viability of the business rate system is in question. Furthermore, the Council is proposing not to increase car parking charges in 2023/24 to help ensure Rushcliffe has the environment for businesses to thrive and, as lockdown is eased, will continue to proactively support both businesses and the wider community.

It is important the Council retains its level of reserves given that there are heightened risks: the impact of Covid; the future funding of local government; changes in legislation such as with Planning and environmental services (waste collection); and the challenges that addressing climate change brings. Positively the Council is largely self-sufficient in terms of its funding streams although we will pay particular attention to what happens to NHB and Business Rates.

The amount of Council Tax raised will, to a large extent, be dependent on the realisation of our Local Plan housing targets. For 2023/234 the tax base is estimated to increase by 1.5% and thereafter 2% per annum. The ultimate intention is to realise opportunities for growth in the Borough, in both the business and housing sectors, as the Council aims to deliver excellent value for money for the community.

As detailed at **Annex B, Section 6**, the MTFs which supports this budget is predicated upon use of reserves (particularly the New Homes Bonus Reserve) to support service expenditure and to deliver investment across the Borough. Whilst the New Homes Bonus scheme in its current form is due to end after 2022/23, the use of the remainder of the NHB reserve is profiled and committed to fund the council's Minimum Revenue Provision (MRP) commitment (**Section 3.7 of Annex B**) over the life of this MTFs and beyond. In particular to fund the remaining commitment for the Arena of £3m (from what was originally £10m).

The Council, due to its level of cash balances, is not planning on externally borrowing in the medium term and therefore not incurring the additional cost of borrowing. The Council still retains an ambitious capital programme (£23.5m over 5 years) to deliver its corporate objectives. The excellent projects in particular to be delivered in 2023/24 include leisure centre upgrades, vehicle replacement, ICT development, and for the more vulnerable in the community, investment in Hound lodge, support for registered housing and disabled facilities grants. It is investment across the Borough and for a wide range of groups within the Borough.

Despite the impact of Covid and inflationary pressures, Rushcliffe maintains a relatively robust financial base. Once capital demands have been met, overall revenue reserves (excluding retained New Homes Bonus) are planned to remain at a stable level over the period of the MTFs. Undoubtedly such demands both those identified now as well as future requirements beyond the life of the MTFs will put pressure on such balances in the future and going forward. The Council will continue to identify 'headroom' within the revenue budget to fund the capital programme (the £1m in the Regeneration and Community Projects Reserve exemplifies this philosophy) unless other capital funding streams are identified. Such issues will be considered as the MTFs perennially evolves. As such the MTFs represents a balanced approach to meeting the financial challenges that face the Authority.

The Council is committed to investing in capital within the borough and no longer focuses on acquiring properties with the primary objective of a commercial return. Importantly the Council still remains committed to a commercial approach and maximising value for money from the use of its assets for the benefit of all Rushcliffe residents. The governance and management of asset investments, both individually and collectively remains important and that the Council has a diversified and proportionate asset investment portfolio to mitigate against adverse risk. The Capital and Investment Strategy refers (**Annex B, Appendix 4, Table 14**). This identifies £1.83m in gross income being generated from commercial investments expected to rise to £1.96m by 2027/28. The key point is that the Council has a range of such income streams and is not overly reliant on one source of income. It manages such risks proportionately and sensibly with investment income accounting for around 20% of fees and charges income.

The Council has had the results from the Pensions Fund triennial review (**Section 2.1 (c) of the MTFS**). Overall pension budget pressures have not increased. We continue to remain vigilant regarding this risk.

The Council is largely self-sufficient and no longer in receipt of RSG. The Council and community has shown resilience in the face of the Covid pandemic and current cost of living issues. The budget is financed from Council Tax, Business Rates and rents, fees and charges. The proposed budget demonstrates both financial sustainability and resilience, which CIPFA are increasingly focusing upon given the unprecedented financial challenges the local government sector (indeed all sectors) continue to face. I am not complacent regarding the Council's position. I remain confident in the ability of the Council to deliver its corporate priorities, as a new Corporate Plan is developed after the local elections in 2023/24, and that it will continue to be financially astute and agile to deliver the Corporate Plan.

Previous achievements with regards to the Transformation Strategy and Programme provide reassurance that the budget requirement will be met in a sustainable manner.

In conclusion, therefore, it is my opinion that the budget proposed in this report, and the sundry strategies which support it, are properly developed and provide an appropriate approach for meeting the significant financial challenges and funding risks facing the Authority at this time.

## **1. INTRODUCTION AND EXECUTIVE SUMMARY**

### **1.1 Introduction**

Following two difficult years through the Covid pandemic, the war in the Ukraine has further exacerbated the negative impact on the economic environment which remains volatile and consequently has increased the cost of living globally. Inflation is at an unprecedented high and is expected to remain elevated during the medium term, causing significant pressure on the Council's budget. The Council's Medium Term Financial Strategy (MTFS) supports the delivery of the Council's corporate strategy by firstly seeking to ensure that the Council remains financially resilient and able to deliver the services it must by law; secondly to ensure the resilience of the budget in a time of increased costs and reduced consumer activity; thirdly to ensure that the Council continues to develop and grow the Borough and focus on supporting economic development; fourthly maintain discretionary services valued by the residents; and finally support the Council's environmental targets. For the fifth year, the Council has again received a one-year settlement providing certainty for 2023/24 only. Financial planning becomes more difficult with less certainty and more risk.

There are a number of reforms in the pipeline such as Business Rates, New Homes Bonus (NHB) and Fairer Funding Reviews which will now not materialise until 2025/26, at the earliest. The anticipated delay in the Business Rates Reset in the short term, provides temporary support to the budget as the Council retains its Business Rates growth. The Council's prudent approach to maintaining an adequate level of reserves will help mitigate against such risks.

The Council is mostly self-sufficient however current budgetary pressures mean difficult decisions; balancing the funding position with the impact that rising costs is having on residents. Inflation and national pay negotiations have had a significant impact on the Council's budget and, in balancing this, some charges for discretionary services must also be increased. Further prudence is also required with regards to looking at efficiencies in relation to discretionary services.

Regarding Business Rates there is an impact specifically in 2023/24 and 2024/25 in relation to the power station which will reduce rates in both years ultimately down to zero from 2024 when the facility will close in line with Government policy. A combination of business growth in the borough and the delay to the rates reset does somewhat cushion the effect of the power station closure meaning that the financial impact of lost rates is less challenging. The Development Corporation and the Freeport on the power station site provide excellent opportunities for economic growth and promotes a key gateway for development within the Borough. The Council remains sustainable due to its range of income streams, including Council Tax, commercial property income, and fees and charges, with a proportionate approach to generating income. However, there is a risk to income generation with the current cost of living challenges, as household incomes contract so may expenditure on Council services; therefore healthy reserves and revenue contingency are essential to ensure temporary variations can be absorbed.

There remain significant risks going forward and therefore the Council has taken a prudent course of action with reserves (excluding New Homes Bonus) to remain at £8.9m to £10.1m over the term of the MTFS at a period when the potential for adverse financial risk

remains significant. NHB has been confirmed to continue for 2023/24 and is assumed, in this MTFs, to continue for 2024/25 (this being assumed as the final year). Many of the reserves are to support ongoing maintenance of Council assets. Any scope to increase reserves, for both opportunities to deliver the Council's corporate priorities and to mitigate against adverse future financial risk, will be taken. This budget proposes the creation of a new reserve - the Treasury Capital Depreciation Reserve of £1m and this has previously been reported to Cabinet. This reserve will mitigate the potential impact of negative variations on the value of the Council's treasury capital investments potentially from April 2025. This is included as part of the Council's Treasury Management Strategy (Appendix 4) scrutinised by the Governance Scrutiny Group.

In recent years, the Council has recently been unsuccessful for two bids for Government funding to support capital projects (Levelling Up Funding and Gypsy and Traveller site funding). Arguably the Borough has been a victim of its own success with government funding directed to what are perceived as more deprived areas. The ability of the Council to leverage external funding is less likely and the Council has to be prepared to fund future core service capital commitments. The Regeneration and Community Projects reserve is to increase by a further £1m, given the likely lack of external funding and the Council's imperative of not having external debt (and the associated costs of such debt). The Council continues to focus on growth, significantly investing in capital and averting the need to borrow.

The Council has, over the last few years, invested significantly in capital within the Borough. Two major projects will have been completed by 2023/24: Bingham Leisure Hub and the Rushcliffe Oaks Crematorium. The Capital Programme remains vibrant with a value of £23.4m to 2027/28. Going forwards, significant schemes remain focussing on Leisure Centre upgrades, Vehicle Replacement, Support for Registered Housing Providers, Disabled Facility Grants, and the potential Compulsory Purchase Order to acquire Flintham Mess for housing development. These, and other capital schemes in the programme, demonstrate the Council's commitment to economic growth, meeting challenging housing targets, supporting the vulnerable and improving both leisure facilities and the environment. During 2022/23 the Council brought Streetwise back in-house and efficiencies from this project have been incorporated into the Council's Transformation Programme targets (along with a number of other efficiency measures) to ensure there are sufficient resources to deliver core services and discretionary services can continue. This amounts to over £1.5m up to 2027/28.

The Council remains committed to ensuring properties are brought into use for residents. Four years ago the Council introduced a scheme to levy a 100% premium on properties that have been empty and unfurnished for over 2 years. The Levelling Up and Regeneration Bill allows Councils to reduce the time period the property has been empty and unfurnished from 24 months to 12 months prior to levying the premium. This strategy proposes that this is supported for Rushcliffe residents (subject to legislation).

In response to the funding pressures facing many councils nationally, the Government have raised the referendum principles for districts in 2023/24 to the higher of 2.99% or £5 (£5.05 at 2.99%). The Council's budget for 2023/24 proposes an increase in Council Tax of 2% to £153.95 with the recommended increase being £3.02. This will give an average Band D Council Tax increase of less than 6p per week, ensuring Rushcliffe's Council Tax remains amongst the lowest in the country (and the lowest in Nottinghamshire)

and an increase well below inflation. Whilst this reduces the Council's Core Spending Power (CSP) as assumed by Government (and therefore anticipated funding need) it acknowledges the cost-of-living challenges that the Council's residents are facing but also balances Council resources to ensure they remain sufficient so we continue to deliver excellent services to Rushcliffe residents now and in the future; and importantly projected funding levels and reserves are sufficient to protect the Council against unexpected financial shocks. This is essential given the risks and uncertainty that prevails in the current financial environment exemplified by recent international events including Covid and the Russia -Ukraine conflict and resulting inflationary pressures.

The Government have announced a Council Tax Support Fund (£123k for Rushcliffe) to allow local authorities to support more economically vulnerable households (those in receipt of Local Council Tax Support) with up to £25 reduction on their Council Tax bill. The Council is also proposing a further £30k from its own resources to further discount Council Tax bills for properties in bands A to D with the equivalent of the Council Tax increase for 2023/24 (£3.02 for a band D). This means that vulnerable households, and **households in bands A to D, will see no increase in their Council Tax bill in 2023/24**. Details of the proposed scheme can be found at Appendix 6. It should be noted that those households in bands E to H will pay an average of an additional £4.78 per annum or around 9 pence per week.

The future uncertainty particularly in relation to pay and inflation, reduced funding and Government reforms makes setting a balanced budget challenging. The associated financial strategies continue the progress made in recent years to ensure that the Council's financial plans are robust, affordable, and deliverable. Despite many councils reporting significant budget deficits, this MTFS is balanced and designed to ensure we maintain high quality services for current and future generations, a budget that is both financially and environmentally sustainable. Given the financial challenges, the net budget position over 5 years shows a manageable projected deficit of £0.298m (a proportionately small 0.75% of annual gross expenditure).

## 1.2 **Executive Summary**

This report outlines the Council's Medium Term Financial Strategy (MTFS) through to 2027/28 including the revenue and capital budgets, supported by a number of key associated financial policies alongside details of changes to fees and charges. Some of the key figures are as follows:

	<b>2022/23</b>	<b>2023/24</b>
RBC Precept	<b>£6.850m</b>	<b>£7.092m</b>
Council Tax Band D	<b>£150.93</b>	<b>£153.95</b>
Council Tax Increase	<b>2.42%</b>	<b>2.00%</b>
Retained Business Rates	<b>£3.958m</b>	<b>£4.905m</b>
New Homes Bonus	<b>£1.587m</b>	<b>£1.414m</b>
Reserves (at 31 March)	<b>£15.8m</b>	<b>£18.4m</b>
Capital Programme	<b>£14.611m</b>	<b>£9.6m</b>

<b>Special Expenses</b>	<b>2022/23</b>	<b>2023/24</b>	<b>Increase/ (Decrease) £</b>	<b>Increase/ (Decrease) %</b>
Total Special Expense Precept	<b>£816,700</b>	<b>£860,700</b>	<b>44,000</b>	<b>5.39%</b>
West Bridgford	<b>£53.91</b>	<b>£55.95</b>	<b>2.04</b>	<b>3.78%</b>
Keyworth	<b>£3.30</b>	<b>£4.38</b>	<b>1.08</b>	<b>32.73%</b>
Ruddington	<b>£3.82</b>	<b>£3.68</b>	<b>(0.14)</b>	<b>(3.66%)</b>

- 1.3 The Local Government Act 2003 introduced a requirement that the Chief Financial Officer reports on the robustness of the budget. The estimates have been prepared in a prudent manner, although it should be recognised that there are a number of elements outside of the Council's control. A number of risks have been identified in Section 8 of this report and these will be mitigated through the budget monitoring and risk management processes of the Council.

## 2. BUDGET ASSUMPTIONS

### 2.1 Table 1 - Statistical assumptions which influence the five-year financial strategy

Assumption	Note	2023/24	2024/25	2025/26	2026/27	2027/28
Budgeted inflation						
Gas	a	250.00%	5.00%	5.00%	5.00%	5.00%
Electricity	a	180.00%	5.00%	5.00%	5.00%	5.00%
Diesel	a	25.00%	0.00%	0.00%	0.00%	0.00%
Contracts	a	10.00%	10.00%	10.00%	10.00%	10.00%
Pay costs increase	b	4.00%	2.00%	2.00%	2.00%	2.00%
Employer's pension contribution rate	c	18.50%	18.50%	18.50%	18.50%	18.50%
Return on cash investments	d	4.50%	4.00%	3.00%	2.50%	2.50%
Tax base increase	e	1.50%	2.00%	2.00%	2.00%	2.00%

#### Notes to Assumptions

- a) Historically the expectation was that the Council's managers deliver services within cash limited budgets which require them to absorb the cost of inflation (with the exception of contracts). However, with the level of inflation at a significant high, particularly on utilities and contracts linked to RPI/CPI, inflation has been included in the budget where necessary in line with inflation forecasts. A £0.3m contingency is in place to manage adverse budget variances. The diesel budget is, by its nature, volatile and no further increase to the budget is anticipated after 2023/24.
- b) Payroll projections have increased due to upward pressure on National Living Wage and pay negotiations which also include the agreed pay award for 2022/23 of £1,925 per employee. The budget assumes a further 4% in 2023/24 and 2% thereafter.
- c) The Council has received its triennial valuation of the pension fund for the period 2023/24 to 2025/26. This has resulted in an increase to the employer's contribution rate to 18.5% (from 17.9%) but a reduction in the estimated annual deficit payment (to meet historical pension liabilities) from £0.976m per annum to £0.84m, £0.72m, £0.6m in 2023/24, 2024/25 and 2025/26 respectively. The Council has in the past chosen to prepay the deficit however for this triennial valuation the saving from prepaying the deficit is £125k over 3 years. As interest rates are currently high, the lost opportunity cost from investing the funds would balance out any saving from prepaying the deficit and therefore this option does not make financial sense.

- d) Cash investment returns are based on projections consistent with the Council's Capital and Investment Strategy. The Bank of England Base rate has been steadily increasing and at the time of writing is at 4%. This is expected to continue to rise in 2023/24 and then reduce gradually from 2024/25 onwards.
- e) Due to the slow-down in build completions, the tax base has been recalculated for 2023/24. The projections include an increase of 1.5% with later years reflecting normal anticipated growth in housing within the Borough at 2%.

### 3. FINANCIAL RESOURCES

- 3.1 The proposals for Local Government funding (i.e., Fairer Funding and Business Rates) delayed by covid, have been further impacted by the current economic climate and political uncertainty. It has not yet been announced when the review take place, but it is assumed this will not be before 2025/26. Likewise, it is assumed that the earliest a business rates reset would take place is from 2025/26. The results of the consultation on New Homes Bonus (undertaken in 2021) has not yet been announced, however, the 2023/24 settlement confirmed that the Council will receive an additional £1.414m for a single new year payment. For the purposes of the MTFS this has been assumed to continue for 2024/25 (a further announcement is due in 2023). The NHB for both 2023/24 and 2024/25 has been reflected as an increase to reserves (to fund MRP) rather than used to balance the 2023/24 budget. Delays to the reforms continue to add further uncertainty over funding within the period of this MTFS with only one year of funding currently certain and makes planning for the medium term even more difficult.
- 3.2 This section of the report outlines the resources available to the Council: Business Rates, Council Tax (RBC and Special Expenses), Revenue Support Grant, New Homes Bonus, Fees, Charges and Rents, and Other Income.

#### 3.3 Business Rates

The Business Rates receipts for 2022/23 stabilised following a period of uncertainty through Covid. Additional reliefs such as retail, hospitality and leisure are now included in the estimated net rates and S31 grants which makes budgeting easier. The revaluation of Business Rates will apply from April 2023 which affects the net rates received and retained by the Council. Government have made compensating adjustments to the Council's baseline funding and tariff which aims to ensure a net nil revenue impact for the Council (although the actual impact may not be, for example some businesses will be appealing against their valuation).

The Council ordinarily makes assumptions reflecting national experience of successful ratings appeals and for this year will continue to use the national average appeals percentage to calculate the provision required. The national average included in the settlement is 3.3% (previously 4.7%) and this is reflected in the Council's budget for retained Business Rates.

Covid had impacted the progress on the Government's proposals for structural financial reform however due to political uncertainty in the last year it now appears unlikely that any reforms will not be implemented until at least 2025/26.

Following a successful appeal last year and the revaluation 2023, the Ratcliffe-on-Soar Power Station now accounts for a much smaller proportion of the tax base at 2.7% (£0.77m) with the Council's exposure around £0.31m. The Power Station is expected to cease production in 2024 and the Council has budgeted for the reduction in income in 2023/24 and to zero in 2024/25. Positively business rates growth has continued within the Borough ensuring the impact of power station rates reductions have been more than mitigated.

The forecast for 2025/26 allows for a full reset of Business Rates (by central government) with the budget set at safety net (the minimum that the Council would receive in Business Rates receipts) plus 100% retained receipts from Renewable Energy properties. Hence in 2025/26 there is an anticipated reduction of £1.5m.

There remains a challenge in setting the Business Rates budget, notwithstanding the closure of the Power Station, the added complication regarding the Freeport and retention of growth and regulations setting the baseline are expected to be released soon. This will determine the growth that will be retained by the Freeport. The expectation is that there will be a 'no detriment' agreement meaning that the Council will receive business rates growth as it ordinarily would without the Freeport, after business rates resets.

The Collection Fund is estimated to be in deficit by £0.822m (RBC share £0.329m) at the end of 2022/23 following repayment of the majority of the deficit created as a result of additional Covid reliefs in 2020/21 and 2021/22. The recovery of the deficit is included in the 2023/24 net budget position and is offset by a release from the Collection Fund Reserve which was created during 2020/21 and further increased in 2021/22 from S31 grants received to compensate for the additional reliefs.

As in previous years, we show no surplus from the Nottinghamshire Business Rates Pool as a prudent assumption. From 2025/26 onwards, if a new system of Business Rates is in place, a new pooling agreement is likely to be required to determine, for example, the relevant tier split between districts and Nottinghamshire County Council.

The forecast position on Business Rates is shown below.

**Table 2 Business Rates**

<b>£'000</b>	<b>2022/23</b>	<b>2023/24</b>	<b>2024/25</b>	<b>2025/26</b>	<b>2026/27</b>	<b>2027/28</b>
Retained Business Rates	<b>(3,958)</b>	(4,905)	(4,941)	(3,371)	(3,438)	(3,507)
Increase/ (reduction)	1,138	<b>947</b>	<b>36</b>	<b>(1,570)</b>	<b>67</b>	<b>69</b>
Increase/ (reduction)	40%	<b>24%</b>	<b>1%</b>	<b>(32%)</b>	<b>2%</b>	<b>2%</b>
Forecast Business Rates (Surplus)/deficit and central pool surplus	<b>4,317</b>	329	0	0	0	

Sensitivity Analysis

There is uncertainty surrounding Business Rates from 2025/26 and therefore the budget assumes full reset removing Business Rates growth resulting in a drop in income (safety net plus Renewable Energy receipts). However, there is an upside risk that the reset will see the baseline set at lower levels than expected meaning there would be the benefit of higher growth, the amount we could budget for ranging from £3.8m to £4.1m. We have therefore assumed for the MTFs that the Council will receive the minimum income (safety net plus renewable energy) for the remainder of the MTFs as a result of the Power Station closure and the reset. The Central and Best-case scenarios allow for a small amount of retained growth dependent upon the level of baseline at a reset. The graph below shows the potential variations in receipts (dependent upon estimated receipts from the Nottinghamshire pool surplus in 2023/24) over the MTFs with the uncertainty in later years reflected in budgeted assumptions remaining equal for all scenarios.

page 35

### 3.4 Council Tax

The Council no longer receives any Revenue Support Grant and is anticipating other income streams such as New Homes Bonus to reduce to zero by 2025/26 and aside from the additional funding for 2023/24 and 2024/25 (see section 3.7 below), there has not yet been any announcement on the results of the recent consultation regarding any future ongoing funding. The Government has assumed in future funding projections that Councils will take up the offer of increasing their Council Tax by the higher of 2.99% or £5 for a Council Tax Band D (increased from 2%). The overriding Rushcliffe principle is that the Council aims to stay in the lower quartile for Council Tax. The Council has also acknowledged the challenging financial environment being faced by its residents and has therefore set its Council Tax increase at 2% £3.02 (for the borough proportion). The Council is required to take into account Special Expenses when assessing increases against the referendum limit and together both the Special Expenses and Borough increase totalling £3.71 or 2.2% rather than the maximum assumed increase of 2.99% or £5.05. We have assumed an increase in Council Tax of £3.82 (2.2%) in 2024/25, and thereafter £4.99 each year. A Council Tax freeze would result in a reduction of £200k in revenue. The 2023/24 increase of 2% is significantly below 2022/23 inflation levels.

The Government have announced a Council Tax Support Fund to allow local authorities to support vulnerable households with up to £25 reduction on their Council Tax bill. After applying the discounts in line with the government's recommended scheme the Council propose to use the remaining balance of funding, supported by an additional £30k of the Council's own resources, to further discount council tax bills for properties in bands A to D with the equivalent of the Council Tax increase for 2023/24 (£3.02 for a band D). This means that vulnerable households, and households in bands A to D, will see no increase in their Council Tax bill in 2023/24. Details of the proposed scheme can be found at Appendix 6.

The 2023/24 tax base has been set at 46,068.4 (an increase of 1.5%). The projections for 2023/24 have been based upon the current Council Tax base. Anticipated growth during 2023/24 has been calculated and included in the projections and thereafter we have assumed a 2% increase per annum. This will be reviewed as the Council looks to deliver its housing growth targets.

Due to Covid, the Government introduced regulations so that councils could 'spread' any Council tax deficit over 3 years. Overall, this was £1.4m (the Council's exposure approximately £0.15m) which was subsequently spread over the three years 2021/22 to 2023/24 (£51k per annum). This is the final year of the deficit spread and including in-year variances (actual against anticipated surpluses or deficits) to be recovered in 2023/24 the overall net deficit is expected to be £0.177m.

The budget includes £24k grant income in 2023/24 (released from reserves) to offset 2020/21 losses which were subject to spreading over 3 years.

The movement in Council Tax, the tax base, precept, and the Council Tax Collection Fund deficit are shown in Table 3 below.

**Table 3. Council Tax**

	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28
Council Tax Base (a)	45,387.60	46,068.40	46,989.80	47,929.60	48,888.20	49,865.90
Council Tax £:p (b)	£150.93	£153.95	£157.73	£162.72	£167.71	£172.70
£ Annual Increase (RBC element)	£3.57	£3.02	£3.78	£4.99	£4.99	£4.99
% increase	2.42%	2.00%	2.46%	3.16%	3.07%	2.98%
Gross Council Tax collected (a x b)	(6,850,173)	(7,092,200)	(7,411,700)	(7,799,100)	(8,199,000)	(8,611,800)
Increase in Precept	£ 328,078	£ 242,027	£ 319,500	£ 387,400	£ 399,900	£ 412,800
Council Tax(Surplus)/Deficit	£47,600	£177,000	£0	0	0	0

page 37

The Council introduced a scheme to levy a 100% premium on properties that have been empty and unfurnished for over 2 years on 01/04/2019. This is part of the Council's aim to incentivise housing use for residents. The Levelling Up and Regeneration Bill allows Councils to reduce the time period the property has been empty and unfurnished to 12 months prior to levying a premium. It is proposed to implement the revised rules from 01/04/2024 subject to levelling-up bill legislation being passed, meaning that all unoccupied and unfurnished properties will attract a premium after one year. This will bring them in line with furnished properties that are not occupied as a main home (called second homes) which also attract a premium after one year. A review of empty properties is planned for scrutiny in 2023/24.

### 3.5 Special Expenses

The Council sets a special expense to cover any expenditure it incurs in a part of the Borough which elsewhere is undertaken by a town or parish council. These costs are then levied on the taxpayers of that area. As with 2022/23, special expenses will be levied in West Bridgford, Ruddington and Keyworth.

**Appendix 1**, summarised in Table 4, details the Band D element of the precepts for the special expense areas. Special expense Band D tax amounts have decreased in Ruddington due to an increase in tax base whilst costs have remained broadly the same. The Band D amount for Ruddington has decreased by £0.14 (-3.7%). Expenditure in West Bridgford has increased due mainly to annuity charges for historical works in West Bridgford and increases in utilities. There is an overall net increase to West Bridgford of £41k and an

increase in the Band D charge of £2.04 (3.78%). Costs in Keyworth have risen by £3.5k, mainly due to annuity charges for works to the cemetery. This equates to a 32.8% increase (£1.08).

The budgets for the West Bridgford Special Expense area have been discussed at the West Bridgford Special Expenses and Community Infrastructure Levy group, given the more detailed nature of the budget.

**Table 4 Special Expenses**

	2022/23		2023/24		% change
	Cost	Band D	Cost	Band D	
	£	£	£	£	
West Bridgford	796,400	53.91	836,900	55.95	3.78
Keyworth	9,200	3.30	12,700	4.38	32.73
Ruddington	11,100	3.82	11,100	3.68	-3.66
<b>Total</b>	<b>816,700</b>		<b>860,700</b>		

page 38

3.6 Revenue Support Grant (RSG)

The Council no longer receives any RSG and this equates to £3.25m in lost income. The Council has mitigated the impact of this loss largely through its Transformation Strategy and Efficiency plan.

3.7 New Homes Bonus

The New Homes Bonus (NHB) scheme was intended to give clear incentive to local authorities to encourage housing growth in their areas. The Government will cease the New Homes Bonus (NHB) scheme, anticipated to be 2023/24, however it has been announced that it will continue for at least one further year with the assumption in this MTFs now that 2024/25 will be the final year. The outcome of the 2021 consultation and any potential replacement for the scheme has not yet been announced therefore the Council has assumed zero from 2025/26 depicted in the table below.

**Table 5 – New Homes Bonus**

	2022/23 £'000	2023/24 £'000	2024/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000
New Homes Bonus Received in Year	(1,587)	(1,414)	(1,414)	0	0	0

3.8 Fees, Charges and Rental Income

The Council is dependent on direct payment for many of its services. The income, from various fees, charges, and rents, is a key element in recovering the costs of providing services which, in turn, assists in keeping the Council Tax at its current low level. Some fees and charges have been increased to offset increased cost caused by higher-than-normal inflation and pay increases although limiting these in areas for the more vulnerable.

The Fees, Charges and Rental Income budget is shown in Table 6.

**Table 6 – Fees, Charges and Rental Income**

	2022/23 £'000	2023/24 £'000	2024/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000
Car Parks	(852)	(894)	(894)	(894)	(894)	(894)
Licences	(275)	(304)	(304)	(304)	(304)	(304)
Non Sporting Facility Hire	(123)	(142)	(142)	(142)	(142)	(142)
Other Fees & Charges	(618)	(1,521)	(1,517)	(1,552)	(1,552)	(1,552)
Planning Fees	(1,317)	(1,497)	(1,497)	(1,497)	(1,497)	(1,497)
Rents	(1,922)	(2,052)	(2,114)	(2,145)	(2,182)	(2,182)
Service Charge	(353)	(547)	(549)	(550)	(552)	(552)
Sale of Waste Bins	(1,400)	(1,400)	(1,587)	(1,587)	(1,587)	(1,587)
Crematorium Income	(306)	(790)	(866)	(945)	(1,028)	(1,113)
<b>Total</b>	<b>(7,166)</b>	<b>(9,147)</b>	<b>(9,470)</b>	<b>(9,616)</b>	<b>(9,738)</b>	<b>(9,823)</b>

Income assumptions are determined by a number of factors including current performance, decisions already taken and known risks and opportunities.

The budget for Other Fees and Charges increases in 2023/24 due to the re-integration of Streetwise (the Council's trading company) services back into the Council, along with its income from external customers. From 2024/25 onwards, estimated income increases due to the new Crematorium which is expected to open in early 2023.

Garden Waste is normally increased on a cyclical basis every 3 years (last increased in 2020/21) and the next planned increase is 2024/25. This takes account of future inflation and potential pressures linked to the environmental agenda which is likely to further increase costs such as vehicle purchases. Future increases will need to be considered and agreed by Members.

There have been no further increases assumed for car parking charges as the Council continues to support local businesses and their recovery in a post Covid world and the impact of the cost-of-living challenge.

Except where current or previous decisions will affect future income yields, the MTFS does not make any provision for future inflationary increases in fees and charges, although as the levels of inflation are significantly higher than normal, this will be kept under review for future years' budgets. We will continue to balance the cost of providing services, the local economy, service market position and the ability of residents to pay. Anticipated income from commercial property investment forms part of the Council's Transformation Strategy and Efficiency Plan, these rents have been budgeted to increase in-line with contractual rent reviews.

### 3.9 Other income

In addition to fees and charges, the Council also receives a range of other forms of income, the majority of which relates to Housing Benefit Subsidy (£12.285m) which is used to meet the costs of the national housing benefit scheme. Over recent years the subsidy has reduced due to the transfer of new claimants to Universal Credits and this is expected to continue to decline over the coming years. Other Income is shown in Table 7 the majority of which is the Leisure Services contract. Interest on investments reflect assumptions based on balances available to invest and expected interest rates (see Appendix 4) and is forecast to increase in 2023/24 due to rising interest rates, reducing in later years.

\*'Other Income' in Table 7 shows an increase year on year which reflects the planned receipts from the Leisure Contract to include Bingham Hub which is scheduled to open in March 2023. Homelessness Prevention funding makes up a large proportion of the Other Government Grants line below (£173k).

**Table 7 – Other Income**

	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28

Transfers From Reserves	(2,619)	<b>0</b>	0	(485)	0	0
<b>Total Income</b>	<b>(38,717)</b>	<b>(39,471)</b>	<b>(40,013)</b>	<b>(37,450)</b>	<b>(37,535)</b>	<b>(38,098)</b>

\* Services Grant (£93k) is the third year of a new grant with the purpose of supporting services such as leisure services and looks to partially rebalance the impact of the loss of New Homes Bonus. The Lower Tier Services Grant has been replaced with Minimum Funding Guarantee intended to ensure local authorities see an increase of at least 3% in their Core Spending Power - for Rushcliffe this amounts to £0.33m for the next two years. Local Council Tax Support admin subsidy and Family Annex Discount have been 'rolled in' (£83k) to the specific grant funding. The 2023/24 budget also includes £123k for the Council Tax Support Fund (see paragraph 3.4)

## 4. **2023/24 SPENDING PLANS**

4.1 The Council's spending plans for the next five years are shown in Table 9 and take into account the assumptions in Section 2. As Transformation Programme Savings/Growth projects are delivered (e.g., Bingham Hub and the Crematorium) the spending profile will change.

**Table 9 – Spending Plans**

	2022/23 £'000	2023/24 £'000	2024/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000
Employees	11,437	<b>14,521</b>	14,478	14,605	14,872	15,247
Premises	1,144	<b>1,712</b>	1,738	1,778	1,819	1,857
Transport	1,030	<b>1,760</b>	1,762	1,767	1,773	1,776
Supplies & Services	4,220	<b>5,080</b>	4,928	5,099	5,054	5,243
Transfer Payments	13,219	<b>12,410</b>	12,312	12,312	12,312	12,312
Third Party	2,915	<b>1,289</b>	1,275	1,295	1,309	1,309
Depreciation	1,895	<b>1,895</b>	1,895	1,895	1,895	1,895
Capital Salaries Recharge	(60)	<b>(200)</b>	(50)	(50)	(50)	(50)
<b>Gross Service Expenditure</b>	<b>35,800</b>	<b>38,467</b>	<b>38,338</b>	<b>38,701</b>	<b>38,984</b>	<b>39,589</b>
Reversal of Capital Charges	(1,895)	<b>(1,895)</b>	<b>(1,895)</b>	<b>(1,895)</b>	<b>(1,895)</b>	<b>(1,895)</b>
Collection Fund Deficit	4,365	<b>506</b>	0	0	0	0
Net Contribution to Reserves	0	<b>1,352</b>	953	0	38	408
Minimum Revenue Provision	1,293	<b>1,311</b>	1,320	1,269	835	269
<b>Overall Expenditure</b>	<b>39,563</b>	<b>39,741</b>	<b>38,716</b>	<b>38,075</b>	<b>37,962</b>	<b>38,371</b>

\* The contribution to reserves in 2023/24 includes the mitigation of the budgeted deficit in Business Rates referred to in section 3.3 above and also incorporates the £1.3m per annum payment for the Arena, Bingham Hub, and the Crematorium in relation to Minimum Revenue Provision (MRP). The position on reserves is shown in Section 6.

#### 4.2 Explanations for some of the main variances above are:

- Employee costs reflect both salaries increase (the cumulative impact of £1,925 per FTE in 2022/23 and 4% budgeted 2023/24 and 2% thereafter) and the re-integration of Streetwise employees back into the council.
- Capital Salaries recharge increase in 2023/24 due to Property staff costs in relation to 3 major schemes; CLC, KLC, and West Park, reducing down to £50k from 2024/25 onwards.
- Premises costs include assumed inflation increases of 250% on Electricity and 180% on Gas in 2023/24 (5% thereafter), and costs associated with the new crematorium building.

- Transport costs include an increase of £100k for fuel due to general price increases and pressures in the current environment and the re integration of Streetwise transport related costs (£571k).
- Supplies and services most significant increases in 2023/24 are due to; increased budget provision internal drainage board charges (£113k), Re-integration of Streetwise (£418k) and budget provision relating to the new Crematorium (£118k).
- Transfer Payments were expected to reduce in 2023/24 due to expectations of reduced housing benefit claims as a result of the move to Universal Credits (handled by the Department for Work and Pensions (DWP)). This reduction was not as significant as expected and therefore estimates have been based on current caseload and the DWP handling working age claims under Universal Credits.
- Third Party Payments sees the removal of the Streetwise contract sum (£1.8m) 2023/24.
- Depreciation is net zero impact on the general fund (fully offset by the reversal of capital charges line) and is due to be recalculated for the final report to Council.
- The £0.506m Collection Fund deficit relates to Business Rates (£0.329m Table 2); the deficit arising at outturn in 2022/23 and a Council tax deficit of £0.177m (Table 3). There is a corresponding release from the Collection Fund Reserve of £0.329m for the Business Rates deficit (appropriated from additional business support grants in 2021/22 and 2022/23) and £24k for Council Tax deficit for the final year of the income guarantee grant (spread over 3 years). These are included in the net transfer to reserves in Table 9 above.
- Minimum Revenue Provision (MRP) increases in 2023/24 to reflect the internal borrowing requirement for The Crematorium, Bingham Hub and Cotgrave Masterplan.

- 4.3 The Council is due to receive £173k in Homelessness and Rough Sleeping funding from the Government in 2023/24. This grant will continue to fund two posts supporting housing options and homelessness prevention and provides a prevention fund to assist with rent deposits or advances to secure private rented accommodation for those at risk. It also includes provision for a Street Outreach initiative to assist rough sleepers and grants to support homelessness provision, education, and advice. The net impact on the budget is zero.
- 4.4 The Homes 4 Ukraine scheme launched on 14 March 2022 in response to the war in Ukraine. The scheme allows people living in the UK to sponsor a named Ukrainian national or family to come to live in the UK with them. The Council are responsible for pre and post arrival checks on sponsor households. The Council currently has 215 Ukrainian refugees residing with sponsor households in the borough and this puts a strain on Council resources. Central government funding has been allocated to support the Council with these new duties and have so far received £247,000 (£64k Sponsor Checks & £183k to assist families to secure housing when sponsors cease support), with further funding anticipated in 2023/24 to mitigate this budget pressure. Future budget reports will be updated to reflect this. The funding meets the cost of providing this essential work and what is an additional service pressure.

## 5. BUDGET REQUIREMENT

5.1 The budget requirement is formed by combining the resource prediction and spending plans. **Appendix 2** gives further detail on the Council's five-year Medium Term Financial Strategy.

**Table 10 – Budget Requirement**

	2022/23 Estimate £'000	2023/24 Estimate £'000	2024/25 Estimate £'000	2025/26 Estimate £'000	2026/27 Estimate £'000	2027/28 Estimate £'000
Total Income	(38,717)	(39,471)	(40,013)	(37,450)	(37,535)	(38,098)
Gross Expenditure	39,563	39,741	38,716	38,075	37,962	38,371
<b>Net Budget Position (Surplus)/Deficit</b>	<b>846</b>	<b>270</b>	<b>(1,297)</b>	<b>625</b>	<b>427</b>	<b>273</b>
<b>Revised Transfer (From)/ to Reserves</b>	<b>(3,465)</b>	<b>1,082</b>	<b>2,250</b>	<b>(1,110)</b>	<b>(389)</b>	<b>135</b>

5.2 The above shows a budget deficit of £0.270m in 2023/24, £1.297m surplus 2024/25, and deficits of £0.625m, £0.427m and £0.273m in 2025/26 and 2026/27 and 2027/28 respectively. A total deficit position of £0.298m over the 5-year period, the Organisation Stabilisation Reserve will be utilised to smooth the effect of variation in funding levels. It is anticipated that from 2025/26 the budget will move into a deficit position as a result of a Business Rates reset, this deficit is forecast to reduce in the following years through growth and efficiency savings.

5.3 For 2023/24 and 2024/25 it is assumed that Business Rates will remain at current levels due to the delay in reset. For 2023/24 this shows as a net transfer to reserves (the Regeneration and Community Projects Reserve) to support Capital projects. In 2024/25, whilst still benefitting from the additional Business Rates and Council Tax growth, the planned transfers from reserves is lower and there is no budgeted Collection Fund deficit. Consequently, there is an increase in the overall net transfer to reserves. From 2025/26 the budget assumes no growth due to the Business Rates reset and income is budgeted at Safety Net plus renewable energy receipts resulting in an overall transfer from reserves as we look to support the budget deficit.

5.4 Section 7 covers the Transformation and Efficiency Strategy - including the use of reserves, balancing the budget for 2023/24 and future financial pressures.

## 6. RESERVES

- 6.1 In order to comply with the requirements of the Local Government Act 2003, a review has been undertaken of the Council's reserves, taking into account current and future risks. This has included an assessment of risk registers, pressures upon services, inflation, and interest rates.
- 6.2 Table 11 details the estimated balances on each of the Council's specific reserves over the 5-year MTFs. This also shows the General Fund Balance. Total Specific Reserves reduce from £18.4m to £16.5m (22/23 – 27/28). **Appendix 5** details the movement in reserves for 2023/24 which also includes capital commitments. This shows a stable position at £18.4m (2022/23 to 2023/24) primarily reflecting the release of £2.3m NHB offset by the NHB new year allocation and the transfer to reserves of £1m to support capital projects (see section 6.5 below). Of this, £1.3m will offset the impact of the MRP charged in the year. A further £1m from New Homes Bonus is earmarked to be used to support the acquisition of a Traveller Site. The latter is necessary given a requirement of the Local Plan and if a site is not provided means the Council is susceptible to random traveller planning applications across the Borough.
- 6.3 The Climate Change Action Reserve remains despite the pressures of Covid. The reserve supports projects that contribute to the Council's ambitions to protect and enhance the environment including the reduction of its carbon footprint. A balance of £0.810m is available and will be allocated as projects get approved. Existing capital schemes are assessed for any carbon reduction measures and funding from the reserve allocated. The East Midlands Development Corporation will support partnership working to deliver transformational infrastructure and economic development projects. £0.165m third year tranche of Rushcliffe's Development Corporation Reserve will be released in 2023/24, this will leave a balance of £0.2m for any other support, particularly in relation to the Freeport. The Council continues to look at avenues of external funding to support carbon reduction initiatives (such as at its leisure centres); and if successful these will be reported via Cabinet and Corporate Overview Group in their financial updates.
- 6.4 A Vehicle Replacement Reserve was established last year to support the acquisition of new vehicles, plant, and equipment arising from SEL insourcing. This will now be actively used to support the capital programme.
- 6.5 A new reserve is proposed in this MTFs; The Treasury Capital Depreciation Reserve proposed at £1m to mitigate the potential losses of reductions in the capital value of the Council's multi-asset investments. These assets provide a significant proportion of the Council's total investment income but are however at-risk fluctuations on market value linked to adverse impacts on the economy of the Covid pandemic and more recently the war in Ukraine. There is currently a statutory override in place until March 2025. The Council has recently been unsuccessful in two bids for external Government funding (Levelling-up and Gypsy and Traveller site). It is apparent the lack of social deprivation in Rushcliffe compared to other areas is limiting our ability to be successful with such initiatives. Being prudent, we need to ensure we do have future funds to deliver capital projects it is therefore proposed that £1m is appropriated to the Regeneration and Community Projects Reserve to ensure key projects can continue to be supported and that the Council continues to provide excellent services.

- 6.6 It is important that the level of reserves is regularly reviewed to manage future risks. All the reserves have specifically identified uses including some of which are held primarily for capital purposes namely the Council Assets and Service Delivery, Investments Reserve, Vehicle Replacement Reserve, and Regeneration and Community Projects Reserve (to meet special expense and other economic growth-related capital commitments). The release of reserves will be constantly reviewed in order to balance funding requirements and the potential need to externally borrow to support the Capital Programme.
- 6.7 It should be noted that in the professional opinion of the Council's Section 151 Officer, the General Fund Reserve position of £2.6m is adequate given the financial and operational challenges (and opportunities) the Council faces.

**Table 11 – Specific Reserves**

£000	Balance 31.03.22	Balance 31.03.23	Balance 31.03.24	Balance 31.03.25	Balance 31.03.26	Balance 31.03.27	Balance 31.03.28

## 7. THE TRANSFORMATION AND EFFICIENCY STRATEGY

7.1 For the past 8 years, the Council has successfully implemented a Transformation Strategy and supporting Transformation Programme (this is also the Council's efficiency strategy). This drives change and efficiency activity and is a vehicle to deal with the scale of the financial challenges the Council faces particularly with the recent rise in inflation. An updated Transformation and Efficiency Programme are provided at Table 13. The Executive Management Team, alongside budget managers, have undertaken a review of all Council budgets resulting in savings which have been fed into the MTFS. The Transformation Strategy focuses on the following themes:

- (a) Service efficiencies and management challenge as an on-going quality assurance process;
- (b) Areas of review arising from Member challenge, scrutiny etc; and
- (c) Longer term reviews with further work being required and particularly impacting upon the Council's asset base.

7.2 This Programme will form the basis of how the Council meets the financial challenge summarised at Table 12 reducing the gross deficit position.

**Table 12 – Savings targets**

	2023/24 £'000	2024/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000
Gross Budget Deficit excluding Transformation Plan	5,458	4,603	6,680	6,532	6,378
Cumulative Savings in Transformation Plan	(4,566)	(5,188)	(5,900)	(6,055)	(6,105)
Gross Budget Deficit/(Surplus)	892	(585)	780	477	273
Additional Transformation Plan savings	(622)	(712)	(155)	(50)	0
Net budget Deficit/(Surplus)	270	(1,297)	625	427	273
Cumulative Transformation Target	(622)	(1,334)	(1,489)	(1,539)	(1,539)

7.3 The Council's budget for 2023/24 and beyond includes the impact of inflationary increases and staff pay negotiations whilst also being restricted by Government policy on commercial activity to generate additional income, limiting borrowing for wider projects dependent upon capital spending proposals, and excluding borrowing from the PWLB where capital spend is solely for commercial gain. The Council has continued to review its services and processes and, where possible, identify efficiencies and increase income. The impact of the above pressures will result in a need to draw on reserves from 2025/26 onwards with 2024/25 temporarily supported by additional

business rates due to the delay in the Business Rates reset. Completion of investment projects namely the Crematorium and the Bingham Leisure Hub help to support the budget going forward in addition to delivering socio-economic benefits.

7.4 The Council must continue to review its existing transformation projects on an on-going annual basis. In recent years the Transformation plan has included two large projects (Bingham Hub and Crematorium) which are both due to open in 2023. Going forward, the plan includes service efficiencies and income generation, and the challenge will be to continue to identify projects against the backdrop of the cost-of-living challenge and higher levels of inflation. Officers continue to seek efficiencies wherever possible and look for wider projects to improve value for money and both the officer and Members have worked together to identify £1.539m of expected efficiencies over the 5-year period. The current transformation projects and efficiency proposals which will be worked upon for delivery from 2023/24 are given at Table 13, overleaf.

7.5 To elaborate on a couple of the efficiency proposals:

- To reduce the Councillors Community Grants budget from £40k to £20k. Historically this has been underspent. The £1000 per councillor is available and contingency will be utilised if demand exceeds the budget;
- To no longer continue with the Young scheme which no longer delivers value for money for the Rushcliffe taxpayer (£82k saving). This will be phased-in over 2 years to enable Young to take appropriate operational decisions with regards to its future.

**Table 13 – Transformation Targets 2023/24 to 2027/28**

<b>Savings (£'000)</b>	<b>2023/24</b>	<b>2024/25</b>	<b>2025/26</b>	<b>2026/27</b>	<b>2027/28</b>

## 8. RISK AND SENSITIVITY

8.1 The following table shows the key risks and how we intend to treat them through our risk management practices. Further commentary on the higher-level risks is given below the table.

**Table 14 - Key Risks**

Risk	Likelihood	Impact	Action
The Council is unable to balance its budget and the budget is not sustainable in the longer term as a result of increased inflation and government funding reductions with uncertainty due to one year settlement	Low	High	Going concern report presented to Governance Group to confirm that the Council has sufficient reserves to withstand the short-term financial shocks. Inflation factored in to the budget and further plans for the transformation strategy to mitigate risk over the longer term. Reserves sufficient level.
Fluctuation in Business Rates linked to changes in the local economy (e.g., Power station closure) and revaluation.	High	Medium	Actively involved in Freeport working Groups. Budgeting at Safety Net position for future years, a prudent approach. Utilising NNDR1 for business rates forecast for next year which takes into account valuations. Continued monitoring of the collection rates and appeals for business rates. Use of reserves as necessary to mitigate 'one-off shocks'
Central Government policy changes e.g., Fairer Funding, changes to NHB and Business Rates reset leading to reduced revenue.  Environmental policy changes with regards to waste likely to create future financial risk. For example Extended Producer Responsibility (EPR) is mentioned as a potential new funding stream for waste collection authorities	High	Medium	Engagement in consultation in policy creation and communicating to senior management and members the financial impact of changes via the MTFs. Budget at safety net position for business rates in years of uncertainty. Engage in proposals for Extended Producer Responsibility (EPR) income, There is considerable uncertainty about the amount of funding that may be available; and how far packaging producers would agree to any surplus income being used as a general subsidy for local government in lieu of grant/other financial support.

<b>Risk</b>	<b>Likelihood</b>	<b>Impact</b>	<b>Action</b>
Insufficient staff capacity – skills, knowledge, and availability etc	Medium	Medium	Ensuring market rates are being paid, internal staff development and promotion. If necessary, use of agency support
Increased costs due to adherence to the National Minimum Living Wage. Pay rises are linked to the outcome of national negotiations and whether they are adopted locally.	Medium	Low	Budget reporting processes and use of budget efficiencies and reserves. Budget set to include latest assumptions on inflationary increases.
Rising leisure management contract costs: reduction in management fee as a result of increased costs (utility and wages) and reduced usage as a result of inflation on household spending; Delays in the opening of Bingham Arena achieving the Leisure Strategy in accordance with planned timetable; and the continued costs of alternative provision at the Toothill site.	Medium	Medium	Close working and monitoring of costs with the provider. Use of contingency if required to mitigate financial impact. Reporting through usual financial reporting arrangements and budget monitoring.
Environmental Agenda leading to rising or reducing revenue and capital budgets.	High	Medium	Creation of Climate Change Action Reserve £1m ongoing review of significant projects and outcome of scrutiny review. A vehicle replacement reserve which will help fund, for example, electric vehicles. Sourcing external funding to improve leisure energy usage.
Efficiency savings performance improvements from the Streetwise transfer in-house are not achieved	Medium	Medium	Monitor and project manage. Update reports to Cabinet through usual financial reporting arrangements. Updated MTFS for 2023/24 incorporating targets. (To be monitored in the Transformation Plan)
Increased demand in relation to homelessness and migration issues	High	Medium	Additional government funding and internal resources provided.

<b>Risk</b>	<b>Likelihood</b>	<b>Impact</b>	<b>Action</b>
Reducing demand as a result of a contracting economy, higher inflation and reduced personal disposable incomes. For example less housing being built and bought, impacting on planning income	Medium	Medium	Performance indicators and current financial due diligence via quarterly reporting to Cabinet and COG. Adjusting cost base as necessary.
Traveller's site located to accord with the Local Plan and avoid unplanned traveller pitches throughout the Borough	Medium	High	Site identification, financial implications to be determined and reported in further Cabinet reports, £1m in Capital Programme. Further resource in capital reserves if required and approved.
Risk of increased capital programme costs due to either increased demand (e.g., DFGs) or inflation.	High	High	Further capital reserve funding provided and engagement with Government at a national level. Working with Nott's authorities on a more equitable distribution of resources.
Insufficient capital resources to fund the capital programme	Low	High	Ongoing cashflow management. The Council has the ultimate recourse to borrow (which it is trying to avoid). We are dependent on the timing of capital receipts and issues like the Flintham CPO being a relatively seamless transaction.
Opportunity for additional business rates from the Freeport/DevCo or risk of liabilities if either does not progress	Medium	Medium	Continue to monitor progress and inform business rate assumptions through Officer working Groups/Board

- 8.2 The inflationary increases over the last year has impacted on the economy and the households within the borough. The government have put in measures to support the most vulnerable with caps on energy bills and additional funding for those already on government support and of pension age. The Council is vigilant to as support is lifted whether there is a significant impact on the Council's collection rates and its main income streams. This is highlighted in the risks above and the resultant potential impact on the Council's leisure management contract where the impact of inflation on both salaries and on utilities will be significant. The Council has the Organisation Stabilisation Reserve to mitigate any short term losses and has included estimated inflation in the budgets going forward. Other reserves are in place to support the capital programme, as necessary, particularly from inflation risks.
- 8.3 The last few years have been challenging from a local authority finance perspective. Recent settlements have been limited to one year which makes predicting resources difficult and delayed Government reforms brings further funding uncertainty. The last year has seen the highest inflation in decades and the resulting impact on pay and expenditure, particularly contracts and utilities, has put unprecedented pressure on Council budgets. The MTFs includes an assumption on the level of inflation going forward but there

remains a risk in the uncertainty of both the impact on the Council's expenditure and on that of the Council's third party contracts, particularly the Leisure Management contract, which could result in renegotiation. In the short term, reserves and general balances will be used to mitigate these risks.

- 8.4 Risks are also about the Council maximising opportunities. Doing nothing is a risk. Transformational change in services, maximising assets, and growing the Borough (e.g. such as the crematorium, commercial property and economic development such as the Freeport) give upside risk and can mitigate the pressures alluded to above. Due to PWLB restrictions, the Council's capital programme does not include any investments that are purely for financial return which means the Council has to be creative and maximise both income generating opportunities and efficiencies so it remains self-sufficient and continue to grow the Borough and provide excellent services.
- 8.4 The MTFS presents a net deficit of approximately £0.3m over the 5-year period and this will be funded using the Organisation Stabilisation Reserve or by identifying other business efficiencies or further income. There is a budgeted surplus arising in 2024/25 due to the delay in Business Rates reset and this will be used to replenish the reserve. Reserves are necessary to ensure the Council can continue to deliver services to its residents and to protect the Council from risks in relation to funding uncertainty and rising costs.

## 9. CAPITAL PROGRAMME

9.1 Officers submit schemes to be included in a draft Capital Programme, which also includes on-going provisions to support Disabled Facilities Grants and investment in Social Housing. This draft programme is discussed by EMT along with supporting information and business cases where appropriate with the big projects and the overall financial impact reported to Councillors in Budget update sessions. The draft Capital Programme continues to be further refined and supported by detailed appraisals as set out in the Council's Financial Regulations. These detailed appraisals are included at **Appendix 4** along with the proposed five-year capital programme which is summarised at Table 15. This remains an ambitious programme totalling £23.4m for 5 years.

9.2 The Council's five-year capital programme shows the Council's commitment to deliver more efficient services, improve its leisure facilities and enable economic development. Against a background of financial challenge, as a result of both Covid and inflation pressures, the strength of the Council's financial position is such that it continues to support economic growth and recovery in the Borough. The Programme is approved for the five-year period and allows flexibility of investment to enhance service delivery, provide widened economic development to maximise business and employment opportunities. The programme is reviewed by Full Council as part of the budget setting process. A major focus of the Capital Programme is to improve services, be transformative and generate revenue income streams to help balance the Council's MTFS. Significant projects in the Capital Programme include:

- a) A provision of £1m has been included to acquire/develop a Gypsy and Traveller Site(s) in the Borough. Based on the Gypsy and Traveller needs assessment, Rushcliffe needs to provide 13 permanent pitches by 2038, with 7 required before 2025.
- b) A new scheme for the Compulsory Purchase Order (CPO) of Flintham Mess appears in the programme in 2025/26. This is estimated at £4m and will be financed by its subsequent sale. The Council is working alongside the potential for the CPO to resolve the ongoing health and safety and amenity issues.
- c) The on-going vehicle replacement programme totals £3m in the programme over 5 years. This will be subject to future review as the acquisition/replacement of Streetwise vehicle, plant, and equipment becomes clearer.
- d) The provision for Support to Registered Housing Providers has benefitted significantly from Planning Agreements monies arising from Land North of Bingham £3.8m. This sum, together with the balances of other Planning Agreement monies and capital receipts set aside for Affordable Housing gives a total sum available of £4.7m (including 22/23) of which £0.162m is committed. The balance of £4.5m is available and options for commitment of these sums are being assessed.
- e) £2.7m over the 5 years for investment in the upgrade of facilities at Keyworth and Cotgrave Leisure Centres, Community Halls, and other Leisure Facility Sites. There are planned refurbishments to changing villages; floor replacement; roof enhancements; and upgrades for plant and lighting. Schemes are considered in the light of the Leisure Strategy and are aimed at maintaining excellent standards of leisure provision. A bid has been made to Salix for £1.2m carbon reduction work at Cotgrave Leisure Centre and, if formally approved, will need reflecting in the future capital programme.
- f) Disabled Facilities Grants (DFGs) provision of £3.7m has been provided in the 5-year programme. Funding has become extremely tight to meet the statutory spending requirement and Rushcliffe had to take the unusual step of allocating £0.5m of

its own resources to support spending pressures, this is not sustainable. Cabinet and Senior Officers will continue to actively lobby Central Government and Local Authorities across Nottinghamshire for additional and redistributed Better Care Fund (BCF) grant allocations. Rushcliffe's BCF spending plans are no longer able to support Discretionary DFGs, Assistive Technology (Home Alarms) or the Warmer Homes on Prescription scheme.

- g) Rolling provisions for the Information Systems Strategy (£1.1m across the 5 years) will ensure that the Council keeps pace with new technologies, protects itself against cyber-attacks and continues to modernise services and deliver 'channel shift' in an increasingly virtual world.
- h) To facilitate the provision of a Community Facility in Edwalton, £0.5m has been included. Cabinet 08.11.22 set out the potential options for delivery which could see the building and car park constructed by the Developer and then the freehold transferred to Rushcliffe. Any resultant cost to Rushcliffe arising from this transaction will be subject to the West Bridgford Special Expense.
- i) In year provisions of £75k have been included to enhance Play Areas in West Bridgford on a rolling programme. These costs are subject to the West Bridgford Special Expense. In addition, £100k has been included in 2023/24 to upgrade RCP Play Area – this is a General Expense.
- j) Some smaller sums have been included to enhance our land and buildings and investment property portfolios. Planned works will ensure that the property remains fit for purpose and continues to deliver efficient services.
- k) A Contingency sum of £0.15m has been included each year, to give flexibility to the delivery of the programme and to cover unforeseen circumstances.
- l) Given the projected level of the Council's cash balances at March 2023 and future years, external borrowing is unlikely to be needed in the medium term. The cash flow balances are strongly underpinned by the holding of Developer Contributions: S106s and CIL monies. Expected new internal borrowing, including 2022/23, totals £10.2m. The projected Capital Financing Requirement (CFR - the Council's underlying need to borrow) is £12.6m at the end of 2023/24. The timing and incidence of actual external borrowing will be affected by any slippage in the capital programme, delayed capital receipts, and cash balances and this is reflected in the CFR shown at table 2 of the Capital and Investment Strategy (Appendix 4).

<b>Balance Carried Forward:</b>	8,768	6,941	6,003	5,745	5,171	5,479	

- 9.3 The Council previously allocated £20m to the Asset Investment Strategy within its Capital Programme. Just over £16m of this was utilised for investment opportunities, asset acquisitions, and development of office/industrial/retail units which will secure strong future income streams to support the revenue budget. The remaining balance of £3.8m was taken out of the programme in direct response to the changes in access for PWLB borrowing whereby it is no longer allowable to borrow for yield (or financial return).
- 9.4 The Council's capital resources are slowly being depleted to fund the Capital Programme. It is projected that capital resources will be in the region of £5.5m at the end of the five-year life of the Programme. This comprises: £5.3m Earmarked Capital Reserves and £0.2m Capital Receipts. The Earmarked Capital Reserves includes the transfer in 2023/24 of £1m to the Regeneration and Community Projects Reserve to support capital projects (see section 1.1). The level of Capital Receipts will slowly be replenished but will only significantly increase if major assets are identified for disposal in the future, given the extent of future capital commitments.
- 9.5 Projected capital receipts over the course of the MTFs include:
- A further £3m from the Sharphill Overage Agreement (£15m already received);
  - Sale of land in Cotgrave: approximately £7m;
  - £4m from the subsequent disposal of Flintham Mess following the Compulsory Purchase;
  - £0.575m in repaid loan principal from Nottinghamshire County Cricket Club;
  - An estimated £50k per year from the Right to Buy Clawback agreement which gives the Council a share of Preserved Right to Buy arrangements following Large Scale Voluntary Stock Transfer in 2003.
- 9.6 The capital resources position should be viewed in the context of funding the completed redevelopment of the Arena. This scheme was part funded by use of the Council's reserves and the remainder through internal borrowing. It is planned to repay this 'internal debt' from the future income stream provided by New Homes Bonus, subject to the risks highlighted in Sections 3.7 and 8.1.
- 9.7 The following significant capital grants and contributions will be used to support the funding of the proposed capital programme:
- £4m from Planning Agreements for off-site affordable housing. £3.8m of this comes from a new S106 for Land North of Bingham;
  - An estimated £0.695m per annum from the Better Care Fund to deliver Mandatory Disabled Facilities Grants;
  - £0.333m from Planning Agreements to support enhancement work to KLC; and
  - £0.100m Government Grant to provide Changing Places Toilets at Gresham and CLC.

- 9.8 In April 2022, Government launched the UK Shared Prosperity Fund (UKSPF). This is a £2.6bn fund for the next three years which replaces the EU Structural funds which were previously allocated through Local Enterprise Partnerships. Rushcliffe’s approved annual allocations are detailed in the table below.
- 9.9 In September 2022 the Government also announced a Rural England Prosperity Fund (REPF). The REPF is a top-up to the UKSPF and is available to eligible local authorities in England. It succeeds EU funding from LEADER and the Growth Programme which were part of the Rural Development Programme for England. It supports activities that specifically address the particular challenges rural areas face. The Council is currently awaiting final approval for the programme.
- 9.10 Rushcliffe’s UKSPF and anticipated REPF allocations over 3 years are detailed below:

	<b><i>UKSPF</i></b> <b><i>(£)</i></b>	<b><i>REPF</i></b> <b><i>(£)</i></b>	<b><i>Total</i></b> <b><i>(£)</i></b>
<b>2022/23</b>	312,071	0	312,071
<b>2023/24</b>	624,141	149,048	773,189
<b>2024/25</b>	1,635,250	447,145	2,082,395
	<b>2,571,462</b>	<b>596,193</b>	<b>3,167,655</b>

Officers are currently working on potential schemes for year 2 and this will go to Cabinet in March 2023 for approval. As the programme develops, capital and revenue updates will be provided to both Cabinet and COG through usual budget quarterly reporting.

## 10. TREASURY MANAGEMENT

- 10.1 Attached at **Appendix 4** is the Capital and Investment Strategy (CIS) which integrates capital investment decisions with cash flow information and revenue budgets. The key assumptions in the CIS are summarised in the following table:

**Table 16 – Treasury Assumptions**

	2023/24	2024/25	2025/26	2026/27	2027/28
<b>Anticipated Interest Rate</b>	4.50%	4.00%	3.00%	2.50%	2.50%
<b>Expected interest from investments (£)</b>	1,292,308	839,420	613,045	547,570	542,995
<b>Other interest (£)</b>	67,000	63,000	59,000	59,000	59,000
<b>Total Interest (£)</b>	<b>1,359,308</b>	<b>902,420</b>	<b>672,045</b>	<b>606,570</b>	<b>601,995</b>

- 10.2 In December 2021 CIPFA released new editions of the Treasury Management Code and Prudential Code. Key changes include the need to consider existing commercial investments, reference to Environmental, Social and Governance (ESG) in the Capital Strategy, quarterly monitoring of Prudential Indicators, the introduction of a knowledge and skills schedule, Investment Management Practices (IMPs) and the Liability Benchmark.
- 10.3 The CIS covers the Council's approach to treasury management activities including commercial assets. It documents the spreading of risk across the size of individual investments and diversification in totality across different sectors. As a result of recent changes to the code as detailed above, the Council now primarily focusses on maximising the returns from its existing portfolio with no new commercial investments included in the Capital Programme. The Council undertakes regular performance reviews on the assets with the next review due to be reported to Cabinet and Governance Scrutiny Group in December 2023.

## 11. OPTIONS

- 11.1 As part of its consideration of the budget, the Council is encouraged to consider the strategic aims contained within the Corporate Strategy and, in this context, to what extent they wish to maintain existing services, how services will be prioritised, and how future budget shortfalls will be addressed. A review was undertaken in 2021/22 to assess the performance of the Council's existing commercial assets and their continued contribution to the Council's strategic aims. This will continue to be monitored and reported to scrutiny on a regular basis with the next review due in 2023/24.
- 11.2 Instead of increasing its Council Tax by 2% as per the proposals in section 3.4, the Council could choose to increase by the maximum permitted increase of the higher of 2.99% or £5 or the Council could freeze its Council Tax. Table 17 provides details of the impact on budgets of the recommended option of a £3.02 (2%) increase in 2023/24, £3.78 (2.46%) in 2024/25, and thereafter £4.99 increase against the 2 scenarios of a tax freeze or a 2.99% increase (2023/24 only thereafter reverting to the maximum permitted). If the Council chose to freeze its Council Tax, the income foregone in 2027/28 is £0.215m and over the 5-year period £1.032m when compared to the maximum permitted increase. The income foregone for the Council's recommended option of 2% compared to the maximum of 2.99% is £0.307m over the 5-year period.
- 11.3 As stated in section 3.4 the proposal is that effectively all households in Council Tax Bands A to D will effectively have no Council Tax increase with the Council enhancing the Government's Council Tax Support Fund offer (which focuses on individuals in receipt of Local Council Tax Support). Details of the proposed scheme can be found at Appendix 6.

page 61

**Table 17: Alternate Council Tax Levels**

£'000	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28
Band D £153.95 in 2023/24 Increase at £3.78 in 2024/25 and £4.99 each year thereafter (maximum permitted) – Recommended Option						
Total Council Tax Income	(6,850)	(7,092)	(7,412)	(7,799)	(8,199)	(8,612)
Total for Freeze (Band D £150.93) and the maximum thereafter		(6,953)	(7,270)	(7,654)	(8,051)	(8,461)
Total for 2.99 in 2023/24 and the maximum thereafter (Band D £155.23)		(7,151)	(7,472)	(7,860)	(8,262)	(8,676)

Difference (£'000)	2023/24	2024/25	2025/26	2026/27	2027/28	Total
Freeze vs 2.99%	(198)	(202)	(206)	(211)	(215)	(1,032)
2% vs 2.99%	(59)	(60)	(61)	(63)	(64)	(307)

11.3 Other than the above options for Council Tax increases there are no alternate proposals concerning the Budget, Medium Term Financial Strategy or Transformation Strategy.

## PROJECT APPRAISAL FORM

<b>Project Name:</b> Development of a Gypsy and Traveller Site	<b>Cost Centre:</b> 0300	<b>Ref:</b> 1
<p><b>Detailed Description:</b></p> <p>As part of the Greater Nottingham Strategic Plan, it was identified that Rushcliffe is required to provide an additional 13 Gypsy and Traveller pitches in the Borough between 2020 and 2038, with 7 required before 2025.</p> <p>The Sustainable Urban Extension (SUE) development at Fairham is required to allow for a minimum of four gypsy and traveller pitches. Further provision is expected at Gamston Fields, another of the Council's SUEs.</p> <p>The Council is looking to acquire land in the Borough to deliver circa 7 pitches, as required before 2025. Officers are currently working to identify an appropriate piece of land.</p> <p>A funding bid for a Government Grant was made, but this was unsuccessful. Officers are currently looking into alternative funding pots.</p> <p>Although the project cost is estimated at £2m, at this stage, the programme reverts to the original RBC provision of £1m funded from New Homes Bonus.</p>		
<b>Location:</b> To be determined – Officers are working to identify an appropriate site for acquisition.	<b>Director:</b> Economic Development and Growth	
<p><b>Contribution to the Council's aims and objectives:</b></p> <p><b>Corporate Priorities:</b></p> <ul style="list-style-type: none"> <li>• Quality of Life <ul style="list-style-type: none"> <li>○ The Council will manage the site (through an appointed provider) which will ensure the Gypsy and Travellers are given the support they need with accessing services by engaging with a wide range of partners e.g., County Council, Health, Police etc. Efficient Services</li> </ul> </li> <li>• Sustainable Growth <ul style="list-style-type: none"> <li>○ By delivering a Gypsy and Traveller site the Council is taking a proactive step to provide the need identified in the Greater Nottingham and Ashfield District Council Gypsy and Traveller Accommodation Assessment (GTAA).</li> </ul> </li> </ul> <p><b>Strategic Commitments:</b></p> <ul style="list-style-type: none"> <li>• Working with our partners to create great, safe, and clean communities to live and work in</li> <li>• Protecting our residents' health and facilitating healthier lifestyle choices</li> <li>• Alignment of resources linked to growth aspirations</li> <li>• Protecting the vulnerable in our communities</li> <li>• Implementing environmentally beneficial infrastructure changes.</li> </ul>		
<p><b>Community Outcomes:</b></p> <ul style="list-style-type: none"> <li>• To address the requirements of the Local Plan and Gypsy and Traveller Needs Assessment</li> <li>• Residents satisfied with the quality of services provided</li> <li>• Housing Targets met</li> <li>• Sufficient supply of suitable housing is available to meet the needs of the community</li> </ul>		
<p><b>Environmental Outcomes:</b></p> <ul style="list-style-type: none"> <li>• Where possible low carbon and carbon neutral building materials and processes will be prioritised.</li> </ul>		

- The development will ensure there is a net positive impact on site biodiversity.

**Other Options Rejected and Why:**

There is the option for the Council not to deliver a permanent Gypsy and Traveller site. However, this would mean that the Council was not meeting the need set out in the GTAA and delivery would be dependent on private developers. Not only would the Council not be meeting the need, but there would also be an increased risk of the Council being unable to successfully defend appeals in respect of any unauthorised Gypsy and Traveller encampments

**Start Date:** Spring 2023

**Completion Date:** 2024

**Capital Cost (Total):**

**Previous Year :22/23**

**Year 2: 23/24**

£2m but only £1m included in the programme at this stage whilst alternative additional funding identified

£2m but only £1m included in the programme at this stage whilst alternative additional funding identified

**Capital Cost (Breakdown) £:** To be determined but estimated up to £1m land acquisition and £1m for infrastructure, works, and services

**Works**

**Equipment**

**Other**

**Fees**

**Additional Revenue cost/(saving)per annum:**

**Year 1: 23/24**

**Year 2: 24/25**

**Year 3: 25/26**

**Year 4: 26/27**

**Year 5: 27/28**

**Proposed Funding**

**External:** Up to £1m external grant funding to be investigated.

**Internal:** £1m New Homes Bonus

**Useful Economic Life (years):** To be determined: land has indefinite life; infrastructure and works circa 50 years (may be less if non-traditional build e.g., MMC – modern method of construction)

**New/Replacement:** New

**Depreciation per annum:** to be determined

**Capital Financing Costs:** £41k lost interest on use of New Homes Bonus

**Residual Value:** N/A

**Category of Asset:** Land and Infrastructure

**IFRS16 New Lease Checklist Completed?**

**N/A**

## PROJECT APPRAISAL FORM

<b>Project Name:</b> Compton Acres Fencing – Special Expense	<b>Cost Centre:</b> 0180	<b>Ref:</b> 2
<b>Detailed Description:</b> The proposal is for the replacement of defective fencing situated alongside the open watercourse in Compton Acres which the Council has responsibility for maintaining. The section of fencing broadly runs from Lydney Park in a westerly direction towards Compton Acres Road. This section of fencing forms a barrier between the public footpath and the watercourse. The condition of the existing fencing has deteriorated and is beyond economic repair. Materials utilised for replacement work will be appropriately specified and complimentary to the setting.		
<b>Location:</b> Compton Acres WB	<b>Executive Director:</b> Development and Economic Growth	
<b>Contribution to the Council’s aims and objectives:</b> <b>Corporate Priorities:</b> <ul style="list-style-type: none"> <li>• Quality of Life – maintenance of key infrastructure and ensuring public spaces are attractive and safe for use</li> <li>• Efficient Services – assets maintained in an appropriate and timely manner and to an appropriate standard</li> <li>• The Environment – replacement materials and the work approach will be considered to ensure environmental impacts are minimised</li> </ul> <b>Strategic Commitments:</b> <ul style="list-style-type: none"> <li>• Protecting our residents and assets</li> <li>• Protecting our natural resources and to implement environmentally beneficial infrastructure changes</li> <li>• Protecting the environment and public health by fulfilling our statutory responsibilities</li> <li>• Robust asset management</li> <li>• Provide high quality community facilities which meet the needs of our residents</li> </ul>		
<b>Community Outcomes:</b> Undertaking the works will ensure that the appearance of this prominent public open space remains attractive, well maintained and safe for use.		
<b>Environmental Outcomes:</b> Maintaining a secure barrier between the public footpath and the watercourse will serve to prevent unwanted access to the bankside of the watercourse and this in turn will protect the habitats and support diversity of creatures living therein. The fencing also forms a partial barrier to litter, preventing it from directly entering the watercourse from the footpath.		
<b>Other Options Rejected and Why:</b> Retain and repair existing fence – the existing fencing is beyond economic repair (20+ years old). Remove fencing and don’t replace – the fencing forms a barrier between the public footpath and the watercourse, removal would degrade the environmental benefits described above and potentially give rise to increasing health and safety issues.		
<b>Start Date:</b> 2023		<b>Completion Date:</b> 2024
<b>Capital Cost (Total):</b>	<b>Year 1:23/24</b>	<b>Year 2: 24/25</b>
£30,000	£30,000	

<b>Capital Cost (Breakdown) £:</b>			
<b>Works</b>	<b>Equipment</b> £28,500	<b>Other</b>	<b>Fees</b> £1,500

<b>IFRS16 New Lease Checklist Completed?</b>	N/A

## PROJECT APPRAISAL FORM

<b>Project Name:</b> Quantock Grove Public Open Space	<b>Cost Centre:</b> 0181	<b>Ref:</b> 3
<b>Detailed Description:</b> The proposal is for improvement works to an area of open space located between properties on Quantock Grove and Radnor Grove which is in the ownership of the Council. The open space currently comprises larger areas of life expired macadam surfacing bounded by weed filled borders and is unkempt, unattractive and reflects poorly on adjacent housing. Improvements planned include reduction to the paved areas to create focused pathways bordered by green areas laid to turf enabling easier regular maintenance.		
<b>Location:</b> Bingham	<b>Executive Director:</b> Development and Economic Growth	
<b>Contribution to the Council's aims and objectives:</b> <b>Corporate Priorities:</b> <ul style="list-style-type: none"> <li>• Quality of Life – improvements will encourage use of the area/pathways by the public and help to deter anti-social use</li> <li>• Efficient Services – improvements will help to streamline and simplify maintenance activity</li> <li>• Sustainable Growth</li> <li>• The Environment – reduction in paved area will improve drainage of the area</li> </ul> <b>Strategic Commitments:</b> <ul style="list-style-type: none"> <li>• Protecting our residents and assets</li> <li>• Protecting our natural resources and to implement environmentally beneficial infrastructure changes</li> <li>• Protecting the environment and public health by fulfilling our statutory responsibilities</li> </ul>		
<b>Community Outcomes:</b> Improvements will encourage legitimate use of the space and pathways by the public and enhance the local area which currently appears neglected and unwelcoming.		
<b>Environmental Outcomes:</b> Improvements will minimise hard surfaced areas and increase planted/turfed areas, this will improve local drainage and enhance biodiversity. The area will be easier to maintain which in turn will help to minimise carbon intensive maintenance activity.		
<b>Other Options Rejected and Why:</b> Do nothing – the open space would remain unattractive detracting from the local area, under utilised and more costly to maintain.		
<b>Start Date:</b> 2023		<b>Completion Date:</b> 2024
<b>Capital Cost (Total):</b>	<b>Year 1:23/24</b>	<b>Year 2: 24/25</b>
£20,000	£20,000

**PROJECT APPRAISAL FORM**

<b>Project Name:</b> Vehicle Replacement	<b>Cost Centre:</b> 0680	<b>Ref:</b> 4
<p><b>Detailed Description:</b>          The authority owns vehicles ranging from large refuse freighters to small vans and items of mechanical plant. As these vehicles and plant age and become uneconomic to maintain and run, they are replaced on a new for old basis. Although there is a programme for replacements for the next ten years, each vehicle or machine is assessed annually, and the programme continually adjusted to take into account actual performance. The transfer of Streetwise back to an 'in house' service will see a further capital replacement programme developed prior to April 2023 to cover both vehicles and plant used to undertake the services provided. This provision will be used to acquire new vehicles and plant, undertake refurbishments to extend vehicle life and value and to purchase second-hand vehicles and plant as and when appropriate. There is beginning to be a concentration of focussing on newer cleaner technology as we replace existing fleet vehicles in line with the Council's Carbon management agenda, exploring alternatives such as electric and hydrogen cell technology as well as alternative fuel use to look at cutting down on emissions whilst ensuring the vehicles remain operationally viable and offer value for money</p>		
<b>Location:</b> Eastcroft Depot	<b>Executive Manager:</b> Neighbourhoods	
<p><b>Contribution to the Council's aims and objectives:</b>  <b>Corporate Priorities:</b></p> <ul style="list-style-type: none"> <li>• Quality of Life</li> <li>• Efficient Services</li> <li>• The Environment</li> </ul> <p><b>Strategic Commitments:</b></p> <ul style="list-style-type: none"> <li>• Working with our partners to create great, safe, and clean communities to live and work in.</li> <li>• Ongoing appraisal and alignment of resources linked to growth aspirations.</li> <li>• Reviewing our policies and ways of working to protect natural resources, and to implement environmentally beneficial infrastructure changes. To reduce waste and increasingly reuse and recycle to protect the environment for the future.</li> <li>• Working with ley partners to respond to any proposals from the new Environment Act and any changes or directives from central government regarding what wastes should be collected and how.</li> <li>• Delivering a high-quality waste and recycling collection service.</li> <li>• Delivering a high-quality street cleansing, grounds maintenance and arboriculture service</li> <li>• A commitment to look at cleaner vehicles in line with our commitment to protect the environment, in particularly alternative fuel vehicles</li> <li>• Working to achieve a carbon neutral status for the Council's operations</li> </ul> <p>The replacement of vehicles is critical to the performance of the front-line services. Regular vehicle and plant replacement with new updated engines help to meet climate change and national indicator targets for emissions and helps maintain a cleaner air quality within the Borough.</p>		
<p><b>Community Outcomes:</b></p> <ul style="list-style-type: none"> <li>• To address climate change and the need to reduce carbon emissions. The introduction of new euro standard engines will lower emissions. The new vehicles will also reduce maintenance costs on the vehicles they replace however it should be noted that the remainder of the fleet ages and therefore the fleet profile and maintenance costs overall remain stable.</li> </ul>		
<p><b>Environmental Outcomes:</b></p> <ul style="list-style-type: none"> <li>• The Council is actively looking at newer cleaner technologies and is committed to working with others to consider options and procure newer vehicles that will help commit to our</li> </ul>		

carbon management plan. Whilst larger HGV electric vehicles may not be an option for Rushcliffe due to the range and geographical nature of our Borough, we continue to explore the use of and practicalities of alternative fuel such as the use of Hydro generated Vegetable Oil (HVO) following a trial in late 2021 and are considering the impact of the trial with potential 90% reduction in emissions and the operational logistics and infrastructure arrangements as well as the costs of fuelling our vehicles utilising HVO. Smaller fleet vehicles such as small vans, etc could be replaced by electric vehicles which are readily available, and this option will be considered as and when such vehicles are due for replacement in line with the replacement programme

**Other Options Rejected and Why:**

An historic review was undertaken to consider the leasing and hiring in of vehicles. Due to the level of capital resources, it was concluded that it was uneconomical to do either of these two options but as resources reduce these options may need to be revisited again. However, there are also distinct advantages in direct purchase: -

- a) The authority has control over the maintenance of the vehicles.
- b) It is difficult to change the terms and conditions of a lease.
- c) High performing vehicles can have their lifespan lengthened.
- d) Poor performing vehicles can have their lifespan shortened.

Not being tied into lengthy lease/hire contracts means the service can react and adapt to change quickly.

It should be noted that the transition of Streetwise back to an in-house service sees some vehicles used, tied into current lease arrangements which are being considered and will help in developing a new capital replacement programme in that service area.

The Council now actively looks at the possible purchase of 2<sup>nd</sup> hand vehicles and will refurbish vehicles to extend their life and value.

<b>Start Date:</b> Ongoing		<b>Completion Date:</b>	
<b>Capital Cost (Total):</b>	<b>Year 1: 23/24</b>	<b>Year 2: 24/25</b>	
£2,205,000 (2 years)	£1,150,000	£1,055,000	
<b>Capital Cost (Breakdown)</b>			
<b>Works</b> £0	<b>VPE</b> £2,205,000	<b>Other</b> £0	<b>Fees</b> £0
<b>Additional Revenue cost/ (saving) per annum:</b>		<b>Year 1: 23/24</b> £0	<b>Year 2: 24/25</b> £0
<b>Year 3: 25/26</b> £0		<b>Year 4: 26/27</b> £0	<b>Year 5: 27/28</b> £0
As each vehicle replaces an existing vehicle, there is no increase in the overall revenue costs. Whilst newer vehicles can lead to less expenditure on breakdown and repair, older vehicles will cost more. The overall fleet profile remains relatively constant and therefore service budgets remain the same. However, with property growth and the potential impact on waste collections as a result of the Environment Act, there is the likelihood moving forward that additional revenue expenditure may be incurred and this will need to be considered for the budget year 2024/25 and future years too			
<b>Proposed Funding:</b>			
<b>External:</b> N/A		<b>Internal:</b> Capital Receipts	
<b>Useful Economic Life (years):</b> Various		<b>New/Replacements:</b> New and Replacements

<b>Residual Value:</b> Various	<b>Category of Asset:</b> Vehicle and Plant
<b>IFRS16 New Lease Checklist Completed?</b>	SEL leased vehicles to be assessed.

## PROJECT APPRAISAL FORM

<b>Project Name:</b> Hound Lodge Enhancements		<b>Cost Centre:</b> 0308	<b>Ref:</b> 5
<p><b>Detailed Description:</b>  Hound Lodge provides temporary accommodation for families who find themselves unintentionally homeless; providing accommodation in this circumstance is a statutory function of the Council. The building has existed in broadly its current form since the 1990s when the Council acquired and carried out conversion works which included the addition of a single storey rear extension. The original areas of the building are circa 100 years old. The building requires enhancement not only to improve how it can be operated and managed in terms of residents, but also from an energy consumption and efficiency perspective. Due to the limiting factors of layout, age and form of construction, any enhancement work will not be straight forward and will come at significant cost. Before committing to these costs, the Property and Housing teams will work together to undertake a wholesale review of the facility and the manner in which temporary accommodation is provided, culminating in the preparation of an options appraisal which will help to ensure that investment decisions are made in an informed and robust manner (Service Plan task for 2023/24).  The outcome of the asset review may mean that costs and planned works are re-profiled.</p>			
<b>Location:</b> West Bridgford		<b>Executive Manager:</b> Neighbourhoods	
<p><b>Contribution to the Council's aims and objectives:</b>  <b>Corporate Priorities:</b></p> <ul style="list-style-type: none"> <li>• Quality of Life</li> <li>• Efficient Services</li> <li>• The Environment</li> </ul> <p><b>Strategic Commitments:</b></p> <ul style="list-style-type: none"> <li>• Protecting our residents' health and facilitating healthier lifestyle choices</li> <li>• Providing high quality facilities which meet the needs of our residents</li> <li>• Creating opportunities for young people to realise their potential</li> <li>• Protecting the most vulnerable in our communities</li> </ul>			
<p><b>Community Outcomes:</b></p> <ul style="list-style-type: none"> <li>• The Council fulfils its statutory duties for the provision of suitable temporary accommodation and avoids the need to use B&amp; B accommodation at an additional cost</li> <li>• Residents of the Borough continue to receive the council services they require</li> </ul>			
<p><b>Environmental Outcomes:</b></p> <ul style="list-style-type: none"> <li>• Committing to reviewing and enhancing the operational and thermal performance of the facility will ensure that ongoing carbon emissions are mitigated which aligns with corporate ambitions to be net zero by 2030.</li> </ul>			
<p><b>Other Options Rejected and Why:</b></p> <ul style="list-style-type: none"> <li>• Not reviewing and enhancing the operational and thermal performance of the facility will allow current shortcomings to continue, this in turn will put strain on resources and limit the Council's overall ambitions to achieve net zero.</li> </ul>

## PROJECT APPRAISAL FORM

<b>Project Name:</b> Cotgrave Leisure Centre - Enhancements	<b>Cost Centre:</b> 0402	<b>Ref:</b> 6
<b>Detailed Description:</b> <p>As part of the Leisure Strategy refresh, Cotgrave Leisure Centre has been identified as the number one project for capital investment.</p> <p>The proposed works the Leisure Centre have been identified as follows:</p> <p><b><u>Ground floor – reception area</u></b></p> <ol style="list-style-type: none"><li>1. Move reception to old Town council office on left as enter</li><li>2. Remove existing reception to open space</li><li>3. Office behind old reception becomes accessible toilet</li><li>4. Second Office retained</li><li>5. Reconfigure ladies, gents, accessible toilet, and store into 4 self-contained unisex toilets</li><li>6. Space for vending in opened up reception</li></ol> <p><b><u>Ground floor corridor</u></b></p> <ol style="list-style-type: none"><li>7. Knock back wall on right stealing space from kitchen, activity room spin corridor and dry changing rooms to widen corridor</li><li>8. Locker banks in between columns on the left wall to infill</li><li>9. Combine (subject to structural restrictions) activity room spin corridor and dry changing rooms to create one large studio. Consider glazing onto corridor for borrowed light.</li></ol> <p><b><u>Wet Change Village</u></b></p> <ol style="list-style-type: none"><li>10. Remove all locker banks and all cubicles and replace with new. Layout to be reconfigured to provide improved flow - lockers and cubicles directly inside doors to changing village to be removed as these are closing of the space and the circulation</li><li>11. Remove lockers and vanity unit over and replace with new vanity unit</li><li>12. Replace lighting above vanity unit with modern brighter lighting</li><li>13. Full professional deep clean of floor tiles and re-grout</li><li>14. Replace lighting for LED panel lighting throughout</li><li>15. Remove redundant ceiling speakers</li><li>16. Replace ceiling tiles throughout</li><li>17. Replace skirting tiles with coved tiles</li></ol> <p><b><u>Accessible changing room</u></b></p> <ol style="list-style-type: none"><li>18. Upgrade to changing places spec</li><li>19. New ceiling tiles throughout</li><li>20. New door</li></ol> <p><b><u>Group changing rooms</u></b></p> <ol style="list-style-type: none"><li>21. Remove lockers.</li><li>22. Professional deep clean of wall and floor tiles</li><li>23. Remove bench seating and replace with new to perimeter of room</li><li>24. New resin flooring in shower areas</li><li>25. Replace lighting for LED panel lighting throughout</li><li>26. New ceiling tiles throughout</li><li>27. Redecoration</li></ol> <p><b><u>Male Toilets and Female toilets</u></b></p> <ol style="list-style-type: none"><li>28. Professional deep clean of wall and floor tiles</li><li>29. New sanitary wear</li></ol>		

- 30. New IPS cubicles
- 31. New vanity units

**Sports hall**

- 32. Replace sports hall floor covering with new, including all court and play markings

**Roof**

- 33. Survey and remedials as necessary
- 34. Subject to above survey, replace

**M&E**

- 35. Upgrade external lighting
- 36. M&E condition survey with recommendations to improve efficiency and reduce carbon output

A Cost plan for the above capital works has been developed by Henry Riley and the stage two cost plan totals £893k for facilitating and building works. The total cost including pre-lims Overheads and profit and contingency bring the total package of works to £ 1.305m.

The proposed capital programme contains £1.075m for the building works, a shortfall of £230k, which will be carried forward from the 22/23 Capital Programme underspend.

The site has also been successful in receiving a Phase 3B Public Sector decarbonisation grant (Salix) to decarbonise this leisure centre. The grant totals £1.215m over two years: 23/24 £899k and 24 /25 £316k. The grant requires 12% match funding investment of £146k and it is proposed that this element of funding is met via the Climate Change Action Reserve. This gives a total £1.361m additional resources.

The Salix bid will focus on replacing the boiler systems which is at the end of its useful life with an Air-Source Heat Pump alternative and solar panels to the roof of the Leisure Centre. Budget adjustments will be made for these fully funded elements when the details and timing are better known.

**Additional - subject to funds and other grants pot applications**

- 37. Replace flume with new - £100,000 Estimate- UKSPF Funding
- 38. Cotgrave Youth Club Separation £30,000 to £50,000 Estimate- Joint funding with NCC
- 39. Internal changing places toilet provision- £50,000 Department for levelling Up, housing and Communities (DHLUHC) funding application submitted

As above, budget adjustments will be made when the outcome of funding bids known.

The capital investment will see a significant refurbishment of the leisure centre to improve disability access, toilet facilities (including a Changing Places toilet). The transformed changing village will provide a modern, fit for purpose environment, accessible to all and will include reconfiguration to better utilise the space and provide fitness studios in keeping with the modern fitness culture. This will also make better use of the vacated town Council rooms.

In addition, works to the sports hall will see upgrades to ensure integrity of the fabric and structure and replace worn end of life flooring. Works will include any required upgrades to lighting, heating, ventilation, security, and fire systems as determined by reconfigured spaces in conjunction to the Salix funding. A new sand filter media will replace the old sand and glass pool filter. This work will be done together with the pool filter replacement at Keyworth to secure efficiencies.

## PROJECT APPRAISAL FORM

**Project Name:** KLC Enhancements

**Cost Centre:** 0424

**Ref:** 7

### Detailed Description:

Keyworth Leisure Centre has been identified as the number two capital project for investment as part of the refreshed Leisure Strategy.

A scoping audit of works was undertaken, and the following works have been identified: (this is supported by a Henry Riley Cost plan.

### Wet Change Village

1. Deep clean tile walls and apply white tile paint to all blue tiles
2. Professional deep clean on floor tiles
3. Re-grout floor tiles
4. Paint black tiled skirting boards throughout with black or dark grey tile paint
5. Chop out broken tiles around floor grate and replace with resin infill
6. Replace all ceiling tiles with new
7. Replace exiting light fittings with new led panel lighting to brighten entire area
8. Cubicles and lockers throughout – explore refurb and sticky back vinyl wrap as VE.
  - a. Cubicles sides and infills in mid grey, doors in muted green (aka Rushcliffe & Bingham Arena)
9. Replace damaged plastic cubicle feet where required
10. Clean and repaint the corroded water pipes in family change
11. Blue woodwork throughout to be re-painted in mid grey
12. Varnished doors throughout to be sanded and varnished with new door kick plates added
13. Renew shower screen between changing area a post swim showers
14. Strip and repair area of damp wall by the shower screen

### Accessible shower room

15. Deep professional clean, floors and wall tiles
16. White roc finish to walls
17. Replace all ceiling tiles with new

### Male Toilets and Female toilets

18. Deep professional clean, floors and wall tiles
19. Paint black skirting tile with fresh black or dark grey tile paint
20. Cut out tiles around centre floor gullies and replace with resin infill
21. Replace slotted sink waste and taps
22. Replace all ceiling tiles

### Pool Hall

23. Deep professional clean, floors and wall tiles
24. Replace vertical tiles with the over pool ceiling lights
25. New roller shutter to pool store
26. Vinyl wrap two square blue laminated posts between changing and pool
27. New double fire door set at pool store end of pool
28. Remove old redundant light fittings over pool
29. Replace all ceiling tiles
30. Resin repair to base of rusting steel column between the pools

### Dry side toilets – Male & female

31. New vinyl flooring
32. New ceiling tiles
33. Professional deep clean of wall tiles ahead of painting light grey

### Dry side accessible toilet

34. New vinyl flooring
35. Paint walls - white
36. Paint radiator - white

### Reception

37. Replace light fittings with LED panel lights
38. Vinyl Wrap to reception desk to brighten and rebrand

### General

39. Replace skylights
40. Repair/refurbish/replace roof
41. M&E survey with recommendation of works required to increase efficiency and reduce carbon output

### Possible additions – subject to budget

42. Fire survey to assess condition and compliance of fire doors
43. Replace showers with new more efficient models
44. Replace toilet, sinks, IPS and vanities with new throughout
45. Consider reconfiguration of reception, viewing area, offices, and fitness suite to maximise fitness suite footprint
46. External lighting improvements

### **The Henry Riley cost plan brings the total facilitating and building works to £348k and a project cost to £510k**

A provision of £470k is included in the Capital Programme for the building works, a shortfall of £40k, which will be carried forward from the 22/23 Capital Programme underspend.

**In addition**, £13k is included in the 24/25 programme for replacement pool filter in line with the Pool and Treatment Advisory Group (PWTAG) industry guidelines to replace filter media every 5 – 7 years. The new sand filter media will replace the old sand and glass pool filter. This work will be done together with the pool filter replacement at Cotgrave to secure efficiencies.

## PROJECT APPRAISAL FORM

<b>Project Name:</b> Arena Enhancements - Filter Media		<b>Cost Centre:</b> 0415	<b>Ref:</b> 8
<b>Detailed Description:</b>			
<p>The Pool water Treatment Advisory Group industry guidelines require filter media, commonly glass or sand, in commercial swimming pool filters is replaced every 5-7 years. Failure to replace filter media can make the media less effective and allow biofilms to form which not only reduce the effectiveness of the filtration but can lead to increased levels of bacteria, particularly e-coli and cryptosporidium.</p> <p>This can pose a risk to health, hence the PWTAG guidelines. Rushcliffe Arena opened in December 2016 with four brand new sand and filters. To meet the PWTAG guidelines the filter media ought to be replaced by December 2023 at the latest to ensure continued efficiency and safety.</p> <p>This project will undertake to remove the sand filter media from the four filters at Rushcliffe Arena Leisure centre and replace with new fresh sand filter media.</p>			
<b>Location:</b> Rushcliffe Arena, West Bridgford		<b>Executive Manager:</b> Neighbourhoods	
<b>Contribution to the Council's aims and objectives:</b>			
<b>Corporate Priorities:</b>			
<ul style="list-style-type: none"> <li>• Maintaining and enhancing the resident's quality of life</li> <li>• Efficient Services</li> </ul>			
<b>Community Outcomes:</b>			
<ul style="list-style-type: none"> <li>• Rushcliffe residents continue to be able to access swimming facilities helping them to maintain healthy and active lifestyles.</li> </ul>			
<b>Environmental Outcomes:</b>			
<ul style="list-style-type: none"> <li>• Material selection, wherever possible locally sourced, carbon efficient production, longevity of materials will also be considered.</li> </ul>			
<b>Other Options Rejected and Why:</b>			
Do nothing. This has been rejected as it is against industry guidelines for maintaining safe pool water and would leave the council at risk should an outbreak of illness be linked to the quality of the swimming pool water at Rushcliffe Arena.			
<b>Start Date:</b> Oct 2023		<b>Completion Date:</b> Dec 2023

**PROJECT APPRAISAL FORM**

<b>Project Name:</b> Play Areas W.B. (Special Expense)	<b>Cost Centre:</b> 0664	<b>Ref:</b> 9
---	--------------------------	---------------

**Detailed Description:**

The priority project for 2023/24 is Greythorn Drive Play area and will be procured via the ESPO framework supported by Welland Procurement and VIA East Midlands who will provide project management support.

The inclusive refurbishment of the site will also include the Astro turf pitch to the rear and the play area. The site will expand in size and will be supplied with additional equipment to cater for the demand created by the development of land south of Wilford Lane. The extension will be funded by the Section 106 contribution to this site of £102k.

The capital programme contains £75k in 23/24 and 24/25. It is intended to add the S106 contribution of £102k to the 23/24 scheme to undertake a wider scope of works at Greythorn Drive. The capital programme will be adjusted when the details and timings are clearer.

If sufficient funding is in place to achieve all the redevelopment objectives for Greythorn Drive, the remaining funds in the 2023/24 financial year will be diverted to enhancing individual pieces of equipment in Bridgford Park Play area.

As a Neighbourhood Equipped Area for Play (NEAP) any new equipment will have a particular focus on improving inclusive play on this site. The 2024/25 allocation will also look to enhance further elements of Bridgford Park Play area

<b>Location:</b> West Bridgford	<b>Executive Manager:</b> Neighbourhoods
---------------------------------	--

**Contribution to the Council's aims and objectives:**

**Corporate Priorities:**

- Quality of Life
- Efficient Services
- The Environment

<b>Strategic Commitments:</b>			
<ul style="list-style-type: none"> <li>• Protecting our residents' health and facilitating healthier lifestyle choices.</li> <li>• Provide high quality community facilities which meet the needs of our residents.</li> <li>• Creating opportunities for young people to realise their potential.</li> <li>• Delivering a scheme refurbishment identified within the Rushcliffe Play Strategy</li> <li>• Working to achieve carbon neutral status for the Council's operations.</li> </ul>			
<b>Community Outcomes:</b>			
<ul style="list-style-type: none"> <li>• To ensure the provision of high-quality community facilities which meet community need.</li> <li>• To protect our residents' health and facilitate healthier lifestyle choice.</li> <li>• To provide a facility to engage with young people who may otherwise not take part in formal sports or physical activity.</li> </ul>			
<b>Environmental Outcomes:</b>			
<ul style="list-style-type: none"> <li>• The tender process will take into consideration supply chain, Carbon reduction measures from the supplier use of materials to procure the most sustainable play facility for the community</li> </ul>			
<b>Other Options Rejected and Why:</b>			
Doing nothing would result in increased maintenance costs for ageing equipment, reduced appeal of the play areas leading to lower levels of use and be inconsistent with the vision of high-quality parks and leisure facilities. A lack of replacement programme would over time lead to an increased health and safety risk.			
<b>Start Date: Autumn 2023</b>		<b>Completion Date: March 2024</b>	
<b>Capital Cost (Total):</b>	<b>Year: 24/25</b>	<b>Year 2: 25/26</b>	
£150,000 plus £102,000 S106	£75,000 plus £102,000 S106	£75,000

<b>Works</b> £145,000 to be adjusted for use of additional S106 resources	<b>Equipment</b>	<b>Other</b>	<b>Fees</b> £5,000
<b>Additional Revenue cost/ (saving) per annum:</b>	<b>Year 1: 23/24</b>	<b>Year 2: 24/25</b>	
<b>Year 3: 25/26</b>	<b>Year 4: 26/27</b>	<b>Year 5: 27/28</b>	
<b>Proposed Funding West Bridgford special expense and section 106 funding for</b>			
<b>External:</b> Planned additional use of £102k S106 Contribution		<b>Internal:</b> Balance from Regeneration and Community Projects Reserve (Special Expense)	

<b>Useful Economic Life (years):</b> 15	<b>New/Replacement:</b> Replacement and new
<b>Depreciation per annum:</b> £10k to be recalculated when use of S106 is known	<b>Capital Financing Costs:</b> Nil as funds raised through WB Special Expense and S106 Contribution
<b>Residual Value:</b> N/A	<b>Category of Asset:</b> Infrastructure/Equipment
<b>IFRS16 New Lease Checklist Completed?</b>	N/A

**PROJECT APPRAISAL FORM**

<b>Project Name:</b> West Park Enhancements - Special Expense	<b>Cost Centre:</b> 0320	<b>Ref:</b> 10
<p><b>Detailed Description:</b>          West Park centenary is 2023 and the Sir Julian Cahn Pavilion centenary year is in 2026. The wooden constructed former cricket pavilion underwent a substantive refurbishment in 2004 and is now in need of further works to preserve the building and ensure that it meets the needs of the local community.</p> <p>It is proposed that it becomes the primary building for functions offered by the council.</p> <div style="display: flex; justify-content: space-between;"> <div data-bbox="183 517 896 1048" style="width: 45%;">  </div> <div data-bbox="911 517 1437 1048" style="width: 50%;"> <p>The upgrade would include replacing the existing toilets and bar area after establishing if there is a need of a fixed bar or if this would be provided by having better toilets and a function room that can support an external bar provider.</p> <p>Kitchen unit replacements; replacement of timber bay windows; installation of bi-fold doors to provide access to the grassed area in front of the building; and remodelling the disabled entry to provide improved access.</p> <p>Works to include replacement of sanitary ware, fixtures, fittings, and finishes. We would also explore upgrading the boiler and establish if solar panels could be fitted to the rear of the building's roof to improve environmental standard and minimise water and power consumption. An additional £20k has been included to upgrade the public toilet.</p> </div> </div> <p>Further survey work is needed to understand if there is any underpinning work required given the construction and age of the pavilion and the current costing and timescales are estimated based upon Estate's capacity to support the delivery of the project.</p> <p>The project would also include the installation of modern technology such as Wi-Fi</p>		
<b>Location:</b> West Park – Julien Cahn Pavilion	<b>Executive Manager:</b> Neighbourhoods	
<p><b>Contribution to the Council's aims and objectives:</b></p> <p><b>Corporate Priorities:</b></p> <ul style="list-style-type: none"> <li>• Quality of Life</li> <li>• Efficient Services</li> <li>• The Environment</li> </ul> <p><b>Strategic Commitments:</b></p> <ul style="list-style-type: none"> <li>• Protecting our residents' health and facilitating healthier lifestyle choices.</li> <li>• Provide high quality community facilities which meet the needs of our residents and contribute towards the financial independence of the Council.</li> <li>• Creating opportunities for young people to realise their potential.</li> <li>• Ongoing appraisal and alignment of resources linked to growth aspirations.</li> <li>• Working to achieve carbon neutral status for the Council's operations.</li> </ul>		
<p><b>Community Outcomes:</b>          Upgrade works will enhance customer experience and improve efficiency of the facility.</p>		

It is proposed to commence these works over the winter of 2023/24 and complete in the spring 2025, however this project will need to be consider in conjunction with the Cotgrave Leisure Centre redevelopment, the Keyworth Leisure Centre development, and the Edwalton Community Building redevelopment to ensure enough staff capacity to complete the works			
<b>Environmental Outcomes:</b> The Pavilion would be refurbished to the latest building regulations and environmental standards, it is proposed to have solar PV to its southern roof elevation Thermal efficient windows and water and heat saving infrastructure would be included in the refurbishment.			
<b>Other Options Rejected and Why:</b> Do not refurbish the Pavilion – this would result in lower customer experience/perceptions of the facility and miss an opportunity to minimise operational costs and achieve Carbon reduction targets for our Estate.  It would also put at risk an historic building within West Bridgford falling into decline			
<b>Start Date:</b> 2023/24		<b>Completion Date:</b> 2024/25	
<b>Capital Cost (Total):</b>	<b>Year 1:23/24</b>	<b>Year 2: 24/25</b>	
£500,000	£500,000 but may need re-profiling		
<b>Capital Cost (Breakdown) £:</b> equipment still to be identified from works element			
<b>Works</b> £455,000	<b>Equipment</b>	<b>Other</b>	<b>Fees</b> £45,000
<b>Revenue cost per annum:</b>	<b>Year 1: 23/24</b>		<b>Year 2: 24/25</b>
<b>Year 3: 25/26</b>	<b>Year 4: 26/27</b>		<b>Year 5: 27/28</b>
<b>Proposed Funding</b>			
<b>External:</b>		<b>Internal:</b> Capital Receipts in the first instance repayable from West Bridgford Special Expense by annuity. Potential Climate Change elements to be determined and assessed for funding from the specific reserve.	

<b>Useful Economic Life (years):</b> 30 years	<b>New/Replacement:</b> New and Replacement
<b>Depreciation per annum:</b> £16.6k p.a.	<b>Capital Financing Costs:</b> Nil as repaid from WB Special Expense
<b>Residual Value:</b> N/A	<b>Category of Asset:</b> Operational Land and Buildings/Equipment
<b>IFRS16 New Lease Checklist Completed?</b>	N/A

## PROJECT APPRAISAL FORM

**Project Name:** Gresham Sports Pavilion

**Cost Centre:** 0347

**Ref:** 11

### Detailed Description:

Gresham Sports Park usage has grown significantly since the installation of a second 3G pitch which came into operation in November 2021.

Since this time the site has taken on additional booking such as the East Midlands Pan-disability league hosting matches at the weekends and an education provider using the during the pavilion on weekday.

On match days the once underutilised changing rooms are fully being used and we would like to improve the disabled provision by installing a changing place toilet.

The two options are as follows:

### Option 1

Convert the former physio room that is now operating as a cleaning store into a changing place toilet. The room is denoted by the red-dot below.

### Advantages

The room has an existing toilet and water supply so it would be easier to create a changing places toilet in this space. It would also be secure as part of the main building

### Disadvantages

The pavilion is quite a walk from the second ATP pitch so is not ideally located  
The pavilion has quite poor storage so it would be a challenge to accommodate the cleaning materials if this space was re-purposed.

This option is estimated at £50,000 and would be subject to a successful DLUHC grant application

**Option 2**

Purchase a stand-alone Changing places pod and locate it on the grass area marked by the A and B dots on the second image

**Advantages**

The pod could be installed directly into the optimal site location and provide improved access for people using the second ATP

**Disadvantages**

The services required to connect the pod into the existing foul drainage system in currently unknown but could be expensive

The pod would need to be secured and may be susceptible to vandalism

This option is likely to be more expensive to deliver

This option is estimated at £75,000 and would be subject to a successful DLUHC grant application

**Location:** Gresham Sports Park WB

**Executive Manager:** Neighbourhoods

<b>Contribution to the Council's aims and objectives:</b>

To report on energy usage and seek out opportunities to provide positive impact on carbon reduction.</li> </ul> </li> <li>• Collaboration and Partnerships <ul style="list-style-type: none"> <li>○ Continue to work closely with other authorities, establishing effective partnerships to share common challenges for efficient outcomes.</li> </ul> </li> </ul>			
<b>Environmental Outcomes:</b>			
<ul style="list-style-type: none"> <li>• When new infrastructure or ICT equipment is procured, power consumption forms part of the decision making when assessing quality of products. The supplier is also reviewed to see what their carbon footprint is and will add to the Council's.</li> </ul>			
<b>Other Options Rejected and Why:</b>			
Every project is the subject of a proposal or business case to be presented to, and approved by, the Executive Manager for the corresponding Service Area to ensure that the most appropriate IT solution is chosen, having due regard to the alignment of technologies already in use across other local authorities, value for money and resilience. The option of not doing so would lead to outdated or incompatible technology, which would result in lower performance, higher maintenance costs and hinder the drive for greater efficiencies.			
<b>Start Date:</b> On-going		<b>Completion Date:</b> On-going

## **CAPITAL AND INVESTMENT STRATEGY 2023/24 – 2027/28**

### **Introduction**

1. The Local Government Act 2003 requires the Council to comply with the CIPFA Prudential Code for Capital Finance in Local Authorities when carrying out capital and treasury management activities.
2. The Department for Levelling Up, Housing & Communities (DLUHC) has issued Guidance on Local Authority Investments that requires the Council to approve an investment strategy before the start of each financial year.
3. This report fulfils the Council's legal obligation under the Local Government Act 2003 to have regard to both the CIPFA Code and the DLUHC Guidance.
4. Revisions to CIPFA's Treasury Management Code and Prudential Code (Dec 2021) come into full effect in 2023/24, including revised reporting requirements (these include changes in the Capital strategy, prudential indicators, and investment reporting) which had been deferred but which the Council is already following. Treasury Management Practices (TMPs) have been updated accordingly and are referenced below. Main changes relate to greater emphasis on environmental sustainability and the knowledge and skills of staff/council members dealing with treasury management. In addition, there is the introduction of Investment Management Practices (IMPs) which cover investment objectives/criteria, risk management and decision making.

### **The Capital Strategy**

5. The Council's capital expenditure plans are summarised below and forms the first of the prudential indicators. Capital expenditure needs to have regard to:
  - Corporate Priorities (e.g., strategic planning)
  - Stewardship of assets (e.g., asset management planning)
  - Value for money (e.g., option appraisal)
  - Prudence and sustainability (e.g., implications for external borrowing and whole life costing)
  - Affordability (e.g., implications for council tax)
  - Practicability (e.g., the achievability of the Corporate Strategy)
  - Proportionality (e.g., risks associated with investment are proportionate to financial capacity); and
  - ESG (Environmental, Social, and Governance e.g., address environmental sustainability in a manner which is consistent with our corporate policies. This is now a requirement of the TM Code)
6. Each year the Council will produce a Capital Programme to be approved by Full Council in March as part of the Council Tax setting.

7. Each scheme is supported by a detailed appraisal (which may also be a Cabinet Report), as set out in the Council's Financial Regulations. The capital appraisals will address the following:
  - a) A detailed description of the project
  - b) How the project contributes to the Council's Corporate Priorities and Strategic Commitments (particularly the Council's environmental and carbon policies)
  - c) Anticipated outcomes
  - d) A consideration of alternative solutions
  - e) An estimate of the capital costs and sources of funding
  - f) An estimate of the revenue implications, including any savings and/or future income generation potential
  - g) A consideration of whether it is a new lease agreement
  - h) A consideration of sustainability in accordance with corporate objectives
  - i) Any other aspects relevant to the appraisal of the scheme as the S151 Officer may determine

The appraisal requirement applies to all schemes except where there is regular grant support and if commercial negotiations are due to take place and further reporting to Cabinet or Full Council is therefore required.

8. From time-to-time unforeseen opportunities may arise, or new priorities may emerge, which will require swift action and inclusion in the Capital Programme. These schemes are still subject to the appraisal process and the Capital Programme will contain a contingency sum to allow such schemes to progress without disrupting other planned capital activity.

### **Capital Prudential Indicators**

#### **a) Capital Expenditure Estimates**

9. Capital expenditure can be financed immediately through the application of capital resources, for example, capital receipts, capital grants or revenue resources. However, if these resources are insufficient or a decision is taken not to apply resources, the capital expenditure will give rise to a borrowing need. Table 1 summarises the capital expenditure projections and anticipated financing.

**Table1: Projected Capital Expenditure and Financing**

	2022/23 Original £'000	2022/23 Revised £'000	2023/24 Estimate £'000	2024/25 Estimate £'000	2025/26 Estimate £'000	2026/27 Estimate £'000	2027/28 Estimate £'000
<b>Capital Expenditure</b>	14,611	19,579	9,576	4,340	5,935	2,265	1,370
<b>Less Financed by:</b>							
Capital Receipts	8,921	4,759	3,387	2,260	4,690	670	195
Capital Grants/ Contributions	4,085	4,347	3,739	1,570	695	695	695
Reserves	1,605	1,223	1,450	510	550	900	480
<b>Total Financing</b>	14,611	10,329	8,576	4,340	5,935	2,265	1,370
<b>Underlying need to Borrow</b>	<b>0</b>	<b>9,250</b>	<b>1,000</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>

10. The key risks to the capital expenditure plans are that the level of grants estimated is subject to change, anticipated capital receipts are not realised or spend is more than expected in the medium term. The Government had planned to cease New Homes Bonus from 2023/24 which impacted on the level of capital grants received going forward. We have had a reduced allocation in 2023/24 and its future remains uncertain.

**b) The Council's Underlying Need to Borrow and Investment position**

11. The Capital Financing Requirement (CFR) represents the Council's underlying need to borrow for capital expenditure and it remains a key indicator under the Prudential Code. This underlying need to borrow will increase the CFR (i.e., the use of internal borrowing, which reduces our investment balance). This increase is offset by Minimum Revenue Provision (MRP) and any additional voluntary contributions (VRP) raised through Council Tax, as a result of financing requirements in relation to the Arena development, Cotgrave redevelopment, Bingham Leisure Hub, and the Crematorium.
12. The Council also holds usable reserves and working capital which represent the underlying resources available for investment. The Council's current strategy is to use these resources, by way of internal borrowing, to avoid the commitment to external debt.
13. The table below summarises the overall position regarding borrowing and available investments and shows an increase in CFR reflecting the completion of the Crematorium and Bingham Leisure Hub in 2022-23. The capital receipt anticipated from the sale of land Hollygate Lane will be used to reduce the CFR in following years.

**Table 2: CFR and Investment Resources**

	2022/23 Forecast £'000	2023/24 Forecast £'000	2024/25 Forecast £'000	2025/26 Forecast £'000	2026/27 Forecast £'000	2027/28 Forecast £'000
Opening CFR	7,283	15,516	12,605	9,385	8,116	7,281
CFR in year	9,250	1,000	-	-	-	-
Less: MRP etc	(1,017)	(1,311)	(1,320)	(1,269)	(835)	(269)
Less: Capital Receipts Applied		(2,600)	(1,900)			
<b>Closing CFR</b>	<b>15,516</b>	<b>12,605</b>	<b>9,385</b>	<b>8,116</b>	<b>7,281</b>	<b>7,012</b>
Less: External Borrowing	-	-	-	-	-	-
<b>Internal Borrowing</b>	15,516	12,605	9,385	8,116	7,281	7,012
<b>Less:</b>						
Usable Reserves	(24,866)	(22,129)	(22,632)	(20,451)	(18,665)	(18,281)
Working Capital	(43,569)	(38,625)	(35,750)	(33,750)	(31,750)	(29,750)
<b>Available for Investment</b>	<b>(52,919)</b>	<b>(48,149)</b>	<b>(48,997)</b>	<b>(46,085)</b>	<b>(43,134)</b>	<b>(41,019)</b>

14. The Council is currently debt free and the assumption in the capital expenditure plans is that the Council will not need to externally borrow over the MTFs predominantly due to CIL and S106 monies. Available resources (usable reserves and working capital) gently tail off over the medium term, with usable reserves being used over the medium term to finance both capital and revenue expenditure and working capital steadily reducing as S106 monies in relation to Education are no longer paid to the Council.
15. The new accounting standard IFRS16 has been delayed again and now comes into force on 1<sup>st</sup> April 2024. IFRS 16 affects how leases are measured, recognised, and presented in the accounts and essentially means that some leases may have to be classified as capital expenditure. The full impact of this change will be determined but it is thought that it is unlikely to impact significantly on the CFR.

## Minimum Revenue Provision Policy

16. DLUHC Regulations have been issued which require the Governance Scrutiny Group to consider a Minimum Revenue Provision (MRP) Statement in advance of each year. Further commentary regarding financing of the debt is provided in paragraphs 28-33. A variety of options are provided to Councils, so long as there is prudent provision. The Council has chosen the Asset Life Method (Option 3 within the Guidance) with the following recommended MRP Statement:

*MRP will be based on the estimated life of the assets, in accordance with Option 3 of the regulations. Estimated life periods within this limit will be determined under delegated powers, subject to any statutory override. (DCLG revised guidance states maximum asset lives of 40 and 50 years for property and land respectively)*

*As some types of capital expenditure incurred by the Council are not capable of being related to an individual asset, asset lives will be assessed on a basis which most reasonably reflects the anticipated period of benefit that arises from the expenditure. Also, whatever type of expenditure is involved, it will be grouped together in a manner which reflects the nature of the main component of expenditure and will only be divided up in cases where there are two or more major components with substantially different useful economic lives.*

*This option provides for a reduction in the borrowing need over approximately the asset's life.*

17. As well as the need to pay off an element of the accumulated General Fund borrowing requirement used to fund capital expenditure each year (the CFR), through a revenue charge (the MRP) the Council is also allowed to make additional voluntary contributions (voluntary revenue provision – VRP). In times of financial crisis, the Council has the flexibility to reduce voluntary contributions. Table 2 (paragraph 13) shows a decision to use capital receipts to bring the CFR down by funding capital expenditure.

## **Treasury Management Strategy 2023/24 to 2027/28**

18. The CIPFA Treasury Management Code (2021) defines treasury management activities as:

*“The management of the organisation’s borrowing, investments and cash flows, including its banking, money market and capital market transactions, the effective control of the risks associated with those activities, and the pursuit of optimum performance consistent with those risks.”*

The code also includes non-cash investments which are covered at paragraph 67 below. Under the revised Prudential code, investments are separated into categories for Treasury Investment, Service Investment and Commercial Investment.

19. The CIPFA Code of Practice for Treasury Management in the Public Services (the “CIPFA Treasury Management Code”) and the CIPFA Prudential Code require local authorities to produce a Treasury Management Strategy Statement on an annual basis.
20. This Strategy Statement includes those indicators that relate to the treasury management functions and help ensure that the Council’s capital investment plans are affordable, prudent, and sustainable, while giving priority to the security and liquidity of those investments. TMP 1 sets out the Council’s practices relating to ESG and is a developing area.

### **The Current Economic Climate and Prospects for Interest Rates**

21. At the December 2022 meeting the monetary policy committee (MPC) backed a hike in interest rates of 0.5 percentage points despite fears the UK economy is about to enter a long recession.
22. It is exactly a year since the Bank of England started raising interest rates from a record low of 0.1% in December 2021. On the 15 December the Bank of England raised the Bank Rate for the ninth time in a year, a 0.5% jump to 3.5%. The financial markets believe interest rates will peak at 4.75% next year. Link (the

Council's Treasury Advisors) are forecasting a stepped increase with rates peaking at 4.5% in June 2023 before starting to tail off from December 2023 dropping to 4.0% in March 2024 and gradually reducing to 2.5% by September 2025.

23. Inflation is currently at 10.7% due to higher energy and commodity prices and continuing supply shortages. The target is to get inflation to 2% which is why the MPC is under pressure to increase interest rates. Inflation is expected to remain high for the first quarter of 2023 and then gradually fall back towards 2% by the April 2024.
24. The unemployment rate in the UK is currently 3.7% (Nov 2022) and is projected to trend around 5% in 2023 and 6% in 2024.
25. The table below shows the assumed average interest (which reflects a prudent approach) that will be made over the next five years for budget setting purposes.

**Table 3: Budgetary Impact of Assumed Interest Rate Going Forward**

	2023/24	2024/25	2025/26	2026/27	2027/28
<b>Anticipated Interest Rate</b>	4.50%	4.00%	3.00%	2.50%	2.50%
<b>Expected interest from investments (£)</b>	1,292,308	839,420	613,045	547,570	542,995
<b>Other interest (£)</b>	67,000	63,000	59,000	59,000	59,000
<b>Total Interest (£)</b>	<b>1,359,308</b>	<b>902,420</b>	<b>672,045</b>	<b>606,570</b>	<b>601,995</b>
<b>Sensitivity:</b>	£	£	£	£	£
- 0.25% Interest Rate	(307,700)	(205,800)	(37,000)	(24,700)	(19,300)
+ 0.25% Interest Rate	307,700	205,800	37,000	24,700	19,300

26. In the event that a bank suffers a loss, the Council could be subject to bail-in to assist with the recovery process. The impact of a bail-in depends on the size of the loss incurred by the bank or building society, the amount of equity capital and junior bonds that can be absorbed first and the proportion of insured deposits, covered bonds and other liabilities that are exempt from bail-in.
27. The Council has managed bail-in risk by both reducing the amount that can be invested with each institution to £10 million and by investment diversification between creditworthy counterparties.

### **Borrowing Strategy 2023/24 to 2027/28**

#### **Prudential Indicators for External Debt**

28. Table 2 above identifies that the Council will not need to externally borrow over the MTFs instead choosing to internally borrow. Whilst this means that no external borrowing costs (interest/debt management) are incurred, there is an opportunity cost of using internal borrowing by way of lost interest on cash balances.
29. The approved sources of long-term and short-term borrowing are:

- Internal borrowing

- Municipal Bond Agency
- Public Works Loan Board (or the body that will replace the PWLB in the future)
- Local authorities
- UK public and private sector pension funds
- Commercial banks
- Building Societies in the UK
- Money markets
- Leasing
- Capital market bond investors
- Special purpose companies created to enable local authority bond issue

PWLB Borrowing is at Gilts +80bps (certainty rate). If applying, there is the need to categorise the capital programme into 5 categories including service, housing and regeneration. If any Authority has assets that are being purchased 'primarily for yield' anywhere in their capital programme they will not be able to access PWLB funding.

#### a) Authorised Limit for External Debt

30. The authorised limit is the "affordable borrowing limit" required by section 3 (1) of the Local Government Act 2003 and represents the limit beyond which borrowing is prohibited. It shows the maximum amount the Council could afford to borrow in the short term to maximise treasury management opportunities and either cover temporary cash flow shortfalls or use for longer term capital investment. It should be set higher than the CFR plus a safety margin of £5m to £10m.

**Table 4: The Authorised Limit**

	2022/23 Estimate £'000	2023/24 Estimate £'000	2024/25 Estimate £'000	2025/26 Estimate £'000	2026/27 Estimate £'000	2027/28 Estimate £'000
<b>Authorised Limit</b>	25,000	25,000	25,000	25,000	25,000	25,000

#### b) Operational Boundary for External Debt

31. The operational boundary is the expected borrowing position of the Council during the course of the year. The operational boundary is not a limit and actual borrowing can be either below or above the boundary subject to the authorised limit not being breached. The Operational Limit has been set at £20m and, whilst the Council is not expected to externally borrow over the period of the MTFs, this provides a cushion and gives flexibility should circumstances significantly change.

**Table 5: The Operational Boundary**

	2022/23 Estimate £'000	2023/24 Estimate £'000	2024/25 Estimate £'000	2025/26 Estimate £'000	2026/27 Estimate £'000	2027/28 Estimate £'000
<b>Operational Boundary</b>	20,000	20,000	20,000	20,000	20,000	20,000

32. The Prudential indicators are shown graphically below.

33. The TM Code introduces a new indicator called the Liability Benchmark which reflects the real need to borrow. The Benchmark must also be shown graphically. The Liability Benchmark in the table and graph below shows that the Council's CFR is reducing due to MRP repayments, reserves are being used to fund future capital expenditure and working capital/S106 monies are returning to a more realistic level. The Council has no need to borrow over the medium term.

	2022/23 £'000	2023/24 £'000	2024/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000
Closing CFR	15,516	12,605	9,385	8,116	7,281	7,012
<b>Less:</b>						
Usable Reserves	(24,866)	(22,129)	(22,632)	(20,451)	(18,665)	(18,281)
Working Capital	(43,569)	(38,625)	(35,750)	(33,750)	(31,750)	(29,750)
Plus minimum investments	10,000	10,000	10,000	10,000	10,000	10,000
<b>LIABILITY BENCHMARK</b>	<b>(42,919)</b>	<b>(38,149)</b>	<b>(38,997)</b>	<b>(36,085)</b>	<b>(33,134)</b>	<b>(31,019)</b>

## Prudential Indicators for Affordability

34. Affordability indicators provide details of the impact of capital investment plans on the Council's overall finances.

### a) Actual and estimates of the ratio of net financing costs to net revenue stream

35. This indicator identifies the trend in net financing costs (borrowing costs less investment income) against net revenue income. The purpose of the indicator is to show how the proportion of net income used to pay for financing costs is changing over time. A credit indicates interest earned rather than an interest cost. The credit figure in 2023-24 reflects the rapid rise in interest rates and the downward trend, in later years, reflects the reduction in MRP as payments in relation to the Arena are finalised and despite new non-treasury capital commitments in the Crematorium and Bingham Hub giving rise to further MRP, repayments are less because they are spread over a longer period.

**Table 6: Proportion of Financing Costs to Net Revenue Stream**

	2022/23 Estimate	2023/24 Estimate	2024/25 Estimate	2025/26 Estimate	2026/27 Estimate	2027/28 Estimate
<b>General Fund</b>	4.92%	-0.37%	3.22%	4.45%	-0.32%	-0.31%

### b) Estimates of net income to net revenue stream

36. This is a new indicator that looks at net income from commercial and service investments (for example it includes the Crematorium) and expresses it as a percentage of net revenue streams. The increase reflects rent increases and full year effect of the crematorium becoming operational.

**Table 7: Proportion of Net Income to Net Revenue Stream**

	<b>2023/24 Estimate</b>	<b>2024/25 Estimate</b>	<b>2025/26 Estimate</b>	<b>2026/27 Estimate</b>	<b>2027/28 Estimate</b>
<b>Net Income to Net Revenue Stream</b>	11.3%	11.4%	15.5%	15.7%	15.6%

**Investment Strategy 2023/24 to 2027/28**

37. Table 8 below shows the Council’s investment projections. The downward movement reflects the use of capital receipts to finance capital expenditure. In addition, it reflects the release of S106 monies and the loss of S106 receipts for Education which are no longer paid to the Council.

**Table 8: Investment Projections**

	<b>2022/23 Estimate</b>	<b>2023/24 Estimate</b>	<b>2024/25 Estimate</b>	<b>2025/26 Estimate</b>	<b>2026/27 Estimate</b>	<b>2027/28 Estimate</b>
<b>Investments at 31 March £'000</b>	52,919	48,149	48,997	46,085	43,134	41,019

38. Both the CIPFA Code and the DLUHC Guidance require the Council to invest its funds prudently, and to have regard to the security and liquidity of its investments before seeking the highest rate of return. The Council’s objective when investing money is to strike an appropriate balance between risk and return, minimising the risk of incurring losses from defaults and the risk of receiving unsuitable low investment income. Accordingly, the Council ensures that robust due diligence procedures cover all external investments.

39. The Council will not knowingly invest directly in businesses whose activities and practices pose a risk of serious harm to individuals or groups, or whose activities are inconsistent with the Council’s Corporate Objectives and values. This would include avoiding direct investment in institutions with material links to:

- a) Human rights abuse (e.g., child labour, political oppression);
- b) Environmentally harmful activities (e.g., pollutants, destruction of habitat, fossil fuels); and
- c) Socially harmful activities (e.g., tobacco, gambling).

40. The Council will keep under review the sensitivity of its treasury assets and liabilities to inflation and will seek to manage the risk accordingly in the context of the whole of the Council’s inflation exposures.

41. The Council will invest its surplus funds with approved counterparties. Where appropriate, the Council is registered as a professional client (under MIFID II) with the counterparty limits shown below in Table 9 and counterparties included at Appendix i. Government is currently reviewing UK regulations in light of Brexit, but at this point, there is no direct impact on the way the Council invests. However, members will be updated if there are any changes as they materialise:

**Table 9: Counterparty Details**

Credit Rating	Banks* Unsecured	Banks* Secured	Government	Corporates	Registered Providers
UK Govt	n/a	n/a	£ Unlimited 20 Years	n/a	n/a
AAA	£3.0m 3 years	£10.0m 10 years	£10.0m 20 years	£3.0m 10 years	£5.0m 10 years
AA+	£3.0m 2 years	£10.0m 10 years	£10.0m 5 years	£3.0m 4 years	£5.0m 4 years

AA-	£3.0m 1 year	£10.0m 2 years			£5.0m 4 years
A+	£3.0m 6 months	£10.0m 2 years			£5.0m 2 years
A	£3.0m 6 months	£10.0m 1 year			£5.0m 2 years
A-	£3.0m 3 months	£10.0m 6 months			£5.0m 2 years
Pooled Funds**	£10m per fund				

\*Banks includes Banks and Building Societies.

\*\*Pooled funds do not have a defined maturity date. Monies in Money Market Funds can be withdrawn on the same date; monies in other pooled funds can be withdrawn giving the requisite notice, generally between 1 and 7 days. Monies in the CCLA Property Fund can be withdrawn on each monthly redemption date, if required; it is the Council's intention to hold its investment over a reasonable time frame for property investments, which is 5 years, subject to cash flow requirements.

42. Although the above table details the counterparties that the Council could invest funds with, it would not invest funds with counterparties against the advice of Link (our TM Advisors) even if they met the criteria above.
43. Changes to any of the above can be authorised by the Section 151 Officer or the Financial Services Manager and thereafter will be reported to the Governance Scrutiny Group. This is to cover exceptional circumstances so that instant decisions can be made in an environment which is both fluid and subject to high risk.
44. The Council may incur operational exposures, for example though current accounts, collection accounts and merchant acquiring services, to any UK bank with credit ratings no lower than BBB- and with assets greater than £25 billion. These are not classed as investments but are still subject to the risk of a bank bail-in, and balances will therefore be kept below £2,000,000 per bank. The Bank of

England has stated that in the event of failure, banks with assets greater than £25 billion are more likely to be bailed-in than made insolvent, increasing the chance of an Authority maintaining operational continuity.

45. Credit rating information is provided by Link on all active counterparties that comply with the criteria above. A counterparty list will be maintained from this information and any counterparty not meeting the criteria will be removed from the list.
46. Where an entity has its credit rating downgraded so that it fails to meet the approved investment criteria then:
  - no new investments will be made,
  - any existing investments that can be recalled or sold at no cost will be, and
  - full consideration will be given to the recall or sale of all other existing investments with the affected counterparty.
47. Where a credit rating agency announces that a credit rating is on review for possible downgrade (also known as “rating watch negative” or “credit watch negative”) so that it may fall below the approved rating criteria, then only investments that can be withdrawn [on the next working day] will be made with that organisation until the outcome of the review is announced. This policy will not apply to negative outlooks, which indicate a long-term direction of travel rather than an imminent change of rating.

## **Credit Risk**

48. The CIPFA Treasury Management Code recommends that organisations should clearly specify the minimum acceptable credit quality of its counterparties; however, they should not rely on credit ratings alone and should recognise their limitations. Full regard will therefore be given to other available information on the credit quality of the organisations, in which it invests, including credit default swap prices, financial statements, information on potential government support and reports in the quality financial press. No investments will be made with an organisation if there are substantial doubts about its credit quality, even though it may meet the credit rating criteria.
49. When deteriorating financial market conditions affect the credit worthiness of all organisations, as happened in 2008 and 2011, this is not generally reflected in credit ratings, but can be seen in other market measures. In these circumstances, the Council will restrict its investments to those organisations of higher credit quality and reduce the maximum duration of its investments to maintain the required level of security. The extent of these restrictions will be in line with prevailing financial market conditions. If these restrictions mean that insufficient commercial organisations of high credit quality are available to invest the Council’s cash balances, then the surplus will be deposited with the UK Government, via the Debt Management Office or invested in government treasury bills for example, or with other local authorities. This will cause a reduction in the level of investment income earned but will protect the principal sum invested.

## **Current investments**

50. The Council uses its own processes to monitor cash flow and determine the maximum period for which funds may prudently be committed. The forecast is

compiled on a prudent basis to minimise the risk of the Council being forced to borrow on unfavourable terms to meet its financial commitments. Limits on long-term investments are set by reference to the Council's medium term financial strategy and cash flow forecast.

51. Surplus funds are invested based on the most up to date forecasts of interest rates and in accordance with the Council's cash flow requirements in order to gain the maximum benefit from the Council's cash position throughout the year. Generally speaking, in times of rising interest rates it is prudent to invest short term, whilst also ensuring a diversified portfolio. Funds are separated between specified and non-specified investments as detailed in paragraphs 53 to 55 below.
52. The Council holds approximately £15m in pooled/diversified funds. The fair value of these funds can fluctuate. These can be seen in Appendix ii. Some funds are just starting to pick up from the downward trend experienced by the political turmoil last year. However some funds are still reporting a downward trend. Cabinet reports have recommended mitigation by appropriations to reserves of £0.6m from 2022/23 in year efficiencies and £0.2m from 2021/22. Currently there is a statutory override preventing any accounting loss impacting on the revenue accounts. This was due to end next 31<sup>st</sup> March 2023 however DLUHC having decided, after consultation, to extend this for a further two years. As part of the budget and financial strategy 2023-24 report being taken to Full Council, it is being recommended that a separate reserve is identified to cover this risk of £1m. It should be noted these funds over the past 3 years have generated £1.35m in interest receipts, 65% of total interest received by the Council and our expectation is over time the value will rise as the economy recovers.

### **Specified investments**

53. The DLUHC guidance defines specified investments as those:
  - Denominated in pound sterling,
  - Due to be repaid within 12 months of arrangements,
  - Not defined as capital expenditure by legislation, and
  - Invested with one of:
    - The UK Government
    - A UK local authority, parish council, or community council, or
    - A body or investment scheme of "high credit quality"
54. The Council now defines "high credit quality" organisations as those having a credit rating of A- and above.

### **Non-specified investments**

55. Any investment not meeting the definition of a specified investment is classed as non-specified. The Council does not intend to make any investments denominated in foreign currencies, nor any that are defined as capital expenditure by legislation, such as company shares. Non-specified investments will therefore be limited to long-term investments, i.e., those that are due to mature 12 months or longer from the date of arrangement, and investments with bodies and scheme not meeting

the definition on high credit quality. Limits on non-specified investments are shown in the following table:

**Table 10: Non-specified Investment Limits**

	<b>Cash Limit</b>
Total long-term investments	£15m
Total investments without credit ratings or rated below A- (except UK Government and local authorities)	£5m
Total investments (except pooled funds) with institutions domiciled in foreign countries rated below AA+	£3m
Total non-specified investments	£15m

### Investment Limits

56. The Council's revenue reserves available to cover investment losses in a worst-case scenario are forecast to be around £16 million on 31st March 2023. The maximum that will be lent to any one organisation (other than the UK Government) will be £10.0 million. This figure is constantly under review to assess risk in the case of a single default. A group of banks under the same ownership will be treated as a single organisation for limit purposes. Limits will also be placed on fund managers, investments in brokers' nominee accounts, foreign countries, and industry sectors as below. Investments in pooled funds and multilateral development banks do not count against the limit for any single foreign country since the risk is diversified over many countries.

**Table 11: Investment limits**

	<b>Cash limit</b>
Any single organisation, except the UK Central Government	£10m each
UK Central Government	Unlimited
Any group of organisations under the same ownership	£10m per group
Any group of pooled funds under the same management	£10m per manager
Negotiable instruments held in a broker's nominee account	£10m per broker
Foreign countries	£3m per country
Registered providers	£5m in total
Unsecured investments with any building society	£3m in total
Loans across unrated corporates	£5m in total
Money Market Funds	£40m in total

## **Treasury Management limits on activity**

57. The Council measures and manages its exposures to treasury management risks using the following indicators.

### **a) Interest Rate Exposures**

58. This indicator is set to control the Council's exposure to interest rate risk. The upper limits on fixed and variable rate interest rate exposures, expressed as the amount of net interest payable will be:

**Table 12: Interest Rate Exposure**

	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28
<b>Upper Limit on fixed interest rate exposure</b>	50%	50%	50%	50%	50%	50%
<b>Upper Limit on variable interest rate exposure</b>	100%	100%	100%	100%	100%	100%

59. Fixed rate investments and borrowings are those where the rate of interest is fixed for at least 12 months, measured from the start of the financial year or the transaction date if later. All other instruments are classed as variable rate.

### **Principal Sums Invested over 1 year**

60. This limit is intended to contain exposure to the possibility of any loss that may arise as a result of the Council having to seek early repayment of any investments made. The limits on the long-term principal sum invested to final maturities beyond the period end are set at 50% of the sum available for investment (to the nearest £100k), as follows:

**Table 13: Principal Sums Invested over 1 year**

	2022/23 Estimate	2023/24 Estimate	2024/25 Estimate	2025/26 Estimate	2026/27 Estimate	2027/28 Estimate
<b>Limit on Principal invested over 1 year £'000</b>	26,500	24,100	24,500	23,000	21,600	20,500

## **Policy on the use of financial derivatives**

61. Local authorities have previously made use of financial derivatives embedded into loans and investments both to reduce interest rate risk (e.g., interest rate collars and forward deals) and to reduce costs or increase income at the expense of greater risk (e.g., LOBO loans and callable deposits). The general power of competence in Section 1 of the Localism Act 2011 removes much of the uncertainty over local authorities' use of standalone financial derivatives (i.e., those that are not embedded into a loan or investment).
62. The Council will only use standalone financial derivatives (such as swaps, forwards, futures, and options) where they can be clearly demonstrated to reduce the overall level of the financial risks that the Council is exposed to. Additional risks presented, such as credit exposure to derivative counterparties, will be considered when determining the overall level of risk. Embedded derivatives, including those present in pooled funds and forward starting transactions, will not be subject to this policy, although the risks they present will be managed in line with the overall treasury risk management strategy.
63. Financial derivative transactions may be arranged with any organisation that meets the approved investment criteria. The current value of any amount due from a derivative counterparty will count against the counterparty credit limit and the relevant foreign country limit.

## **Treasury Management Advisors**

64. Link Treasury Services will act as the Council's treasury management advisors until 31<sup>st</sup> October 2023 and is currently going through a procurement process. The company provides a range of services which include:
  - Technical support on treasury matters and capital finance issues
  - Economic and interest rate analysis
  - Generic investment advice on interest rates, timing, and investment instruments; and
  - Credit ratings/market information service comprising the three main credit rating agencies.
65. Whilst the treasury management advisors provide support to the internal treasury function, the current market rules and the CIPFA Treasury Management Code confirms that the final decision on treasury management matters rests with the Council. The service provided by the Council's treasury management advisors is subject to regular review.

## **Other Options Considered**

66. The DLUHC Guidance and the CIPFA Code do not prescribe any particular treasury management strategy for local authorities to adopt. The Director of Finance and Corporate Services, having consulted the Cabinet Member for Finance, believes that the above strategy represents an appropriate balance between risk management and cost effectiveness. Our policy is to have a feathered approach

i.e., a range of counterparties spread over different time periods (short/medium/long term), this mitigates risk of changes in credit ratings and interest rates whether they go up or down.

## Commercial Investments

67. The definition of investments in CIPFA's definition of treasury management activities above (paragraph 18) covers all financial assets of the organisation as well as other non-financial assets which the organisation holds primarily for financial returns, such as investment property portfolios. This may therefore include investments which are not managed as part of normal treasury management or under treasury management delegations.
68. The Council whilst committed to being self-sustainable has taken the decision to no longer invest on property for commercial gain. This accords with the current professional ethos of CIPFA, mentioned below. Hence the Council no longer has an Asset Investment Fund, which was £20m.
69. Under the updated Prudential code Local Authorities are no longer be allowed to borrow to fund non-financial assets solely to generate a profit.
70. The Council will maintain a summary of current material investments, subsidiaries, joint ventures, and liabilities, including financial guarantees and the organisation's risk exposure. The current summary is included at Appendix iii.
71. The Council will also monitor past Commercial Property investments and against original objectives and consider plans to divest as part of a biennial review. The last report was presented to Cabinet 14 December 2021 agenda item 6 – Review of Investment Assets. This is due to be reviewed once again in December 2023.
72. Proportionality is now included as an objective in the Prudential Code, clarification, and definitions to define commercial activity and investment are included, and the purchase of commercial property purely for profit cannot lead to an increased capital financing requirement (CFR). Paragraph 75 covers the issue of proportionality with different types of asset investments the Council has made.
73. The Council must disclose its dependence on commercial income and the contribution non-core investments make towards core functions. This covers assets purchased through the Council's AIS, as well as other pre-existing commercial investments.
74. The expected contributions from commercial investments are shown below. To manage the risk to the Council's budget, income from commercial investments should not be a significant proportion of the Council's income. It is estimated to be around 24% in the current year.
  - a. **Dependence on commercial income and contribution non-core investments make towards core functions**

75. The expected contributions from existing commercial investments are shown in Table 14. To manage the risk to the Council's budget, income from commercial investments should not be a significant proportion of the Council's income. Our objective is that this ratio should not exceed 30%, subject to annual review. Running costs drop initially before starting to rise again, reflecting NNDR savings as empty units at the Point and Bingham Enterprise Centre are occupied and also reflects movements on responsive works budgets.

**Table 14: Commercial Investment income and costs**

	2022/23 £'000	2023/24 £'000	2024/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000
<b>Commercial Property Income</b>	(1,738)	(1,832)	(1,894)	(1,924)	(1,962)	(1,962)
<b>Running Costs</b>	591	480	468	476	482	487

<b>Total Contribution</b>	<u>(1,219)</u>	<u>(1,419)</u>	<u>(1,489)</u>	<u>(1,508)</u>	<u>(1,539)</u>	<u>(1,534)</u>
<b>Sensitivity:</b>						
+/- 10% Commercial Property Income	174	183	189	192	196	196
<b>Indicator:</b>						
Investment Income as a % of total Council Income	24.2%	18.8%	19.9%	20.3%	20.5%	20.3%
Total Income	7,486	10,117	9,824	9,792	9,880	9,955

## b) Risk Exposure Indicators

76. The Council can minimise its exposure to risk by spreading investments across sectors and by avoiding single large-scale investments. Generally, there is a spread of investment across sectors. The Council's commitment to economic regeneration

(not purely financial return) has meant that many of its investments have been in industrial units, which have been very successful.

**c) Security and Liquidity**

77. Commercial investments are held for longer term asset appreciation as well as yield. Investments or sales decisions will normally be planned as part of the consideration of the 5-year capital strategy to maximise the potential return. Nevertheless, the local and national markets are monitored to ensure any gains are maximised or losses minimised.
78. To help ensure asset values are maintained the assets are given quarterly inspections, together with a condition survey every 3 years. Any works required to maintain the value of the property will then form part of Council's spending plans.

79. The liquidity of the assets is also dependent on the condition of the property, the strength of the tenants and the remaining lease lengths. The Council keeps these items under review with a view to maximising the potential liquidity and value of the property wherever possible.
80. The liquidity considerations for commercial investments are intrinsically linked to the level of cash and short-term investments, which help manage and mitigate the Council's liquidity risk. A review of the Council's commercial assets was undertaken and reported to Governance Scrutiny Group in November 2021 and on to Cabinet December 21 paragraph 71 refers.
81. The investments are subject to ongoing review with regards to their financial viability or indeed whether they are surplus to requirement. At the November 2021 Governance Group Meeting and December 2021 Cabinet, details on the risks surrounding the Council's commercial properties were reported, as well as providing a pathway to potential commercial asset disposal, if required.

### **Member and Officer Training**

82. The updated TM Code requires Local Authorities to document a formal and comprehensive knowledge and skills schedule reflecting the need to ensure that both members and officers responsible for treasury management are suitably trained and kept up to date (TMP 10). There will be specific training for members training involved in scrutiny and broader training for members who sit on full Council. Previously these needs have been reported through the Member Development Group, with the Council specifically addressing this important issue by:
  - Periodically facilitating workshops for members on finance issues most recently provided in January 2023.
  - Interim reporting and advising members of Treasury issues via Governance Scrutiny Group.

With regards to officers:

- Attendance at training events, seminars, and workshops; and
- Support from the Council's treasury management advisors
- Identifying officer training needs on treasury management related issues through the Performance Development and Review appraisal process

CIPFA have developed a self-assessment tool which will need to be completed so that a tailored, recorded and monitored training plan can be drawn up to ensure that training provided achieves the desired outcomes. Attendance at training should be recorded and action taken where poor attendance is identified. Regular communication is encouraged.

83. The Council has piloted a 'training needs' template which will be modified for new Governance Group Members after the local elections. This should inform training requirements. Furthermore, the Council will continue to have its Annual Treasury Management training session with Councillors provided by its Treasury advisers.

## Counterparty Registrations under MIFID II

The Council is registered with the following regulated financial services organisations who may arrange investments with other counterparties with whom they have themselves registered:

- BGC Brokers LP
- Royal London Asset Management
- Tradition UK Ltd
- King & Shaxson
- Aberdeen Asset Management
- Aviva
- Institutional Cash Distributors Ltd
- Federated Investors (UK) LLP
- Invesco Asset Management Ltd
- CCLA
- Goldman Sachs Asset Management
- Black Rock
- Aegon Asset Management
- Ninety One
- HSBC Asset Management
- Imperial Treasury Services

## **Glossary of Terms**

CCLA Property Fund - this a local authority property investment fund. The property fund is designed to achieve long term capital growth and a rising income from investments in the commercial property sector.

Covered Bonds – these investments are secured on the bank’s assets, which limits the potential losses in the unlikely event of insolvency, and means they are exempt from bail-in.

Financial Derivatives – A financial contract that derives its value from the performance of an underlying asset

Money Market Funds – these funds are pooled investment vehicles consisting of money market deposits and similar instruments. They have the advantage of providing wide diversification of investment risks.

Pooled Funds – shares in diversified investment vehicles consisting of different investment types including banks, equity shares and property, these funds have the advantage of providing wide diversification of investment risks

## Notes

1. Net £1.192m being the movement on this reserve to support Special Expenses capital schemes plus Sinking Funds and £1m from NDR Surplus to create additional resources to support the Capital Programme.
2. £325k from Investment Property income to support future capital expenditure. £75k used for enhancement works at The Point and Bridgford Park Kiosk.
3. £1.414m Receipts; MRP release £1.311m (of which Arena = £1m); £1m for Gypsy & Traveller Site Acquisition

4. £200k from NDR Surplus to increase the Treasury Capital Depreciation Reserve.
5. £0.353m S31 Grants in relation to additional Business Rates reliefs in 2021/22 and 2022/23, released in 2023/24.
6. £165k release to meet commitment for Freeport.
7. £185k to top up the reserve for SEL Acquisitions; £300k release of reserve to support the capital programme.
8. £150k released from the reserve to support Borough Election expenditure in the year.
9. £75k released from reserve to support Local Plan expenditure.
10. £15k Sinking Fund Provision BLC Sports Track Pitches.

## Council Tax Support Fund - All Councillors Budget Update

### 1. Background

DLUHC issued [Council Tax Information Letter 16/2022](#) on 23 December, providing a link to the [guidance and provisional allocations](#) of the 2023/24 £100m Council Tax Support Fund. Announced on 19 December 2022 alongside the provisional local government finance settlement, it aims to deliver additional support to the 3.8 million households already receiving council tax support. Allocations are based on authorities' share of Local Council Tax Support (LCTS) claimants according to Q2 2022/23 data. For RBC the Allocation is £123k. Final allocations will be confirmed at the final Local Government Finance Settlement. No changes are expected to the allocation methodology, so it should only change in the event of data corrections or similar. Amounts will be paid using Section 31 powers and made as soon as possible.

The guidance says that “The government expects local authorities to use the majority of their funding allocations to reduce bills for current working age and pension age Local Council Tax Support (LCTS) claimants by up to £25. Councils can use their remaining allocation as they see fit to support vulnerable households with council tax bills.”

Other aspects of the scheme include:

- The scheme should be applied automatically, there is to be no application process for the LCTS-related aspect
- Outstanding liability of less than £25 after application of LCTS should be reduced to zero
- Where a LCTS receipt's council tax liability for 2023/24 is zero, no reduction to the council tax bill will be available and those bills should not be credited
- The reduction to council tax bills should be applied from the beginning of 2023/24 and reflected in tax bills issued in March 2023
- Authorities are expected to communicate how the support will be delivered
- The scheme should not affect eligibility for other benefits

The guidance requires authorities to use a proportion of their allocation for “helping economically vulnerable households with council tax bills.” DLUHC expects authorities to “revisit their discretionary approach at intervals during the financial year, in order to ensure expenditure for 2023-24 remains within their allocation.” The guidance does not state specifically how the discretionary element should be administered i.e., either through additional s13A(1)(c) application or whether other mechanisms, such as direct grants to recipients, can be applied. However the guidance states that the funding is expected to “support vulnerable households with council tax bills”, which could imply that all should be administered using s13A(1)(c) powers, although it does say “councils can use their remaining allocation as they see fit” and can “determine their own local approaches to supporting economically vulnerable households with council tax bills” as well as recognising that authorities have discretionary council tax discount/hardship schemes and local welfare schemes.

Billing authorities are required to be able to report the level of support provided to LCTS recipients and “maintain records of the mechanisms and levels of support provided through discretionary schemes” as there will be a quarterly DELTA collection exercise to monitor progress.

The guidance confirms that new burdens funding will be available to fund this process once DLUHC have determined expected additional reasonable costs.

## 2. Cabinet proposed approach and actions

Based on current case load and payments (for over 2775 taxpayers) of up to £25; applying the LCTS scheme will cost around £70k leaving £53k for further discretionary payments. Cabinet informally have had to carefully consider how to maximise the use of the funding (the remaining £53k) to the benefit of vulnerable households and have a scheme which is not overly bureaucratic, is easy to administer and can be delivered prior to council tax bills being produced in March 2023. Cabinet will therefore be proposing the following in the February Budget Report, to utilise the remaining £53k:

(a) a scheme will be in place to ensure that all taxpayers for Council Tax Bands A to D Council Tax (not in receipt of LCTS), at the time of billing for 2023/24, will receive a credit to their Council tax bill equivalent to a 2% Council Tax increase (i.e., £3.02p increase on a Band D Council Tax bill). The 2% is what will be proposed in the budget report and was articulated at the Budget workshops. The net effect being **a nil increase for the Rushcliffe element of Council Tax for those taxpayers on Bands A to D**. The bands A-C increase reduces in proportion with what Council tax taxpayers pay (e.g., Band C 8/9 of a Band D (i.e., £2.68 increase) to Band A which is 6/9 of a Band D (i.e., £2.01 increase)).

(b) The intention would be that we only do it for those taxpayers from 1 April 2023. To make changes throughout the year would be too administratively burdensome given the transient nature of individuals eligible for Council Tax Support and those moving property in and out of, or within, the Borough.

(c) Based upon the current figures (and these will change, although only slightly, according to the statistical population of LCTS claimants and taxpayers at the beginning of March) the Council will fund an estimated £30k from the 2022/23 in-year budget efficiency position, or whatever the final additional spend required is as the proposed scheme will cost more than the Government funding provided at a total cost of circa £83k.

(d) A leaflet will also be despatched with Council Tax bills to explain what the credit is for on Council tax bills, as well as clear communications on the Council’s website and other social media channels.

(e) This scheme will be reflected in reports to both Cabinet and Full Council for final approval.

**Financial Impact of Reversal of Council Tax Bill Credit for a 2% Council Tax Award, Council Tax Bands A-D**

<b>Band</b>	<b>A</b>	<b>B</b>	<b>C</b>	<b>D</b>
<b>Variable across bands A-D</b>				
<i>Number of properties</i>	4,092	8,383	10,176	9,270

<b>Impact on £53k (- = Council funding required)</b>	<b>£45,420.64</b>	<b>£25,729.90</b>	<b>- £1,587.00</b>	<b>- £29,582.40</b>

**Rushcliffe Borough Council  
Pay Policy Statement 2023-2024**

**1. Introduction**

- 1.1 This Statement sets out the Council's policies in relation to the pay of its workforce, particularly its Senior Officers, in line with Section 38 of the Localism Act 2011. The Statement is approved by full Council each year and published on the Council's website demonstrating an open and transparent approach to pay policy.
- 1.2 This Statement draws together the Council's policies relating to the payment of the workforce particularly:
- Senior Officers
  - Its lowest paid employees; and
  - The relationship between the pay of Senior Officers and the pay of other employees
- 1.3 For the purposes of this statement 'pay' includes basic salary, pension and all other allowances arising from employment.

**2. Objectives of this Statement**

- 2.1 This Statement sets out the Council's key policy principles in relation to pay evidencing a transparent and open process. It does not supersede the responsibilities and duties placed on the Council in its role as an employer and under employment law. These responsibilities and duties have been considered when formulating the Statement.
- 2.2 This Statement aims to ensure the Council's approach to pay attracts and retains a high performing workforce whilst ensuring value for money. It sits alongside the information on pay that the Council already publishes as part of its responsibilities under the Code of Practice for Local Authorities on Data Transparency. Further details of this information can be found on the Council's website at the following address:

<https://www.rushcliffe.gov.uk/aboutus/aboutthecouncil/seniorofficers/roleandremuneration/>

**3. Senior Officers**

- 3.1 For the purposes of this Statement, Senior Officers are defined as those posts with a salary above £50,000 in line with the Local Government Transparency Code 2015. Using this definition Senior Officers within Rushcliffe currently consists of 16 posts out of an establishment of 302 The posts are as follows:-:

- Chief Executive
- Director – Finance and Corporate Services (Section 151 Officer)
- Director – Development and Economic Growth
- Director - Neighbourhoods
- Chief Information Officer and ICT Manager
- Service Manager Chief Executives Department and Monitoring Officer
- Service Manager – Finance
- Service Manager – Economic Growth and Property
- Service Manager – Planning
- Service Manager – Neighbourhoods
- Service Manager – Public Protection
- Service Manager – Corporate Services
- Property Services Manager
- Strategic Housing Manager
- Planning Policy Manager
- Project Manager – Safer Streets

#### **4 The Policies**

- 4.1 The Council consults when setting pay for all employees. The Council will meet or reimburse authorised travel, accommodation and subsistence costs for attendance at approved business meetings and training events. The Council does not regard such costs as remuneration but as non-pay operational costs.

#### **5. Pay of the Council's Lowest Paid Employees**

- 5.1 The total number of Council employees is presently 302 The Council has defined its lowest paid employees by taking the average salary of five permanent staff on the lowest pay grade the Council operates, who are not undergoing an apprenticeship. On this basis the lowest paid full-time equivalent employee of the Council earned £20,259 The Council currently pays £10.42 per hour for its lowest paid employees.
- 6.2 The Council does not explicitly set the pay of any individual or group of posts by reference to a pay multiple. The Council feels that pay multiples cannot capture the complexity of a dynamic and highly varied workforce in terms of job content, skills and experience required. In simple terms, the Council sets different levels of basic pay to reflect differences in levels of responsibility. Additionally, the highest paid employee of the Council's salary does not exceed 10 times that of the lowest paid group of employees.
- 6.3 The Head of Paid Service, or their delegated representative, will give due regard to the published Pay Policy Statement before the appointment of any Officers. Full Council will have the opportunity to discuss any appointment of Statutory Officer roles before an offer of appointment is made, in line with the Council's Officer Employment procedure rules within Part 4 of the Council's Constitution. Appointment to Director level is via a member employment panel.

## **Additional Payments Made to Chief Officers – Election Duties**

- 7.1 The Chief Executive is nominated as the Returning Officer. In accordance with the national agreement, the Chief Executive is entitled to receive and retain the personal fees arising from performing the duties of Returning Officer, Acting Returning Officer, Deputy Returning Officer or Deputy Acting Returning Officer and similar positions which he or she performs subject to the payment of pension contributions thereon, where appropriate.
- 7.2 The role of Deputy Returning Officer may be applied to any other post and payment may not be made simply because of this designation. Payments to the Returning Officer are governed as follows:
- for national elections, fees are prescribed by legislation;
  - for local elections, fees are determined within a local framework used by other district councils within the county. This framework is applied consistently and is reviewed periodically by lead Electoral Services Officers within Nottinghamshire. This includes proposals on fees for all staff employed in connection with elections. These fees are available for perusal on the Council's website [Election Fees - Rushcliffe Borough Council](#)
- 7.3 As these fees are related to performance and delivery of specific elections duties, they are distinct from the process for the determination of pay for Senior Officers. The fees have been reviewed for 2023/24 and agreement made that the fees will increase annually in line with the national pay award.

## **Appendix to the Pay Policy Policies on other aspects of pay**

### **Process for setting the pay of Senior Officers**

The pay of the Chief Executive is based on an agreed pay scale which is agreed by Council prior to appointment. Changes to this are determined by the Leader, Deputy Leader and Leader of the Opposition, who are advised by an agreed external professional and the Strategic Human Resources Manager.

The pay of all Officers including Senior Officers is determined by levels of responsibility, job content and the skills and experience required. Consideration is also given to benchmarking against other similar roles, market forces and the challenges facing the authority at that time and to maximise efficiency. The pay of these posts is determined through the Chief Executive, or his/her nominated representative, in consultation with the Strategic Human Resources Manager and in line with the Council's pay scales and its agreed scheme of delegation.

The Council moved away from the national conditions of service in 1990 and pay scales are set locally.

As with all employees, the Council would look to appoint on the best possible terms to secure the best candidate for the job. However, there are factors that could influence the rate offered to an individual, including the relevant experience of the candidate, their current rate of pay and market forces.

All Senior Officers are expected to devote the whole of their service to the Authority and are excluded from taking up additional business, ad hoc services or additional appointments without consent as set out in the Council's code of conduct.

### **Terms and Conditions – All Employees**

All employees are governed by the local terms and conditions as set out in the Employee handbook available on the intranet.

### **Local Government Pension Scheme**

Every employee is automatically enrolled into the Local Government Pension Scheme. Employer and employee contributions are based on pensionable pay, which is salary plus, for example, shift allowances, bonuses, contractual overtime, statutory sick pay and maternity pay as relevant.

For more comprehensive details of the local government pension scheme see: [www.lgps.org.uk](http://www.lgps.org.uk) and [www.nottspf.org.uk](http://www.nottspf.org.uk)

Neither the scheme nor the Council adopt different policies with regard to benefits for any category of employee and the same terms apply to all staff. It is not normal Council policy to enhance retirement benefits but there is flexibility contained within the policy for enhancement of benefits and the Council will consider each case on its merits.

## **Car Allowances**

The Council pays mileage rates at HMRC recommended rates.

## **Pay Increments**

Where applicable pay increments for all employees are paid on an annual basis until the maximum of the scale is reached. The Chief Executive, or his or her nominated representative, has the discretion to award and remove increments of officers' dependant on satisfactory or unsatisfactory performance.

## **Relocation Allowance**

Where it is necessary for a newly appointed employee to relocate to take up appointment, the Council may make a contribution towards relocation expenses. The same policy applies to Senior Officers and other employees. Payment will be made against a range of allowable costs for items necessarily incurred in selling and buying a property and moving into the area. The costs include estate agents' fees, legal fees, stamp duty, storage and removal costs, carpeting and curtains, short term rental etc. The Council will pay 80% of some costs and 100% of others or make a fixed sum available. If an employee leaves within two years of first employment, they may be required to reimburse a proportion of any relocation expenses.

## **Professional fees**

The Council currently meets the cost of professional fees and subscriptions for employees where it is a requirement of their employment or their contract.

## **Returning Officer Payments**

In accordance with the national agreement the Chief Executive is entitled to receive and retain the personal fees arising from performing the duties of returning officer, acting returning officer, deputy returning officer or deputy acting return officer and similar positions which he or she performs subject to the payment of pension contributions thereon, where appropriate.

Fees for returning officer and other electoral duties are identified and paid separately for local government elections, elections to the UK Parliament and EU Parliament and other electoral processes such as referenda. As these relate to performance and delivery of specific elections duties, they are distinct from the process for the determination of pay for Senior Officers.

## **Managing Organisational Change Policy**

The original Managing Organisation Change Policy was agreed by Council in March 2007 (revised 2010) and is currently under further review. The Council's policy on the payment of redundancy payments is set out in this policy. The redundancy payment

is based on the length of continuous local government service which is used to determine a multiplier which is then applied to actual pay.

The policy provides discretion to enhance the redundancy and pension contribution of the individual and each case would be considered taking into account individual circumstances. Copies of the policy are available on the Council's website.

### **Payments on termination**

The Council does not provide any further payment to employees leaving the Council's employment other than in respect of accrued leave which by agreement is untaken at the date of leaving or payments that are agreed or negotiated in line with current employment law practices.

### **Publication of information relating to remuneration of Senior Officers**

The Pay Policy Statement will be published annually on the Council's website following its approval by full Council each year.

### **Gender Pay gap reporting**

The Council publishes its Gender Pay Gap information annually on the Council's website and on the Governments website.

**Thursday, 2 March 2023**

**Council Tax Resolution 2023/24**

## **Report of the Director – Finance and Corporate Services**

**Cabinet Portfolio Holder for Finance and Customer Access, Councillor G Moore**

### **1. Purpose of report**

- 1.1. The purpose of this report is to approve the statutory Council Tax Resolution for 2023/24. The resolution is a statutory requirement for billing authorities to approve prior to the billing and collection of Council Tax for the forthcoming financial year.
- 1.2. The resolution consolidates the precepts of Nottinghamshire County Council, Nottinghamshire Police and Crime Commissioner, Nottinghamshire Fire Authority, Rushcliffe Borough Council and individual Town and Parish Councils. The report and recommendations incorporate the agreed recommendations from the budget meetings of Nottinghamshire Police and Crime Commissioner (7 February 2023), Nottinghamshire County Council (9 February 2023), and Nottinghamshire Fire Authority (20 January 2023).

### **2. Recommendation**

It is RECOMMENDED that Council approves the Council Tax Resolution for 2023/24 as detailed at Appendix A.

### **3. Reasons for Recommendation**

To comply with relevant legislation in setting both the Council's budget and associated local taxation levels.

### **4. Supporting Information**

#### **Council Tax Resolution 2023/24**

- 4.1. The resolution is set out at Appendix A of this report.
- 4.2. The Council Tax for Nottinghamshire Police and Crime Commissioner, Nottinghamshire County Council, and Nottinghamshire Fire Authority were set at separate meetings on 7 February 2023, 9 February 2023, and 20 January 2023 respectively.

- 4.3. The table below illustrates the Council Tax increases approved by each of the major precepting bodies. It also shows the new average weekly and yearly Council Tax levels.

Based on Band D	Increase	New Weekly (£)		New Yearly (£)	
	%	Amount	Increase	Amount	Increase
Nottinghamshire County Council*	2.84	28.73	0.90	1,493.71	46.69
Nottinghamshire County Council – Adult Social Care precept	2.00	4.42	0.63	229.95	32.88
Rushcliffe Borough Council	2.00	2.96	0.06	153.95	3.02
Nottinghamshire Police	5.9	5.18	0.29	269.19	14.94
Nottinghamshire Fire	5.9	1.72	0.09	89.57	5.00

\*This is calculated in accordance with The Council Tax (Demand Notices)(England)(Amendment) Regulations 2017 and advice from the Department for Levelling Up Housing and Communities (DLUHC). The calculation to arrive at the 2.84% increase is as follows:

NCC 2022/23 Precept	£1,447.02
NCC ASC 2022/23 Precept	£197.07
Total	£1,644.09
2.84% of Total	£46.69

In addition to the major precepting bodies, Town and Parish Councils can elect to raise a local precept and these will also form part of the Council Tax Resolution.

- 4.4 It should also be noted that the Council has set the precept for the new parish of Upper Saxondale. This is a legal requirement given the parish has no councillors until after the May local elections. The precept has been set based upon discussions with a local ward Councillor and individuals associated with Upper Saxondale Residents Association.

## 5. Alternative options considered and reasons for rejection

In order to comply with relevant legislation, the Council must set and approve the Council Tax levels for the forthcoming year. There are no alternative options.

## 6. Risks and Uncertainties

If the Council Tax levels are not set by 2 March 2023, there is a risk that billing will be delayed resulting in cash flow issues for the Council.

## 7. Implications

### 7.1. Financial Implications

The financial impact of the Council Tax setting is described in the report.

### 7.2. Legal Implications

To accord with both the Local Government Finance Act 1992 (as amended by the Local Audit and Accountability Act 2014), Localism Act 2011 and The Council Tax (Demand Notices) (England)(Amendment) Regulations 2017; the Council has to set its Council Tax Base, Council Tax Requirement, Parish Precepts and tax levels and state whether Council Tax referendum limits will be exceeded or not.

### 7.3. Equalities Implications

None

### 7.4. Section 17 of the Crime and Disorder Act 1998 Implications

None

## 8. Link to Corporate Priorities

Quality of Life	Council Tax helps ensure the Council has a balanced budget to resource all corporate priorities.
Efficient Services	
Sustainable Growth	
The Environment	

## 9. Recommendation

It is RECOMMENDED that Council approves the Council Tax Resolution for 2023/24 as detailed at Appendix A.

<b>Background papers available for Inspection:</b>	Relevant websites and Council tax setting reports for Nottinghamshire County Council, Nottinghamshire Fire Authority and the Nottinghamshire Police and Crime Commissioner
<b>List of appendices:</b>	Appendix A – Council Tax Resolution 2023/24

**Council Tax Resolution 2023/24**

**Report of the Director – Finance and Corporate Services**

The Council is recommended to resolve as follows:

That it be noted that the Council calculated the following amounts for the year 2023/24 in accordance with the Local Government Finance Act 1992 as amended (the “Act”);

- a) Rushcliffe Borough Council’s Council Tax Base for 2023/24 has been calculated as 46,068.4 [Item T in the formula in Section 31B of the Local Government finance Act 1992 as amended by Section 74 of the Localism Act 2011 (the “Act”)];
- b) For dwellings in those parts of the Borough to which a Parish Precept relates as detailed in Appendix Ai;
- c) During 2022/23 residents from Radcliffe-on-Trent and Cropwell Butler voted to split from their respective Parishes to form a new one. This was supported by residents and on 9 January 2023 the order was made to create the new Parish of Upper Saxondale.
- d) The Council Tax requirement for the Council’s own purposes for 2023/24 (excluding Parish Precepts) is £7,092,200;
- e) That the following amounts be now calculated by the Council for the year 2023/24 in accordance with Sections 31 to 36 of the Local Government Finance Act 1992 as amended by Section 74 of the Localism Act 2011;
  - i. £42,026,944 being the aggregate of the amounts which the Council estimates for the items set out in Section 31 A (2)(a) to (f) of the Act taking into account all precepts issued to it by Parish Councils. (Gross expenditure, parish and special expenses, any contingencies, any provisions for reserves);
  - ii. £31,518,500 being the aggregate of the amounts which the Council estimates for the items set out in Section (A) (3) (a) to (d) of the Act. (Gross income, any use of reserves);
  - iii. £10,508,444 being the amount by which the aggregate at (d)(i) above exceeds the aggregate of (d) (ii) above, calculated by the Council, in accordance with Section 31A (4) of the Act, as its Council Tax Requirement. [Item R in the formula in Section 31B of the Act] (Expenditure less income);

- iv. £228.11 at (d) (iii) above [Item R], all divided by Item T (a) above, calculated by the Council, in accordance with Section 31B (1) of the Act, as the basic amount of its council tax for the year (including parish precepts and special expenses);
  - v. £3,416,244 being the aggregate amount of the Parish Precepts and Special Expenses referred to in Section 34 (3) of the Act. (Total amount of parish precepts as per Appendix Ai);
  - vi. £153.95 being the amount at (d) (iii) above less (d) (v) above dividing the result by item T ((1) (a) above), calculated by the Council, in accordance with section 34 (2) of the Act, as the basic amount of its Council Tax for the year for dwellings in those parts of its area to which no Parish Precepts or Special Expenses relate. (i.e. the Borough Council's precept of £7,092,200 divided by the Council Tax base of 46,068.4 this Council's own Council Tax at Band D);
- f) That it be noted for the year 2023/24 Nottinghamshire County Council, Nottinghamshire Police and Crime Commissioner and Nottinghamshire and City of Nottingham Fire Authority have issued precepts in accordance with Section 40 of the Act for each of the categories of dwellings shown in Table 1;
  - g) That the Council in accordance with Sections 30 and 36 of the Local Government Finance Act 1992, hereby sets the aggregate amounts shown in the Appendices A(i) and A(ii) for 2023/24 for each part of the Borough and for each of the categories of dwellings;
  - h) It has been proposed that a district council shall require a referendum if it is to set a basic amount of council tax for 2023-24 that is both;
    - a) 3% or more than 3%, above its 2022-23 level; and
    - b) More than £5 above its 2022-23 level
  - i) The Council has determined that its relevant basic amount of Council Tax for 2023/24 is **not** excessive in accordance with principles approved under Section 52ZB Local Government Finance Act 1992 (as amended by the Local Audit and Accountability Act 2014). As the billing authority, the Council has **not** been notified by a major precepting authority that its relevant basic amount of Council Tax for 2023/24 is excessive and that the billing authority is not required to hold a referendum in accordance with Section 52ZK Local Government Finance Act 1992.

**Council**

**Thursday, 2 March 2023**

**Independent Review of Councillors' Allowances**

## **Report of the Chief Executive**

**Cabinet Portfolio Holder for Strategic and Borough-wide Leadership,  
Councillor S J Robinson**

### **1. Purpose of report**

The Local Authorities (Members' Allowances) (England) Regulations 2003 require local authorities to make a scheme of allowances for their members and to establish and maintain an Independent Remuneration Panel to make recommendations to the Council about the scheme and the amounts to be paid. To that effect, an Independent Remuneration Panel was convened in November 2022 and met twice to review the Rushcliffe Borough Council Members' Allowance Scheme. The report of the Panel is appended at Appendix One.

### **2. Recommendation**

It is RECOMMENDED that Council considers the Panel's report and accepts three of the report's concluding recommendations as follows:

- a) that the basic allowance remains unchanged and continues to be increased annually in line with the percentage pay award made to officers;
- b) that the special responsibility allowances remain unchanged and continue to be increased annually in line with the percentage pay award made to officers;
- c) that the travel and subsistence allowances remain unchanged and continue to mirror those set by HMRC and used for officers; and
- d) that the civic dignitaries allowance remains unchanged and continues to be increased annually in line with the percentage pay award made to officers.

### **3. Reasons for Recommendation**

- 3.1. The last full review of the Members' Allowance Scheme was undertaken in 2019. The proposals in the report, subject to Council's consideration, would enable a revised scheme to be agreed prior to the end of the municipal year.

If agreed a revised Member's Allowance Scheme would then be in place in time for the 2023 Borough Council elections.

- 3.2. The terms of reference for the Independent Remuneration Panel are included as an appendix to the Panel's report.

#### **4. Supporting Information**

- 4.1. The Panel's overall assessment of the current Members' Allowance Scheme is outlined in paragraphs 13-15 of their report. They conclude that: 'there has been no substantial change in Councillors' responsibilities which would justify a significant change in the Councillors' allowance scheme'. This judgement has led the Panel to make five recommendations outlined at the end of their report:

- That the basic allowance remains unchanged but that it be increased annually in line with the percentage pay award made to officers, as applies currently.
- That the Special Responsibility Allowance (SRA's) paid to the Vice Chairs of the scrutiny committees be removed.
- That, other than recommendation 2, there be no changes to the SRA's but that they be increased annually in line with the percentage pay award made to officers, as applies currently.
- That the travel and subsistence allowances remain unchanged and continue to mirror those set by HMRC (which is consistent with the application of the scheme for employees).
- That the current limitation on Councillors only be entitled to one SRA is retained.

- 4.2. The Chief Executive's advice to Council is that the ability to pay SRA's to Vice Chairs of the scrutiny committees provides a benefit in providing resilience to the committees. The Vice Chairs attend the relevant briefings in advance of the meetings and as such are well positioned and prepared to step into the role of Chair at the meeting should that be called for. This point was made to the Panel but not by the Chief Executive, who did not meet with the Panel. These are cross-party roles and the financial saving in removing these roles is not significant. The Chief Executive's recommendation is to retain the roles and the commensurate payments.

- 4.3. In reaching these recommendations, the Panel reviewed background and comparative information; spoke with, or received written correspondence from, five Councillors; and was advised by senior officers.

4.4. Information received by the Panel led to the consideration of the following areas:

- Leader of the Council
- Leader of the Opposition
- Planning Committee Members
- Vice Chairs in General
- Licensing and Standards Chairs
- Travel Allowance
- Scrutiny Arrangements
- Civil Dignitary Allowances for the Mayor and Deputy Mayor
- Attracting New Councillors.

4.5. Of particular note, is the Panel's consideration of the payment of SRA's to Vice Chairs, outlined in paragraphs 37 to 41. The Panel was made aware that currently the Vice Chairs of the Licensing Committee and the Standards Committee do not receive an SRA, whilst the Vice Chair for Planning Committee and the three scrutiny committees do. Following discussions with officers, information from Councillors and their own experiences, Panel members came to the view that there is a difference between the role of the Vice Chair of the Planning Committee and the Vice Chairs of the scrutiny groups. In the Panel's view, the former often has to play an active role in the meeting, whilst, in contrast the scrutiny Vice Chairs usually has no such involvement over and above other committee members.

4.6. To that effect the Panel recommends that the SRA's for the three scrutiny Vice Chairs be removed but that no changes are made in respect of the other Vice Chairs SRA's.

4.7. Paragraphs 63 to 66 of the Panel's report deal with the Civic Dignitaries Allowance. The Chief Executive recommends to Council that these allowances remain unchanged and continue to rise in line with the percentage pay award made to officers.

4.8. The Chief Executive's advice would be to continue with the current limitation on Councillors being entitled to one SRA only.

## **5. Alternative options considered and reasons for rejection**

No alternatives were considered.

## **6. Risks and Uncertainties**

6.1. As the last full review was undertaken in 2019, failure to properly consider the Panel's report could restrict the Council's ability to ensure its Councillors receive an allowance reflective of their community leadership role and also an amount representative of their responsibilities.

6.2. Under the relevant Regulations, the Council must have regard to the recommendations of the Independent Remuneration Panel before it makes or amends a Scheme, but it is not bound to follow the recommendations.

## **7. Implications**

### **7.1. Financial Implications**

The financial implications of the report are covered in paragraphs 4.1 to 4.5. Given there are no proposed changes, existing budgets are sufficient to cover the scheme including the percentage pay award.

### **7.2. Legal Implications**

The Council must under the relevant regulations have regard to the recommendations of the Independent Remuneration Panel before approving or amending its Members' Allowance Scheme. This is in order to ensure the Scheme has been independently reviewed and retains public confidence in the allowance setting process.

### **7.3. Equalities Implications**

Consideration of an independent review of Members' allowances supports delivery of the Council's priority of 'Maintaining and enhancing our residents' quality of life' by ensuring allowance payments to Councillors are reflective of their roles and responsibilities as community leaders. It can also help to ensure the allowances are set at a level that does not restrict people's ability to engage in community leadership and become a Councillor, reflecting the aims within the Council's Equality Scheme.

### **7.4. Section 17 of the Crime and Disorder Act 1998 Implications**

There are no Crime and Disorder Implications within this report.

## **8. Link to Corporate Priorities**

Quality of Life	Providing an appropriate level of recompense to Councillors that is reflective of their community leadership role supports the delivery of the Council's Quality of Life priority.
Efficient Services	Providing an appropriate level of recompense to Councillors that is reflective of their community leadership role supports the delivery of the Council's Efficient Services priority.
Sustainable Growth	The recommendations in this report do not impact on or contribute to the Council's Sustainable Growth priority.
The Environment	The recommendations in this report do not impact on or contribute to the Council's Environment priority.

## 9. Recommendation

It is RECOMMENDED that Council considers the Panel's report and accepts three of the report's concluding recommendations as follows:

- a) that the basic allowance remains unchanged and continues to be increased annually in line with the percentage pay award made to officers;
- b) that the special responsibility allowances remain unchanged and continue to be increased annually in line with the percentage pay award made to officers;
- c) that the travel and subsistence allowances remain unchanged and continue to mirror those set by HMRC and used for officers; and
- d) that the civic dignitaries allowance remains unchanged and continues to be increased annually in line with the percentage pay award made to officers.

# **The Independent Remuneration Panel on Members' Allowances**

## **Report to Rushcliffe Borough Council**

### **Members:**

Stuart Leslie (Chair)  
Richard Dix  
John Baggaley

**February 2023**

### **Membership of the Panel**

1. The Independent Remuneration Panel comprises three members, two of whom, Richard Dix and Stuart Leslie, were members of the Panel at the reviews in 2014/15 and 2018/19. The other member, John Baggaley, was the chair of Gedling Borough Council's Standards Committee until 2012, since when he has acted as their Independent Person for Standards matters. He also acted as Independent Person for Rushcliffe Borough Council from December 2013 to September 2022. A summary of each Panel members' relevant background is given at Appendix A.

### **Purpose and Terms of Reference**

2. We have been invited by Rushcliffe Borough Council ("the Council") to review the allowances paid to Councillors in accordance with the Terms of References attached at Appendix B and the Local Authority (Members Allowances) (England) Regulations 2003, and report to the Chief Executive with recommendations.

### **Information**

3. We have been assisted in our deliberations by:
  - Peter Linfield (Director of Finance and Corporate Services)
  - Charlotte Caven-Atack (Service Manager for Corporate Services)

- Gemma Dennis (Borough Solicitor and Monitoring Officer).
4. These officers answered questions we posed about the Council and provided very helpful background information; in particular:
    - the report of the panel in 2019 (Appendix C)
    - comparative figures for the allowances paid by neighbouring or nearby district/borough councils (Appendix D)
    - a list of councillors and the anticipated allowances they will receive in 2022/23 prior to the 2022 pay award (Appendix E)
    - Rushcliffe's allowances paid to each councillor in 2021/22 (Appendix F)
    - Rushcliffe's allowances by position for 2022/23 (Appendix G)
    - Summary of meetings held in 2021/22 (Appendix H).
  5. When commenting in the report on Rushcliffe's position in comparison to its neighbouring and nearby authorities, the Panel have used the figures in Appendix E. These figures were drawn together before the Panel was convened and discussed at the first meeting of the Panel. Between the first and second meetings of the Panel, the 2022/23 Rushcliffe pay award for Councillors was decided. Appendix G shows the allowance for all positions both before and after the pay award. The post pay award figures are used when discussing each separate SRA in the report.

## Meetings of the Panel

6. The Panel first convened on 15 November 2022 when it met with the officers listed above and were supplied with an information pack which included the documents also listed above. The Panel subsequently asked the officers for further information/clarification on this information, especially the comparative figures.
7. At the meeting, the Panel was also informed that since the last review:
  - there had been no change in the number councillors (44)
  - Cabinet members had increased from five to six
  - the Scrutiny arrangements had changed. There were still four groups, but one was an overview group and made up of the chairmen and vice chairmen from the other three - this overview group had a chairman but no vice chairman
  - there had been no change in the restriction in the Council's Constitution which stipulated no Councillor could have more than one Special Responsibility Allowance (SRA)
  - there was still no restriction on the number of members who can receive an SRA
  - there had been no change in the relevant statutory provisions regarding allowances
  - the Councillors' allowance continued to be increased annually to reflect the overall pay rise for staff and that provision had made for a 6% increase in 2022/23 allowances.
8. We also decided at that meeting on how we should proceed with the review. In particular, we decided that Councillors should be invited to make representations to us either in writing or in person at our next meeting.
9. A second meeting of the Panel was held on 13 December 2022 to discuss those representations made by Councillors and the comparative data provided by officers.

## **Representations by Members**

10. Five Councillors submitted written representations to the Panel:

- Cllr. A. Phillips
- Cllr. R. Walker
- Cllr. R. Butler
- Cllr. T. Combellack
- Cllr. N. Clarke

No Councillors asked to make representations to the Panel in person.

11. Following the deadline for receipt of representations, the Panel were sent copies of the representations. These were discussed at the meeting of the Panel on 13 December.

12. The issues raised by the representations covered a variety of issues, though there was some overlap. Each issue is dealt with in more detail later in the report.

## **Overall Assessment**

13. In the opinion of the Panel, based on the evidence and submissions, there has been no substantial change in Councillors' responsibilities which would justify a significant change in the Councillors' Allowance Scheme.

14. This view is reinforced by the fact that of the forty-four Councillors invited to make representations to us about the Allowance Scheme only five did so, six less than in 2019.

15. None of the five Councillors who did make representations made a case for any wide-ranging changes and one Councillor even commented that, "I think the general mix and spread of the current scheme is appropriate for the various different roles and responsibilities". He went on to comment, "...given the current national situation and pressures I don't think major changes would be needed or welcome". This is a view echoed by another Councillor who commented, "Difficult time to be discussing allowances with costs right across the board for the Council, residents and ourselves going up".

## **Basic Allowance**

16. The basic allowance is £6,102.

17. We received no specific request for an increase in this allowance though one Councillor considered, "the role is much more demanding than when I was first elected in 2009" and felt, "the responsibility is greater and a lot more stress and pressure due to 21C ways of communication...so, the allowances probably don't reflect this".

18. Another Councillor felt, "all councillors are receiving more in the way of contact and requests from residents...(that) all add to the time members spend in their roles" but as noted in paragraph 15, both councillor comments are caveated by reference to the current financial climate.

19. We were told by officers that since the last the last review there had been a boundary review but this had not resulted in a reduction of Councillors although the majority of ward boundaries had changed. These changes would come into effect after the next Borough Council elections in May 2023.
20. Whilst taking account of the comments received from Councillors, there appears to have been no significant change in the basic role or responsibility of Councillors.
21. We therefore feel there is no justification for any change in the basic allowance and the absence of contrary views from the vast majority of Councillors seems to indicate a general acceptance that the current rate is appropriate.
22. In coming to this view, we have also had particular regard to the comparative information about the level of basic allowance paid by nearby and comparable district councils (Appendix D) which show that Rushcliffe is, though slightly above the average, well within the acceptable range.
23. However, we do feel that this allowance, and others, should continue to receive an annual inflationary increase in line with that received by Council employees (recommendation 1).

### **Leader of the Council**

24. The Council leader receives an SRA of £17,109.
25. One Councillor suggested this, "looks low given the time, pressure and responsibility involved".
26. The Panel looked at the comparative information supplied by officers (Appendix D) and found that out of the fourteen authorities, Rushcliffe's Leader was the sixth highest on a range of £12,632 to £29,122.
27. Given the comparative figures and the absence of any other representations on this issue, the Panel consider no increase in the current SRA is warranted.

### **Leader of the Opposition**

28. The Leader of the Opposition receives an SRA of £5,508.
29. One Councillor commented that this "looks high" but provided no further evidence or justification for this comment.
30. The comparative information showed that Rushcliffe's SRA for this position was the third highest out of the thirteen authorities listed. However, though the range was £988 (which was very low) to £9,105 the majority had an SRA of between £4,500 to £5,500.
31. Rushcliffe's SRA for the Leader of the Opposition is therefore considered appropriate.

## **Planning Committee Members**

32. A number of Councillors mentioned the heavy workload and demanding nature of being a planning committee member. They variously refer to:
- the number of large and controversial applications the committee has to deal with
  - the amount paperwork and correspondence committee members have to read
  - the number of meetings per year (usually monthly)
  - the number of site visits
  - the high public face / profile of the committee
  - the public participation at meetings.
33. One Councillor suggested that members of the planning committee should all receive a “slightly enhanced allowance” and a further allowance for attending a meeting of the committee to address what he believes is an “attendance issue”.
34. The 2019 Panel also received representations that all planning committee members should receive an SRA and with much the same justification but also because the numbers on the committee had been reduced from fifteen to eleven following a recent Planning Peer Review.
35. The 2019 Panel took note of these submissions but did not consider an additional SRA was warranted and this recommendation was accepted by the Council.
36. This Panel is of the same view. We accept that the planning committee meetings are a lot more frequent than the other regulatory ones and can often go on for three hours. That, however, is not a new position, and we are told by officers that the planning committee remains a popular one and that there is little difficulty in recruiting Councillors onto the committee. Ironically, that could well be because of one of the reasons given for justifying an SRA; the committee’s high profile; is also an incentive to be on it. This was acknowledged by one Councillor when he said, “The meetings themselves, being open to the public and outside guests and visitors to partake in, can be challenging but are also rewarding in terms of actually making a contribution and difference to the Borough”.
37. In conclusion, we do not consider an SRA to all members of the planning committee or an allowance for attending is justified.

## **Vice Chairmen in General**

38. One Councillor asked, “Do committee the vice chairs get an SRA?” and then added that he “Can’t see the justification for this”.
39. The current position is that the vice chairmen of the licencing and standards committees do not receive an SRA. The vice chairman of the planning committee receives an SRA of £2,838 and three vice chairmen of the scrutiny committees receive an SRA of £1,284.
40. From discussions with officers and from the Panel members own experience, they consider there is a difference between the role of the vice chairman of the planning committee and that of the vice chairmen of the scrutiny committees.

41. In the Panel's view, the former often has to play an active part in the meeting taking over from the chairman when they have to declare an interest in an application and generally keeping an active eye on proceedings given the participation of the public and applicants. In contrast, a scrutiny vice chairman usually has no such involvement over and above other committee members other than attending briefings with the chairman. A position illustrated by the absence of a vice chairman on the overview scrutiny committee.
42. The Panel, therefore, recommends that the SRA's for the three scrutiny vice chairmen be removed but that no changes are made in respect of the other vice chairmen's SRA's (recommendation 2).

## **Licensing and Standards Chairmen**

43. The chairmen of the licencing committee and the standards committee both receive an SRA of £1,413.
44. One Councillor recommended that the SRA for the chairmen of licensing and standards should go. He comments, "I've chaired both and have done less work on these than I have preparing submissions to the planning committee".
45. The Panel's view, however, is that there are wider issues at play than just the workload. Licensing is to do with public safety; and standards with members' behaviour and to effectively downgrade the importance of these two roles by removing the SRA, in our view, sends out the wrong message.
46. In addition, all twelve authorities in the comparative study (Appendix D) who have a licencing chairman pay them and the SRA for Rushcliffe's is the second lowest.
47. It is more difficult to see what the SLA arrangements are for standards committees at the other comparative authorities are as they are sometimes called by different names or combined with other committees but at least ten do give their chairman an SRA and Rushcliffe's is again the second lowest.
48. In the 2015 Panel report, it was acknowledged that the chairman of the planning committee has a larger responsibility than their counterparts on the licensing and standards committees and should therefore receive a larger SRA.
49. That recommendation was accepted and has remained the position, with the planning committee chairman receiving an SRA of £5,678 compared to the licensing and standards SRAs of £1,413. This Panel agrees that is an appropriate differential.
50. The Panel, therefore, recommends that the SRA's for the chairmen of both the licensing and standards committees remain as they are now.

## **Travel Allowance**

51. One Councillor commented that, "I don't know what the travel expenses rates are, but I suspect if they haven't been reviewed recently, they will be out of date given the way fuel prices have increased".

52. Another said, “Unfortunately travel has not kept pace with fuel costs, and I suppose needs looking at”.
53. This was also mentioned by a third Councillor who said, “with the substantial increase in costs of travel, there is probably a case for looking at the millage allowance for members traveling on Council business and considering an increase in the allowance”.
54. He also asked if the rate was set by the IRP or by HMRC. We were informed by officers than while in theory the rate could be set by the Panel in practice Rushcliffe have, together with the vast majority of other councils set the rate used by HMRC and pointed out that this covers vehicle depreciation as well as fuel usage.
55. The officers also informed us that in 2021/22 only four of the 44 councillors claimed a travel allowance.
56. The Panel see no reason to depart from the current way of calculating the travel allowance and this is consistent with the travel claims for staff.

## **Scrutiny Arrangements**

57. The 2019 Panel heard from both Councillors and officers that the current scrutiny arrangements, of four scrutiny groups, was likely to “significantly change”.
58. At that time, the chairman and vice chairman of the four scrutiny groups all attracted a special responsibility allowance of £3,408 and £1,136 respectively.
59. Given the uncertainty about future arrangements the 2019 Panel felt unable to make any specific recommendation in relation to the then current scrutiny arrangements. However, they suggested that, unless there was a good and clear reason to do so, the overall SRA’s then paid in respect of scrutiny (£18,176) should not be exceeded under the new arrangements, nor should the number of members receiving an SRA for scrutiny roles increase.
60. The new arrangements, which have now been in place for some time, are four committees as before but one acting as an overview scrutiny committee with no vice chairman. There are, therefore, now seven, rather than eight scrutiny posts entitled to an SRA and, when first introduced, the overall pot for the new arrangements was less than under the previous arrangements when inflation is taken into account.
61. The Council have therefore satisfied both the recommendations of the last Panel by neither increasing either the number of posts entitled to an SRA nor the overall scrutiny SRA pot. The Council are to be congratulated on this outcome and we understand the new arrangements are working well.
62. However, we feel that the Council can and should go further by deleting the SRA currently paid to the three Scrutiny Vice Chairs of £1,284 (see paragraphs 37-41 and recommendation 2) thus reducing the Scrutiny pot from £19,272 to £15,420.

## **Civil Dignitary Allowances for the Mayor and Deputy Mayor**

63. The allowance for the Mayor is currently £9,924 and the current Mayor commented to us that, “The Civic Dignitary allowance (is) I am sure sufficient (but) I can probably tell you better at the end of my term”.
64. The allowance for the Deputy Mayor is £3,156.
65. Previous Panels have made the point that there are separate provisions in Sections 3 and 5 of the Local Government Act 1972 for the payment of allowances to the Mayor and Deputy Mayor in connection with their expenses of office. The 2014 Panel recommended that the SRA paid under the Councillors’ Allowances Scheme should be discontinued and this was accepted by the Council.
66. The Panel, therefore, considered, by a majority, that given the separate statutory provisions for payments of the Mayor and Deputy Mayor’s expenses it is not a matter that they should consider under the SRA arrangements.

## **Attracting New Councillors**

67. One Councillor recognised, “the need to attract a good calibre of candidates as this will affect the level of service” and though it is difficult to comment of the calibre of candidates it is safe to say that there certainly appears to be sufficient of them as we are told by officers that Rushcliffe does not experience uncontested seats at borough elections and always has a good spread of candidates standing for all wards seats from the main parties.
68. In addition, in so much as the information is available to us, those of a non-white background, who make up around 7% of the Borough’s residents appear to be proportionally represented on the Council with 6% of Councillors identifying as such.

## **Overview**

69. In our review, we have looked at the Council’s overall scheme for Councillors’ allowances and had regard to our terms of reference, the statutory regulations and the Council’s Councillor Allowances Scheme as well as the specific issues dealt with in this report. In particular, we have looked at all the posts that currently receive an SRA, not merely those on which we have received representations, and compared them to SRA’s paid by the authorities in the comparative information (Appendix D). We are satisfied that they are appropriate, other than the allowances to the vice chairmen of the scrutiny committees (recommendation 2).
70. We particularly note that in terms of overall spend on SRAs, Rushcliffe’s, at £90,024, is the 4<sup>th</sup> lowest of the 15 comparators and the second lowest in terms of councillors claiming an SRA. This will reduce by a further £3,852 if our recommendation to remove the SRA for scrutiny group vice-chairmen is supported.
71. We conclude that the current Rushcliffe scheme:
- is accepted by Councillors as being generally fair
  - bears reasonable comparison to its nearby authorities

- suitably rewards those with special responsibility
- does not have an undue number of Councillors entitled to a special responsibility allowance (20 out of 44; 45.5%).

72. We also endorse the Council's current position that no councillor should receive more than one SRA (recommendation 5).

73. We have noted the desire in the Terms of Reference for the system of remuneration to be as simple as possible. An alternative system was discussed by the Panel but the Panel concluded that this would be a very significant piece of work that we don't believe is warranted. However, if the Council wished in the future to undertake such a major overhaul, we would suggest they look at something similar to that adopted at Gedling Borough Council where each post attracting an SRA is given a percentage of the Leader of the Council allowance.

## **Recommendations**

1. That the basic allowance remain unchanged but that it be increased annually in line with the percentage pay award made to officers, as applies currently
2. That the SRA's paid to the vice chairmen of the scrutiny committees be removed
3. That, other than recommendation 2, there be no changes to the SRAs but that they be increased annually in line with the percentage pay award made to officers, as applies currently
4. That the travel and subsistence allowances remain unchanged and continue to mirror those set by HMRC (which is consistent with the application of the scheme for employees)
5. That the current limitation on councillors only being entitled to one SRA is retained.

## Brief Resumes of Panel Members

### Stuart Leslie

I have worked in local government for over thirty-four years starting at Chesterfield Borough Council as an articled clerk, now called trainee solicitors, and finishing in 2013 as Director of Legal and Democratic Services and Monitoring Officer at Derby City Council where I spent 24 years.

Throughout my time in local government, and particular during my time at Derby, I have had a close working involvement with elected members including advising at a range of committees, panel and boards as well latterly at cabinet and full council meetings.

During the earlier part of my career my input was primarily legal and procedural advice, but this expanded to include host of other matters as I took on responsibility for constitutional, electoral and standards issues.

For the past ten years, until May 2022, I was the coordinator for EM Lawshare, the largest consortium of in-house public bodies legal teams in the country.

I was previously part of the panel that carried out a review of members allowances at Rushcliffe in 2014 and 2019.

### Richard Dix

The major part of my working life has been spent in the public sector. After a short time in teaching in Leeds, I qualified as a solicitor and worked for local authorities in West Yorkshire, Lincolnshire and Nottinghamshire. My final council employment was with Newark and Sherwood District Council where I served as its Chief Executive from 1991-2007. I undertook the usual tasks of the CEO of a district council i.e. principle policy adviser and Head of the Paid Service.

After retirement from the council, I moved into the private legal sector, undertaking work on a consultancy basis as a solicitor. This was initially through Solace Enterprises Ltd and then with Jonathan Goolden Solicitors and then, following a merger, with the large practice of Wilkin Chapman Solicitors PLC. I undertook various projects including member and officer investigations, HR issues, and member and officer training.

In addition to the Rushcliffe Independent Remuneration Panel, I served for several years on the similar Panel (including as its Chairman) for Peterborough City Council. Until last year, I was one of the two Designated Independent Persons for the Newark and Sherwood DC Standards Committee as required by the Localism Act 2011.

Whilst I am now less active in employment, I retain my passion for local government and have kept my Solicitor's Practising Certificate up to date.

### **John Baggaley**

After independent school and university, I joined the Boots Company where I worked for 33 years before retiring in 1999.

Starting as a logistics planner I moved to Finance and latterly to HR. In addition to capex duties, the former required considerable involvement in salary audit, analysis and job evaluation on a divisional scale. The move to HR was marked by taking responsibility for group salary policy, planning, forecasting and development together with job evaluation for office and management posts up to and including director level. This work required use of consultants and contact with similar companies and salary clubs to establish very large databases for benchmarking purposes.

After retiring from Boots, I continued this type of work on a consultancy basis for several years.

My local government involvement began in 1980 as first chairman of a newly constituted parish council at Colwick. I continued as chair until 2006 when I resigned to join the Standards Committee at Gedling Borough Council as an independent member. I was chair of that committee from 2007 to 2012 when a new regime under the Localism Act came into being.

Under the new regime, I was appointed Independent Person for Gedling borough, working with the Council's Monitoring Officer and am still currently in post. In December 2013, I was invited to be Independent Person at Rushcliffe Borough Council. I retired from that post in September 2022.

**Terms of Reference – Independent Remuneration Panel 2022/23**

The Independent Remuneration Panel is set up under the Members' Allowances (England) Regulations 2003 and has three members. The Terms of Reference are as follows:

1. To review the Borough Council's Councillors' Allowance scheme taking into account relevant changes to the roles and responsibilities of Councillors.
2. To consult with relevant persons both officers and Councillors consistent with the Terms of Reference of the Panel.
3. To review the comparative data on allowances paid by other similar local authorities as provided.
4. To make recommendations on:
  - the level of Basic Allowance for all Councillors
  - the categories of special responsibility for which a Special Responsibility Allowance should be paid and the levels of those allowances
  - the allowance for Mayor and Deputy Mayor
  - travelling and subsistence allowances
  - any annual uplift.
5. To produce a report for the Chief Executive on the Panel's conclusions for future consideration by the Borough Council.

Note: Any proposed system of remuneration must be simple and cost effective to operate.

**Council**

**Thursday, 7 March 2019**

**Independent Review of Councillors' Allowances**

## **Report of the Chief Executive**

### **1. Purpose of report**

- 1.1. The Local Authorities (Members' Allowances) (England) Regulations 2003 require local authorities to make a scheme of allowances for their members and to establish and maintain an independent remuneration panel to make recommendations to the Council about the scheme and the amounts to be paid. To that effect, an Independent Remuneration Panel was convened in January 2019 and met twice to review the Rushcliffe Borough Council Members' Allowance Scheme. The report of the Panel is appended at Appendix One.

### **2. Recommendation**

It is RECOMMENDED that Council

- a) considers the Panel's report and determines whether to implement all, or some, of the Panel's recommendations
- b) considers the Scrutiny SRAs proposed in paragraph 4.6 of this report for the year 2019/20.

### **3. Reasons for Recommendation**

- 3.1. The last full review of the Members' Allowance Scheme was undertaken in 2015. The proposals in the report, subject to Council's consideration, would enable a revised scheme to be agreed prior to the end of the municipal year. If agreed a revised Member's Allowance Scheme would then be in place in time for the 2019 Borough Council elections.
- 3.2. The terms of reference for the Independent Remuneration Panel included as an appendix to the Panel's report.

### **4. Supporting Information**

- 4.1. The Panel's overall assessment of the current Members' Allowance Scheme is outlined in paragraph 10 of their report and states 'there has been no substantial change in members' responsibilities to justify any significant change in the Council's allowance scheme'. This judgement has led the Panel to make three recommendations outlined at the end of their report:
- That the basic allowance remain unchanged but that it be increased annually in line with the percentage pay award made to officers

- That there be no changes to the special responsibility allowances but that they be increased annually in line with the percentage pay award made to officers
  - That the travel and subsistence allowances remain unchanged.
- 4.2. In reaching these recommendations, the Panel reviewed background and comparative information; spoke with, or received written correspondence from, eleven Councillors; and was advised by senior officers.
- 4.3. Information received by the Panel led to the consideration of the following areas:
- Chairman of Member Development Group
  - Planning Committee Chairman, Vice Chairman and members
  - Mayoral Allowance
  - Scrutiny Groups
  - Business Manager
  - Information Technology.
- 4.4. On reflection, whilst the Panel welcomed the comments from Councillors, these did not result in any recommended changes to the Members' Allowance Scheme.
- 4.5. Of particular note, given the current Review of Scrutiny also on this agenda for discussion, is the Panel's consideration of this area outlined in paragraphs 37 to 41. The Panel was made aware of the proposed changes but as these had not yet been accepted at Council did not feel that these changes could be reflected in the review of the Members' Allowance Scheme. They have, however, made it clear that, in their considered opinion, 'unless there is a good and clear reason to do so, the overall special responsibility allowance currently paid in respect of scrutiny (£18,176) is not exceeded under the new arrangements, nor is the number of members receiving a special responsibility allowance for scrutiny roles increased'.
- 4.6. To that effect the following breakdown of the scrutiny 'pot' is proposed for the period of 2019/20:
- Chairman of Corporate Overview Group - £4,544
  - Chairmen of the three Scrutiny Groups - £3,408 (£10,224 in total)
  - Vice-Chairmen of the three Scrutiny Groups - £1,136 (£3,408 in total)

Please note the figures exclude the anticipated 2% pay increase for 2019/20.

## **5. Alternative options considered and reasons for rejection**

- 5.1. No alternatives were considered.

## **6. Risks and Uncertainties**

- 6.1. As the last full review was undertaken in 2015, failure to properly consider the Panel's report could restrict the Council's ability to ensure its Councillors

receive an allowance reflective of their community leadership role and also an amount representative of their responsibilities.

- 6.2. Under the relevant Regulations, the Council must have regard to the recommendations of the Independent Remuneration Panel before it makes or amends a Scheme, but it is not bound to follow the recommendations.

## **7. Implications**

### **7.1. Financial Implications**

7.1.1. The financial implications of the report are covered in paragraphs 4.1 and 4.6. Given there are no proposed changes, existing budgets are sufficient to fund the scheme.

### **7.2. Legal Implications**

7.2.1. The Council must under the relevant regulations have regard to the recommendations of the Independent Remuneration Panel before approving or amending its Members' Allowance Scheme. This is in order to ensure the scheme has been independently reviewed and retain public confidence in the allowance setting process.

### **7.3. Equalities Implications**

7.3.1. Consideration of an independent review of members' allowances supports delivery of the Council's priority of 'Maintaining and enhancing our residents' quality of life' by ensuring allowance payments to Councillors are reflective of their roles and responsibilities as community leaders. It can also help to ensure the allowances are set at a level that doesn't restrict people's ability to engage in community leadership and become a Councillor, reflecting the aims within the Council's equality scheme.

### **7.4. Section 17 of the Crime and Disorder Act 1998 Implications**

7.4.1. There are no Crime and Disorder Implications within this report.

### **7.5. Other implications**

7.5.1. There are no other implications within this report.

## **8. Link to Corporate Priorities**

- 8.1. Providing an appropriate level of recompense to Councillors that is reflective of their community leadership role supports delivery in all three of the Council's priority areas.

## **9. Recommendations**

It is RECOMMENDED that Council

- a) considers the Panel's report and determines whether to implement all, or some, of the Panel's recommendations

- b) considers the Scrutiny SRAs proposed in paragraph 4.6 of this report for the year 2019/20.

<b>Background papers available for Inspection:</b>	None.
<b>List of appendices:</b>	<b>Appendix A</b> – Report of the Independent Remuneration Panel

APPENDIX

## Background Research – Independent Remuneration Panel

In December 2018, Rushcliffe Borough Council commissioned its independent panel to carry out a review of Members' Allowances. The panel comprised the chair, Stuart Leslie, former Director of Legal and Democratic Services at Derby City Council; Richard Dix, former chief executive of Newark and Sherwood District Council; and a new member, John Flowers who had been part of Gedling Borough Council's IRP for a number of years.

The Panel met on two occasions to review background and comparative information; they spoke with, or received written correspondence from, eleven Councillors; and were advised by the Council's Section 151 Officer, the Monitoring Officer and the Service Manager – Finance and Corporate Services.

The Panel recommended:

- That the basic allowance remain unchanged but that it be increased annually in line with the percentage pay award made to officers
- That there be no changes to the special responsibility allowances but that they be increased annually in line with the percentage pay award made to officers
- That the travel and subsistence allowances remain unchanged.

These recommendations were accepted at Council on Thursday 7 March 2019.

Given the period of time that has elapsed since the last full review of allowances and the impending Borough Council election next year, it is considered to be an opportune time to carry out another full review of the allowances scheme.

This document contains financial information which enables comparison between the Councillors' Allowances Scheme at Rushcliffe Borough Council to be made with other neighbouring similar authorities. Because of the nature of this information, which has mainly been sourced via councils' websites, some is from 2020/21 and some from 2021/22.

## Basic Allowance

Commentary: When looking at the Basic Allowance per authority (going from largest to smallest) Bolsover is at the top with £9,902.40 and Broxtowe is at the bottom with £3,843.96. Rushcliffe is sixth out of fifteen (when listed from largest to smallest). When looking at the Total Spent on Basic Allowances per authority (going from largest to smallest) Bolsover is at the top with £353,212.22 and Melton is at the bottom with £14,1979.8. Rushcliffe is fifth from the top – five out of fifteen.

Name of authority	Number of Councillors	Basic Allowance per Councillor	Total Spent on Basic Allowances
Rushcliffe	44	£5,757.01	£253,308.44
Ashfield	35	£6,901.68	£241,558.80
Bassetlaw	47	£4,743.96	£222,966.12 <sup>1</sup>
Broxtowe	48	£3,843.96	£186,225.22 <sup>2</sup>
Gedling	41	£4,380.60	£179,604.60
Newark and Sherwood	39	£5,124.00	£199,836.00
Mansfield <sup>3</sup>	37	£6,385.92	£236,279.04
Charnwood <sup>4</sup>	52	£5,318.04	£267,579.31
South Kesteven	56	£5,784.00	£319,435.87
NW Leicestershire	38	£5,115.07	£194,372.66
Melton	27	£5,122.86	£141,979.80 <sup>5</sup>
Erewash	47	£4,320.72	£202,237.58 <sup>6</sup>
Bolsover	37	£9,902.40	£353,212.22 <sup>7</sup>
Chesterfield	48	£6,396.00	£307,008.00
Amber Valley	45	£4,210.00	£188,000.00 <sup>8</sup>

## Special Responsibility Allowances – Leader, Deputy leader, Cabinet members and Leader of the Opposition

Commentary: When looking at the Additional Allowance for the Leader per authority (going from largest to smallest) Chesterfield is at the top with £29,122.00 and Amber Valley is at the bottom with £12,632.00 (discounting Mansfield). Rushcliffe is sixth out of fourteen. When looking at the Additional Allowance for Deputy Leader per authority (going from largest to smallest) Chesterfield is at the top with £16,021.00 and Newark and Sherwood is at the bottom with £2,834.00 (again Mansfield is discounted from the comparison). Rushcliffe is near the middle – eighth out of fourteen.

Name of authority	Additional Allowance for Leader	Additional Allowance for Deputy Leader	Additional Allowance for Cabinet member	Additional Allowance for Leader of Opposition

## Special Responsibility Allowances – Chairmen and Vice Chairmen – Regulatory

Commentary: When looking at the Total Cost of the Regulatory SRA per authority (going from largest to smallest) Chesterfield is at the top with £29,356.00 and Amber Valley is at the bottom with £8152.00. Rushcliffe is second from the bottom – eighth out of nine. When looking at the Average Cost per Position per authority (going from largest to smallest) Mansfield is at the top with £6597.65 and Amber Valley is at the bottom with £1630.40. Rushcliffe is seventh out of nine.

Note: six authorities have been discounted from the comparison exercise on the basis that their regulatory positions are so different from Rushcliffe's that comparisons are difficult to draw.

Name of authority	Planning Committee Chairman	Planning Committee Vice-Chairman	Other	Total Cost of Regulatory SRA	Average Cost per Position
Rushcliffe	£5,352	£2,676	Standards - £1,332 Licensing - £1,332	£10,692	£2,673

## Rushcliffe Allowances Paid 2021/22

[taken from the Rushcliffe Website - [Members' Allowances - accessible - Rushcliffe Borough Council](#)]

In 2021-22, Rushcliffe paid out £252,483.85 in Basic Allowance, £79,428.28 to 19 councillors receiving a Special Responsibility Allowance, and £9,362.42 to the Mayor of Rushcliffe (the Deputy Mayor did not receive an SRA for this position as she was already in receipt of an SRA).

--	--

## **Report of the Chief Executive**

**Cabinet Portfolio Holder for Strategic and Borough-wide Leadership,  
Councillor S J Robinson**

### **1. Purpose of report**

This report seeks Council approval to appoint three Deputy Electoral Registration Officers, with the same duties as the Electoral Registration Officer (ERO) to provide resilience and business continuity in this role.

### **2. Recommendation**

It is RECOMMENDED that Council approves the appointments of the Council's Monitoring Officer, Electoral Services Manager and Senior Electoral Services Officer to the role of Deputy Electoral Registration Officer, under section 52(2) of the Representation of the People Act 1983, having the same duties as the Electoral Registration Officer.

### **3. Reasons for Recommendation**

The appointment of deputies whilst offering resilience is also timely due to some of the new requirements of the Elections Act 2022 and the forthcoming polls on Thursday 4 May. Any temporary voter authority certificates that need to be issued in the six days before the election will need to be issued locally with either a wet signature from the Electoral Registration Officer or another form of security measure. Therefore, it is important that there are several authorised officers available for this duty.

### **4. Supporting Information**

- 4.1. The Chief Executive holds the position of Electoral Registration Officer as is required under legislation. The Chief Executive is also noted to be the "Proper Officer" under section 270(3) of the Local Government Act 1972.
- 4.2. The Council has a duty to assign officers to assist the Electoral Registration Officer in their duties, and further to allocate appropriate resources to enable the required functions to be carried out.
- 4.3. Given the Scheme of Delegation does not mention the appointment of a deputy for this critical position, Council is asked to confirm the appointments as detailed in the recommendation above.

## **5. Alternative options considered and reasons for rejection**

The do-nothing option was considered but due to the above comments regarding resilience and business continuity this option is not considered viable.

## **6. Risks and Uncertainties**

Business continuity is critical in all services and seeking deputy appointments to a key role ensures resilience and continuity.

## **7. Implications**

### **7.1. Financial Implications**

There are no financial implications.

### **7.2. Legal Implications**

There are no direct legal implications. The report supports compliance with legislation.

### **7.3. Equalities Implications**

There are no equalities implications from this report.

### **7.4. Section 17 of the Crime and Disorder Act 1998 Implications**

There are no Section 17 implications from this report.

## **8. Link to Corporate Priorities**

Quality of Life	The recommendations in this report do not impact on or contribute to the Council's Quality of Life priority.
Efficient Services	The recommendations in this report do not impact on or contribute to the Council's Efficient Services priority.
Sustainable Growth	The recommendations in this report do not impact on or contribute to the Council's Sustainable Growth priority.
The Environment	The recommendations in this report do not impact on or contribute to the Council's Environment priority.

## **9. Recommendation**

It is RECOMMENDED that Council approves the appointments of the Council's Monitoring Officer, Electoral Services Manager and Senior Electoral Services Officer to the role of Deputy Electoral Registration Officer, under section 52(2) of the Representation of the People Act 1983, having the same duties as the Electoral Registration Officer.
