Internal Audit Progress Report

Report of the Director – Finance and Corporate Services

1. Purpose of report

The attached report has been prepared by the Council's internal auditors BDO. It reflects the progress made against the annual Internal Audit programme along with any significant recommendations with regard to the audits completed during this period.

2. Recommendation

It is RECOMMENDED that the Governance Scrutiny Group notes the progress report for 2022/23 (**Appendix A**) prepared by the Council's Internal Auditor.

3. Reasons for Recommendation

To conform to best practice and Public Sector Internal Audit Standards and give assurance to the Governance Scrutiny Group regarding the Council's internal control environment.

4. Supporting Information

4.1. The Internal Audit Plan for 2022/23 was approved by the Governance Scrutiny Group at its meeting on 3 February 2022 and includes 10 planned reviews.

4.2. The attached report highlights the completion and issuing of three reports from the 2022/23 Internal Audit Annual Plan. In terms of findings:

- The Risk Management audit received a substantial rating for both Design and Effectiveness – one medium and two low level recommendations were made
- The Project Management audit received a moderate rating for Design Opinion and a substantial rating for Design Effectiveness with one medium and two low level recommendations being made.
- The Environment audit received a substantial rating for Design Opinion and a moderate rating for Effectiveness with two medium and two low level recommendations.
- Management actions have been agreed for all recommendations and it should be noted that a moderate rating is not a cause for concern.

4.3. The audit plan is progressing well and is anticipated to be completed on target.

5. Risks and Uncertainties

If recommendations are not acted upon there is a risk internal controls are weakened and the risk materialises.

6. Implications

6.1. Financial Implications

There are no direct financial implications to the report. Indirectly a better internal control environment suggests risk has reduced and can result in a reduced audit workload and therefore cost.

6.2. Legal Implications

The recommendation supports good risk management.

6.3. Equalities Implications

There are no equalities implications identified for this report.
