“The covid-19 pandemic has compounded the impact of austerity which local government has faced over the last decade. Severe cuts to funding for local government has compelled Councils to seek out different ways of investing money to bolster their budgets, which can result in a reliance on commercial income streams to support service delivery.

This Council calls for an immediate increase in funding from central government to cover the true cost of the covid-19 pandemic. An increase in funding will ensure that councils are able to pay for essential services in their communities.”
