Date: June 2018

1. INTRODUCTION

- 1.1. Rushcliffe Borough Council is a Licensing Authority for the purpose of the Licensing Act 2003. Section 5 of the Act requires all licensing Authorities to prepare and publish a Statement of Licensing Policy that they propose to apply in exercising their functions under the Act during the five year period to which the policy applies. The Statement of Licensing Policy can be reviewed and revised by the Authority at any time.
- 1.2. Rushcliffe lies immediately south of the City of Nottingham and the River Trent and extends towards Newark in the North East and Loughborough in the South West. The Borough is a pleasant, prosperous district, characterised by attractive villages, tree-lined suburbs, rich farmland and rolling countryside. The prosperity of Rushcliffe is closely linked to the wider economy of the Greater Nottingham area. This is recognised through good working relationships with all Nottinghamshire Councils, the County, City and Districts, and at regional level. For more information about Rushcliffe go to www.rushcliffe.gov.uk
- 1.3. The Authority has licensed certain public spaces within the community in its own name including suitable Authority owned community centres, and many existing public open spaces. In this instance performers and entertainers would not need to obtain a licence or give a Temporary Event Notice themselves to enable a performance to be given in such places but would require the permission of the appropriate Department of the Authority as the licence holder. They would also need to adhere to any conditions relating to the use of such premises.

Without being exhaustive, in considering any licence application the Authority will take into account the following factors, the positive impact of the proposal in attracting visitors, the positive impact on enhancing the attractiveness of the wider area, and the number and type of jobs created.

- 1.4. This Policy Statement seeks to establish sensible controls and appropriate guidance to encourage and further the efforts that are being made by the Council and its partners together with the licensed trade to help the Authority deal with issues that arise from licensable activities.

This will be achieved by:-

- Establishing and building upon best practice within the industry;
 - Recognising and facilitating the role of partners and stakeholders;
 - Encouraging self-regulation by licensees and managers;
 - Providing a clear basis for the determination of licence applications; and
 - Supporting related policies and strategies of the District Council.
 - An inspection and enforcement regime targeted at premises that present a high risk.
- 1.5. The Authority is committed to working with its licensing partners and stakeholders in delivering the licensing function. This Policy Statement therefore seeks to provide information on the general approach that the Authority will take in carrying out its licensing functions.
- 1.6. In preparing and publishing this Policy Statement due regard has been given to the guidance issued by the Secretary of State under section 182 of the Act, and to good practice advice issued by approved government advisory bodies. In particular the Authority has consulted those persons and bodies as required by the guidance and given proper weight to their views. Partnership working between licensing Authorities in Nottinghamshire has enhanced the production of this Policy Statement and will help ensure consistency in terms of both policy and enforcement where licensing boundaries meet.
- 1.7. This Policy Statement should not be regarded or interpreted as indicating that any requirement of law may be overridden; each application will be considered and treated on its own merits. No restrictive controls will be introduced or imposed unless they are felt to be necessary and appropriate.
- 1.8. There are certain matters which the Authority is prevented from taking into account or from dealing with in a specified way. For example the Authority is not entitled to take the issue of the “need” for further licensed premises into account when determining licence applications. On the other hand the cumulative impact of licensed premises on the promotion of the Licensing Objectives is a matter that can be properly considered by the Authority. Cumulative impact and related matters are dealt with in Section 6 of this Policy Statement.

- 1.9. Nothing in this Statement of Policy prevents any one person or body applying for a variety of current permissions under the Act. Nor does it override the right of any Responsible Authority, any person or business to make representations or seek a review of a licence or certificate where provision has been made for them to do so in the Act.

2. THE LICENSING OBJECTIVES AND LICENSABLE ACTIVITIES

- 2.1. In exercising their functions under the Licensing Act 2003, licensing Authorities must have regard to the licensing objectives as set out in section 4 of the Act. The licensing objectives are:

- (a) the prevention of crime and disorder;
- (b) public safety;
- (c) the prevention of public nuisance; and
- (d) the protection of children from harm.

- 2.2. Guidance on the Licensing Objectives is available on the Government's website at: <https://www.gov.uk/alcohol-licensing>

- 2.3. Licensing law is not the primary mechanism for the general control of anti-social behaviour by individuals once they are beyond the direct control of the individual club, or business holding the licence, certificate or permission concerned. Licensing is about the management of licensed premises and activities within the terms of the Act and conditions attached to various Authorisations will be focused on matters which are within the control of the individual licence holder and others.

- 2.4. The Act only covers certain "licensable activities" namely:-
- (a) the sale by retail of alcohol
 - (b) the supply of alcohol by or on behalf of a club to a member
 - (c) the provision of "regulated entertainment" and
 - (d) the provision of late night refreshment

The definition of what constitutes "regulated entertainment" is complex and has been (and remains) the subject of Government deregulation. Whilst "regulated entertainment" potentially covers live or recorded music, dancing,

plays, films, and certain types of sporting activity the Act itself provides various exemptions and restrictions on the types of activities which are subject to the Licensing regime. Other legislation such as the Live Music Act 2012 has removed the ability of the Licensing Authority to regulate live music at certain times and in certain circumstances. Deregulation initiatives have added further activities from those that are exempt from the licensing regime, particularly where it relates to entertainment taking place between 8am and 11pm and where that entertainment takes place before an audience of a prescribed size. It cannot be assumed therefore that a licence is required for all forms of entertainment or, even if a licence is required, that the Licensing Authority will necessarily have the power to impose restrictions or conditions on such entertainment. Each activity is determined on its own circumstances and arrangements.

- 2.5. Where an activity is licensable the promotion of the Licensing Objectives is the paramount consideration for the Authority. In the absence of valid representations from Responsible Authorities, other persons or businesses, all applications must be granted subject only to any prescribed mandatory conditions and such other conditions which are consistent with the operating schedule provided by the applicant. Where valid representations are received and maintained the application will normally be determined at a hearing before the Licensing Committee or one of its Panels. The Committee or Panel will then assess whether the application would result in the licensing objectives being undermined to such an extent that the application should be refused or, whether it would be possible to grant the licence subject to such conditions as are felt appropriate by the Authority. Conditions will be tailored to the size, style, characteristics and activities taking place at the premises concerned. Conditions will be focused on matters that are within the control of individual licensees and others granted relevant permissions. Accordingly, these matters will centre on the premises and places being used for licensable activities and the vicinity of those premises and places. Whether or not incidents can be regarded as being “in the vicinity” of licensed premises or places, is ultimately a matter of fact to be decided by the courts in cases of dispute. In addressing such matters consideration will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned. The imposition of standardised conditions is prohibited as being disproportionate and burdensome. It should be noted, however, that the

Authority is permitted to establish pools of conditions from which appropriate and proportionate conditions may be drawn. Further details regarding such conditions can be obtained from the Licensing Service.

3. HOW THIS STATEMENT OF POLICY WORKS

3.1. The purpose of the Statement of Policy is to:

- provide a clear basis for determining licence applications;
- provide a clear framework for licensing strategies, including the effect known as 'cumulative impact';
- support wider strategies and policies of the Council.

3.2. The text of this Statement of Policy **in bold type** indicates the **Policies** with **the reason** for each policy shown immediately after ***in bold italics***.

3.3. This Policy sets out the Authority's expectations in relation to certain matters. Whilst applicants are not obliged to meet these expectations in their Operating Schedules they may find that Responsible Authorities other persons and businesses are more likely to raise representations if they do not. This can lead to a delay with the application having to be considered by a Committee/Panel which may then either refuse the application or impose conditions if the application is not found to sufficiently promote the licensing objectives and meet this Policy. On appeal the Court is also obliged to have regard to the terms and requirements of this Policy and can only depart from it if it has good reason.

3.4. In this Statement of Policy any reference made to the imposition of conditions refers to conditions imposed in accordance with the requirements of the Act outlined in paragraph 2.5 above. As a general rule the Authority will seek to avoid attaching conditions that duplicate existing legal requirements and obligations imposed by other regimes unless such obligations and requirements fail to adequately address the specific circumstances of the case.

4. STRATEGIC LINKS AND OTHER REGULATORY REGIMES

4.1. There is a range of strategic influences and statutory controls which affect the

licensing system in terms of policy formulation, administration and enforcement activities. Examples of these strategies can be found in the Section 182 guidance produced by the Home Office <https://www.gov.uk/government/publications/explanatory-memorandum-revised-guidance-issued-under-s-182-of-licensing-act-2003>. The Authority will seek to have an active involvement in the development and review of these by ensuring an appropriate exchange of dialogue between the Licensing Authority and other relevant regimes. Such involvement may result in the imposition of conditions and formulation of policies supporting the relevant strategies where appropriate.

- 4.2. The granting of a licence, certificate or provisional statement will not override any requirement of the planning system or vice-versa. The licensing system will provide for the detailed control of operational matters, which are unlikely to be addressed through planning processes. However there will be overlapping issues of interest e.g. disturbance, which will remain material considerations for planning purposes as well as being relevant in terms of the licensing objectives. Applicants should also ensure that they have due regard to any planning restrictions on the use of premises when applying for licence/certification to avoid any possible enforcement action.
- 4.3. The four statutory licensing objectives aim to reduce crime and disorder and increase public safety. Licensing policies are not currently required to address Public Health concerns; however, there is strong evidence that alcohol outlet density is associated with increased alcohol-related hospital admissions and alcohol-related mortality. Alcohol contributes to more than 60 diseases and health conditions and represents 10% of the burden of disease and death in the UK, placing it in the top three lifestyle risk factors after smoking and obesity
- 4.4. Whilst the exact relationship between alcohol and ill-health is often complex and affected by other factors such as the socioeconomic make-up of the neighbourhood, studies have found that local Authorities' greater use of licensing powers leads to reductions in alcohol-related hospital admissions in England (Institute of Alcohol Studies, 2017). In light of this, this Authority has reviewed Public Health indicators both at a District level from the Local Alcohol Profiles for England and at sub-district level.

- 4.5. Across Rushcliffe, Public health analysts have mapped a number of alcohol-related measures that are considered to have a negative impact on health and wellbeing to show how the relative levels of these measures vary across Nottinghamshire County Districts and Boroughs.
- 4.6. Measures used were selected for their relevance to licensing and public health and their availability at sub-district level and include alcohol-related hospital admissions, anti-social behaviour, crimes against the person including domestic violence, rate of persons in treatment for substance misuse, an estimate of the percentage of the population drinking at least once a day and deprivation.
- 4.7. This has identified some areas with relatively higher levels of harm and for Rushcliffe this includes parts of East Bridgford, Bingham and Cotgrave , . Applications within these areas or surroundings should be aware of, and give consideration to, their contribution to the burden of alcohol-related harms to the health and wellbeing within the community.

5. DELIVERING LICENSING SERVICES

- 5.1. The Authority will make available guidance and such resources as required by law to enable engagement with the licensing process. Such guidance and resources may be accessed through the Rushcliffe Borough Council website, at www.rushcliffe.gov.uk or by contacting the Authority direct.
- 5.2. The Licensing Authority will maintain an impartial role in service delivery and cannot act in favour of one party over another. The Licensing Authority may, in certain circumstances, act as a Responsible Authority. However this will only be done in exceptional circumstances and the Licensing Authority will not normally take over the role of other Responsible Authorities or parties.
- 5.3. Details of Responsible Authorities can be found on the Council's website at http://www.rushcliffe.gov.uk/media/1_rushcliffe/media/documents/pdf/business_andlicensing/licensing/LIST%20OF%20RESPONSIBLE%20AUTHORITIES%20.pdf

6. APPLICATIONS, NOTIFICATIONS AND THEIR CONSIDERATION

- 6.1. The procedure and documentation required for the various applications and notices is prescribed by the Act and Regulations. Further advice on these processes is available on the Council's web site. This section of the policy gives basic guidance on how those applications and notifications will be considered. Failure to comply with the statutory requirements may result in the application or notice being invalid. To ensure the application is completed fully, applicants must consider the contents of this policy statement, the government guidance issued under section 182 Licensing Act 2003 and relevant guidance published by the Licensing Authority. Applicants are encouraged to seek advice from the Licensing Authority and Responsible Authorities before submitting an application. Failure to comply with the statutory requirements may result in an application or notice being invalid/rejected.

The process of applying for new premises licences and full variations of current premises licences are dealt with in same way and involve serving the application on all responsible Authorities and advertising the application in the prescribed way. If objections are received the matter will be heard by the Licensing Committee of the Council. The fee for such applications depends on the size of the premises. The process of a minor variation to current premises licences are dealt with differently. Minor variations can be applied for to vary times of activities but not to increase the hours when alcohol can be sold. The process can also be used when making minor structural alterations to the premises and to add or remove conditions from the licence.

These minor variations should not have a material effect on the way in which the premises are operated and there is one set fee. The granting of a minor variation is determined at officer level after consultation with those Responsible Authorities affected. If the application is refused the applicant can resort to the full variation process.

All applicants are encouraged to use the gov.uk site to submit on line applications.

6.2. Representations

- 6.3. Where the Licensing Authority receives an application for a new licence or a variation to an existing licence, the Responsible Authorities, local residents and businesses have 28 days to make representations about the application. Representations can be positive as well as negative. Guidance on making a representation is available from the Home Office and a preferred form is available on the Council's Liquor Licensing web page for individuals or groups to make their representations.
- 6.4. Submissions of representations made via e-mail will be accepted so long as there is a clear indication of who has submitted the representation, it is clear and legible and details of how that person or group can be contacted.
- 6.5. For a representation to be relevant it should be positively tied or linked by a causal connection to particular premises. Representations received outside the statutory period for making such representations will be invalid and will not be taken into consideration when the application is determined. The Licensing Authority also has the power to reject a representation made by someone other than a Responsible Authority if it finds it to be vexatious or frivolous. An example could be where a representation was made solely on the basis that the application would provide competition to an existing trader or where no link was made to any of the licensing objectives.
- 6.6. Members of the public who wish to submit a representation need to be aware that their personal details will be made available to the applicant. If this is an issue, they may contact their ward Councillor or other locally recognised body such as a resident's association about submitting a representation on their behalf. The Council is not able to accept anonymous representations.
- 6.7. Where a representation proceeds to a hearing the Hearings Regulations allow for further information to be put forward in support of that representation. However, that material must only relate to the initial representation and must not add new grounds of objection. It is therefore vitally important that as much detail and evidence as possible is included at the time the representation is made. Representations made without supporting detail and evidence may be viewed as frivolous or vexatious and disregarded.

- 6.8. It is for the Licensing Authority to determine whether any representation by an interested party is, on its own merits, vexatious or frivolous. The Authority will determine this and make the decision on the basis of what might ordinarily be considered to be vexatious or frivolous.
- 6.9. Where representations are received the characteristics of an area and the impact that the premises may have upon that area will be a fundamental consideration in determining whether a licence should be granted and if so what conditions should be attached to it. Conditions will be focused on matters that are within the control of individual licensees and others in possession of relevant Authorisations. These matters will centre on the premises being used for licensable activities and the vicinity of those premises. What amounts to the “vicinity” will be a question of fact to be determined in the light of the individual circumstances of the case. Consideration will primarily be given to the direct impact of the licensed activity on those who live, work or are engaged in business or other activities in the area concerned..

6.10. Responsible Authorities

- 6.11. Although the licensing Authority is a Responsible Authority in its own right, it expects other parties such as local residents, Councillors or community groups to make representations in their own right when they are reasonably able to do so rather than rely on the licensing Authority to make representations for them.

6.12. Public Health.

The Director of Public Health is Responsible for making representations and observations on applications on behalf of health bodies. Public health is not yet a licensing objective but Public Health is a Responsible Authority under the Licensing Act. The licensing Authority believes that public health has much to add to licensing in relation to the local populations’ alcohol related health needs. Health bodies such as Public Health have unique access to data not available to other Responsible Authorities which may inform licensing decisions. Public Health is useful in providing evidence of alcohol related health harms particularly in relation to cumulative impact policies.

6.13. Panel/Sub Committee Hearings

6.14. The Act creates a presumption that applications will be granted unless a valid representation is raised. An application will then be determined by the Licensing Sub-Committee/Panel unless the issue that led to the representation can be negotiated to an agreed conclusion between the parties.

6.15. The Authority considers the effective and responsible management of the premises, the instruction, training and supervision of staff and the adoption of best practice in the leisure industry, which may include participation in such schemes as Best Bar None, Purple Flag or Business Improvement Districts (BIDs) to be amongst the most important control measures for the achievement of all of the Licensing Objectives.

6.16. Policy 1

The Authority expects to see evidence of the effective and responsible management of the licensed premises, such as examples of instruction, training and supervision of staff and the adoption of best practice used in the leisure industry, being specifically addressed within the Operating Schedule.

REASON: To ensure the promotion of the licensing objectives.

6.17. Licensing law is not a the primary mechanism for the general control of the anti-social behaviour of patrons once they have left the vicinity of the licensed premises rather it is part of a holistic approach to the management of the area.

6.18. Where appropriate the Authority will seek to identify mechanisms that are available for addressing the potential impact of anti-social behaviour arising both in respect of the management and operation of licensed premises themselves and that arising once patrons leave the licensed premises. Regard will be had to the Section 182 Guidance in this respect and the following may be employed: to address such behaviour and the potential for cumulative impact

- Planning controls.
- Positive measures to create a safe and clean town centre environment in partnership with local businesses, transport operators and other departments of the local Authority.
- The provision of CCTV surveillance in town centres, taxi ranks, provision of public conveniences open late at night, street cleaning and litter patrols.
- Powers of local Authorities to designate parts of the local Authority area as places where alcohol may not be consumed publicly.
- The confiscation of alcohol from adults and children in designated areas
- Police enforcement of the general law concerning disorder and anti-social behaviour, including the issuing of fixed penalty notices.
- Prosecution for the offence of selling alcohol to a person who is drunk (or allowing such a sale)
- Police powers to close down instantly for up to 24 hours (extendable to 48 hours) any licensed premises or temporary events on grounds of disorder, the likelihood of disorder or noise emanating from the premises causing a nuisance.
- The power of the police, other Responsible Authorities or a local resident or business to seek a review of the licence or certificate in question.
- Early Morning Alcohol Restriction Orders (EMROs)
- Any other local initiatives that similarly address these problems.

6.19. Policy 2

When preparing or considering applications, applicants, responsible Authorities, other persons, businesses and the Licensing Authority shall, where appropriate, take into account the following matters in assessing both the potential for the Licensing Objectives to be undermined and the appropriateness of, and proportionality of, any conditions which may be offered or imposed on any resulting licence, certificate or permission:

- (a) The nature of the area within which the premises are situated.**
- (b) The precise nature, type and frequency of the proposed activities.**
- (c) Any measures proposed by the applicant in the Operating Schedule.**
- (d) The nature (principally in terms of the age and orderliness) and number of any customers likely to attend the licensed premises.**

- (e) Means of access to and exit from the premises.**
- (f) Noise from the premises or people visiting the premises**
- (g) The potential cumulative impact (see below).**
- (h) Other means and resources available to mitigate any impact.**
- (i) Such other matters as may be relevant to the application.**

REASON: To ensure that all relevant matters are taken into consideration during the application process.

- 6.20. The Authority wishes to encourage high quality, well managed premises. The operating schedule should describe how these high management standards will be achieved. In particular applicants will be expected to demonstrate:
- Knowledge of best practice
 - That they understand the legal requirements of operating a licensed business
 - Knowledge and understanding of the licensing objectives, relevant parts of the licensing policy, and their responsibilities under the Licensing Act 2003
- 6.21. The operating schedule must include all of the information necessary to enable the both the Licensing and Responsible Authorities as well as members of the public to assess whether the steps outlined for the promotion of the licensing objectives are sufficient. This will mean that applicants will need to complete their own risk assessments on their businesses. Where the operating schedule does not provide enough detail, there is an increased likelihood that representations will be made.
- 6.22. The Authority will expect that the completed operating schedule is specific to the premises subject to the application and the licensable activities to be carried out rather than containing general or standard terms.
- 6.23. Levels of noise from licensed premises, which may be acceptable at certain times of day, may not be acceptable later in the evening or at night when ambient noise levels are much lower. The main impact of customers arriving, queuing and leaving should be confined to principal pedestrian routes as far as possible. The impact of noise arising from patrons that are temporarily outside the premises (e.g. smoking or moving from one part of the premises to another) must be recognised and mitigated against.

- 6.24. Applicants should carefully consider the hours that they will wish to operate for each licensable activity and when to close their premises for the entry of customers and to require them to leave. They should consider each licensable activity separately and carefully, and reflect this in their operating schedule. Shops, stores and supermarkets will normally be permitted to sell alcohol and or late night refreshment anytime when they are open for shopping unless there are good reasons related to the promotion of the licensing objectives for restricting these hours.
- 6.25. Applicants should consider the benefits of stopping serving alcohol before other licensable activities stop and a suitable time before the premises close and customers must leave. In noise sensitive areas operators should consider ceasing the playing of dance music and switching to quieter, slower tempo music with a less pronounced beat for a period prior to the closure of the premises.
- 6.26. Applicants should also consider making arrangements with local transport operators to provide information to customers to ensure they can access public transport and leave the vicinity of the premises quickly by the most appropriate route.
- 6.27. The Authority is mindful of the responsibilities that licence holders have for preventing anti-social behaviour on and within the vicinity of their premises. The Authority must, however, also bear in mind its statutory duty under the Crime and Disorder Act 1998 to do all it can to prevent crime and disorder in the District. Where appropriate conditions will be imposed which reflect local Crime Prevention strategies.
- 6.28. Applicants are expected to have carried out the relevant assessments under other legislation (e.g. fire precautions, health and safety at work, etc) prior to submitting their applications. These assessments should be used to identify particular issues which may need to be addressed in the operating schedule in order to ensure that the objectives will not be undermined. Suggested methods of addressing Policy 2 may be outlined in more detail in any guidance issued by the Responsible Authorities but could include the matters listed below where appropriate.

6.29. Examples of recommended management practice to minimise Crime and Disorder:

- Use of CCTV both within and outside the premises.
- Metal detection and search facilities.
- Procedures for risk assessing promotions and events such as “happy hours” and plans for minimising such risk.
- Measures to prevent the use or supply of illegal drugs.
- Employment of licensed door supervisors and other appropriately trained staff.
- Participation in an appropriate Pub Watch Scheme or other such scheme aimed at achieving a safe, secure and social drinking environment e.g. bar tariffs (for all bar price lists to carry a guide of how many units of alcohol each individual drink contains) and recommendations that all licensees, managers or supervisors attend regular Pub Watch meetings or send a representative if they cannot attend.
- The licensee providing a taxi call point, waiting and concierge service for the licensed premises.
- Use of measures aimed at ensuring patrons are more relaxed and quieter when leaving the licensed premises e.g. playing quieter music and promoting non-alcoholic drinks towards the end of the event, ensuring good lighting outside the premises, staggering the closing time with regard to nearby licensed premises, etc.

6.30. Examples of recommended management practice to ensure public safety:

- The preparation and application of appropriate risk assessments.
- The setting and monitoring of occupancy levels for the premises.
- Reasonable facilities, access and egress for people with disabilities.
- Having glassware policies.

6.31. Examples of recommended management practice for the protection of children:

- Exclusion from the premises in certain circumstances.
- Implementation of a robust proof of age scheme.
- Supply of Alcohol (Off Sales)
- The display of prominent warning notices about the supply of alcohol to minors;
- Knowledge of the offences which adults can commit by buying alcohol

for minors;

- The requirements for production of satisfactory proof of age;
- a commitment to the promotion of age verification schemes (i.e. Challenge 21 /Challenge 25);
- Whether any high strength beers, lagers, ciders, etc will be made available for sale.

6.32. Examples of recommended management practice for preventing nuisance:

- Keeping doors and windows of licensed premises closed to minimise noise break out.
- Sound limiting devices, or insulation to contain sound and vibration so as to address noise break out not only from music but also, for example, from air handling equipment, generators or patrons.
- With popular premises that attract queues ensuring that the direction of any queue is away from residential accommodation.
- Proper and adequate door supervision.
- Erecting prominent notices at the exits to premises asking customers to leave quietly and not to slam car doors and repeating such requests verbally.
- Reducing the volume of music towards the end of the evening and where appropriate playing quieter, more soothing music as the evening winds down.
- Arrangements with licensed taxis or private hire vehicles to take patrons from the premises.
- In appropriate cases door supervisors or a manager patrolling nearby streets to assess for themselves whether there is a problem and how best to deal with it.
- Banning people who regularly leave in a noisy fashion and liaising with other premises on such bans.
- Where the premises have a membership scheme, including provisions in the conditions of membership concerning conduct and noise when leaving the premises.
- Adequate provisions for dealing with litter/refuse arising from the operation of premises.
- Appropriate times for and methods of dealing with bottle delivery, disposal and collection.
- The licensee providing a help line or contact number for concerned residents.

- 6.33. In some cases it may be helpful for applicants and/or their advisors to discuss their draft Operating Schedule with representatives of Responsible Authorities, before it is formally submitted. This will help ensure it properly addresses all relevant issues that might give rise to concern.

A pool of potential conditions can be found on the Councils website..

Any condition attached to a licence or certificate should be

- Clear
- Enforceable
- Evidenced
- Proportionate
- Relevant
- Be expressed in plain language capable of being understood by those
- Expected to comply with them.

As a general rule, the Licensing Authority will seek to avoid attaching conditions that duplicate existing legal requirements and obligations imposed by other regimes unless such obligations and requirements fail to adequately address the specific circumstances of the case.

6.34. Outside areas

- 6.35. The prohibition on smoking in enclosed public spaces has increased the demand for outside areas. Applicants are reminded that whilst they can be a valuable addition to the business, they can cause increased nuisance and disorder for residents. Operating schedules should detail how noise nuisance and disorder will be dealt with.
- 6.36. Although consumption of alcohol is not a licensable activity, if the plan does not show outside areas such as beer gardens or similar, then any premises licence authorising the sale of alcohol on the premises only would not authorise the use of such areas.

6.37. Large Scale Events

6.38. Existing licensed premises which intend to run one-off large scale events (and particularly dance events) are encouraged to consult with the Responsible Authorities and the Safety Advisory Group well in advance of the event taking place, to ensure that the event does not undermine the licensing objectives.

6.39. Cumulative Impact

6.40. In some areas concentrations of licensed premises exist where the combined effect of all of the premises, causes problems for a wider area and undermines, or potentially undermines, the Licensing Objectives.

6.41. This potential impact on the promotion of the Licensing Objectives by a significant number of licensed premises concentrated in one area is called “cumulative impact”. This should not be confused with the issue of “need” which relates to the commercial demand for licensed premises and cannot be taken into account when determining licensing applications.

6.42. The Authority following consultation with the appropriate bodies/persons do **not consider** there to be any parts of its area where a particular concentration of licensed premises is considered to be already causing a cumulative impact on one or more of the Licensing objectives.

6.43. The absence of a special policy does not prevent any Responsible Authority or interested party making representations on a new application for the grant of a licence on the grounds that the premises will give rise to a negative cumulative impact on one or more of the licensing objectives. Should any of these persons/bodies make representations after the implementation of such a Policy, then Policies 3 and 4 will apply.

6.44. Policy 3

Where representations about crime and disorder and/or nuisance are received in respect of applications for premises in the “a Saturation Zone” a rebuttable presumption will apply that such applications shall be refused. However, this policy only applies to applications of the types listed below and which include the sale or supply of alcohol and/or late night refreshment namely:-

- **New premises licences;**
- **New club premises certificates;**
- **Material variations to existing premises licences/club premises certificates (for example, these may include matters such as increases in capacity or hours);**
- **Late Night Refreshments.**

and in the case of applications for Provisional Statements an indication will be given that any subsequent application for a premises licence/club premises certificate is likely to be refused.

REASON: To ensure that those applications which may add to the levels of crime, disorder and nuisance already being experienced in the area are refused.

- 6.45. This policy creates a rebuttable presumption that certain types of applications will be refused. The presumption may be rebutted where applicants can demonstrate through the Operating Schedule and, where appropriate, supporting evidence such as risk assessments, that the operation of the premises will not potentially add to the cumulative impact already being experienced.
- 6.46. Whilst the policy will not be applied inflexibly the circumstances in which the presumption of refusal may be rebutted will need to be exceptional and directly related to the reasons why the policy was adopted. An application is not likely to be classed as exceptional merely on the grounds that the premises have been or will be operated within the terms of its licence or that they are or will be well managed. This is to be expected of any application. An example of the type of application which might be granted could be where premises are being re-located or act as a direct replacement for others and where the impact is likely to be similar to the original location.
- 6.47. Policy 3 however does not relieve Responsible Authorities, other persons, or businesses of the need to make representations before such applications are refused. If no representations are received then the application must be granted in terms consistent with the submitted operating schedule. The Authority will regularly review this Policy to assess its impact.

6.48. Where a provisional statement has been issued by the Authority and the relevant works are completed satisfactorily then any subsequent application for a premises licence must be granted and any objection which could have been raised at the Provisional Statement stage must be disregarded. It is important therefore that if there is potential for new or altered premises to contribute to or cause cumulative impact in any given area that the issue is addressed as soon as possible in the licensing process. For this reason Provisional Statements are included in Policy 3. Whilst applications for Provisional Statements cannot be refused it is considered that such statements could properly be used to indicate that even if the works were satisfactorily completed that the subsequent premises licence application could be refused on the grounds of cumulative impact.

6.49. Responsible Authorities, other persons or businesses may still make representations on specific applications concerning cumulative impact even though those applications are not for premises in designated saturation zones. In such circumstances the application may be refused, (though there will be no presumption that this will be the case), and the Authority may then choose to review this Statement of Policy and consult as to whether the particular area should be designated as a saturation zone to which Policy 3 should apply.

6.50. Policy 4

In cases where Responsible Authorities, other persons or businesses seek to establish that an application should be refused on the grounds that it would result in or further contribute to a cumulative impact in an area not designated as a saturation zone, which would undermine one or more of the Licensing Objectives the Local Authority expects that they shall:

- (a) Identify the boundaries of the area from which it is alleged problems are arising;**
- (b) Identify the Licensing Objective(s) which it is alleged will be undermined;**
- (c) Identify the type of licensable activity alleged to be causing the problem (e.g. sale of alcohol, late night refreshment etc)**
- (d) Provide full details and evidence to show the manner and extent to**

which it is alleged that the Licensing Objective(s) are being, or are at risk of being, undermined in the area;

- (e) Provide evidence to show that the undermining of the objective(s) is caused by the patrons of licensed premises in the area.

REASON: To ensure that objections are neither frivolous nor vexatious and that there is an evidential basis for the Committee to reach a decision.

7. PUBLIC SPACE PROTECTION ORDERS

7.1. This Authority supports the use of public space protection orders as a tool to prevent alcohol related crime and disorder in the streets. The Authority expects premises that operate in areas where DPPOs (now PSPO's) have been implemented to have measures in place to ensure that their customers do not contribute to drink related anti-social behaviour.

7.2. Encouraging diversity

7.3. The Licensing Authority recognises that creating a vibrant night-time economy is important. Key to this is ensuring that the area appeals to a wide group of people including families and older adults who may not wish to frequent premises where the main, if not only attraction is the consumption of alcohol.

7.4. Applications for premises whose predominant offer is "vertical drinking" that is to say standing only are not encouraged, but if applications are made for such premises, it is expected that the operating schedule will demonstrate robust arrangements for promoting the licensing objectives.

7.5. Provisional Statements

7.6 Where it is proposed to build or alter premises which may require a premises licence then the Licensing Act permits an application for a Provisional Statement. This application is dealt with in the same way as an ordinary application but does not result in the issue of a premises licence. That is applied for when the premises are complete.

7.6 Where a provisional statement has been issued by the Authority and the relevant works are completed satisfactorily then any subsequent application

for a premises licence must be granted and any objection which could have been raised at the Provisional Statement stage must be disregarded.

7.6. Adult Entertainment

- 7.7. The potential for the provision of adult entertainment to impact on the licensing objectives is recognised in the prescribed application form and all applicants are required by the prescribed application form to indicate in their operating schedules whether they intend to provide any such entertainment which may give rise to concerns in respect of children.
- 7.8. The Policing and Crime Act 2009 potentially provides an additional licensing requirement for operators who provide “sexual entertainment venues” to licence them as sex establishments under the Local Government (Miscellaneous Provisions) Act 1982. These are essentially premises which provide live entertainment or performances to a live audience which either involve nudity (such as lap or pole dancing establishments) or which are for the purpose of sexually stimulating a member of the audience. The new licensing provisions are adoptive and do not necessarily apply in every Licensing Authority’s district. Rushcliffe Borough Council has however adopted those provisions.
- 7.9. Where a business wishes to operate as a sexual entertainment venue it may still need to be licensed under the Licensing Act for the sale of alcohol and the provision of regulated entertainment. The provision of sexual entertainment will however be regulated solely under the terms of any sex establishment licence which may be granted under the 1982 Act.
- 7.10. Certain forms of adult entertainment are excluded from requiring sex establishment licences under the Local Government (Miscellaneous Provisions) Act 1982, and these will still be regulated under the terms of the Licensing Act 2003.
- 7.11. The provision of adult entertainment on premises may mean that access by children will not be permitted during periods when such entertainment is taking place. Where such entertainment is to be provided under the terms of the premises licence or club premises certificate the Authority expects applicants to include arrangements for restricting children from viewing any

adult entertainment in their Operating Schedule. The Authority expects licensees to ensure that any age restrictions for shows or entertainment of an adult or sexual nature are properly complied with. In addition it may be appropriate to impose age restrictions for persons working in the premises, and applicants are advised to also consider the wider crime and disorder issues which can be associated with such forms of entertainment such as issues relating to drugs and prostitution.

- 7.12. Responsible Authorities are likely to continue to consider all applications involving adult entertainment very carefully with regard to the promotion of the licensing objectives within the vicinity in which the premises are located.

7.13. Licence Suspensions

The Licensing Act 2003 requires Licensing Authorities to suspend a premises licence or club premises certificate if the annual fee is not paid when it is due unless an administrative error or dispute has been notified to the Licensing Authority. In such cases there will be a grace period of 21 days to allow the matter to be resolved. If the matter is not resolved within grace period the licence must be suspended.

Where such a suspension takes place the Licensing Authority must give a minimum of two days' notice and may inform the police and other Responsible Authorities of the suspension. All licensable activities must cease when the suspension takes effect. The suspension will only cease on payment of the outstanding fee irrespective of any transfer or hearing which may take place.

7.14. Reviews

- 7.15. At any stage following the grant of a premises licence or club premises certificate a Responsible Authority or any person, may ask for a review. Evidence will however be required to show that a specific concern exists relating to one or more of the licensing objectives.

- 7.16. Where a review Hearing is held the Licensing Authority has a variety of options that it may take ranging from taking no action at all, to varying conditions or suspending or revoking the licence. The Guidance reminds the Authority that the powers of review are to be used in the interests of the wider

community and not that of the individual licence/certificate holder. Whilst the financial circumstances of the licence/certificate holder will be a consideration for the Licensing Authority the promotion of the licensing objectives will be the Authority's primary concern. In some circumstances e.g. the use of premises for the purchase and consumption of alcohol by minors, revocation may be considered an appropriate course of action even in the first instance.

7.17. Early Morning Restrictions Orders (EMROs)

The legislation gives licensing Authorities discretion to restrict sales of alcohol by introducing an EMRO to restrict the sale or supply of alcohol to tackle high levels of alcohol related crime and disorder, nuisance and anti-social behaviour. The order may be applied to the whole or part of the licensing Authority area and if relevant on specific days and at specific times. The licensing Authority must be satisfied that such an order would be appropriate to promote the licensing objectives.

The only exemptions relating to EMROs are New Year's Eve and the provision of alcohol to residents in premises with overnight accommodation by means of mini bars and room service.

The decision to implement an EMRO should be evidence based and may include consideration of the potential burden imposed as well as the potential benefits.

7.18. Personal Licences

7.19. In most cases the Authority is under a duty to grant a Personal Licence so long as the applicant meets the criteria prescribed in section 120 of the Act. Where an applicant for a Personal Licence has certain types of conviction (for relevant or foreign offences as defined by the act) or, has been required to pay an immigration penalty the Authority is required to notify the police, and, in the case of immigration offences and penalties, the Secretary of State. In these cases a licence will still be granted unless an objection is received within the prescribed period.

7.20. Policy 5

When considering an objection notice or immigration objection notice the Authority will take the following matters into consideration

- (a) The circumstances in which the offences were committed or the penalty imposed;
- (b) The period that has elapsed since the offence(s) were committed or the penalty imposed;
- (c) Whether the offences/penalty reveal a pattern of offending or were a one-off occurrence; and
- (d) Any mitigating circumstances.

In consideration of an objection notice the Authority will reject the application/revoke the licence if it considers it appropriate to do so in order to promotion of the crime prevention objective.

In consideration of an immigration objection notice the Authority will reject the application/revoke the licence if it considers it appropriate to do so for the prevention of illegal working in licensed premises.

REASON: Prevention of crime is both an objective of the Licensing Act 2003 and an important responsibility of the Authority under the Crime and Disorder Act 1998. Granting a licence to a person with relevant convictions will in many cases undermine rather than promote the crime prevention objective. Similarly granting licence to a person convicted of an immigration offence or who has paid an immigration penalty will in many cases undermine the prevention of illegal working in licensed premises which itself is a crime.

7.21. Where a Personal Licence holder is convicted of a relevant offence the Court may order that the licence be forfeit. If an applicant is convicted of a relevant offence during the application period and this only comes to light after the licence has been granted or renewed then the Authority must notify the Chief Officer of Police and if an objection notice is lodged within the relevant period a Hearing will be held to determine whether the licence should be revoked.

7.22. Where the Authority is aware that a Personal Licence holder has been convicted of a relevant offence, foreign offence or required to pay an immigration penalty it may suspend the licence for a period not exceeding six months or revoke the licence. Before doing so the Authority will serve a

notice on the personal licence holder inviting them to make representations within 28 days regarding:

- The offence /penalty
- Any decision a court made regarding the licence at the time of the conviction
- Any other relevant information (including the holder's personal circumstances)

7.23. After the 28 day period has elapsed the Authority will make a decision as to what action it will take based on the information provided to it. In circumstances where the Authority does not propose to revoke the licence, notice must be given to the Chief Officer of Police inviting representations as to whether the licence should be suspended or revoked. **The Act does not require a hearing to be held at any stage during the process**, although the Authority may invite the licence holder to make a personal representation. Licence holders (and the police) will be notified of the Authority's decision in writing along with their right of appeal

7.24. Temporary Event Notices

7.25. There are two types of types of Temporary Event Notice (TEN),

- A Standard TEN, and
- A Late TEN

A standard TEN must be served no later than ten working days before the event to which it relates takes place and this does not include the day it is given or the day of the event, and a late TEN is served not before nine and not less than five working days before the event to which it relates.

7.26. Whilst the Council recognises that a Temporary Event Notice may be served at least ten clear working days prior to the commencement of a Permitted Temporary Activity (the event), the current Guidance issued under the Act encourages a locally established preferred period of notice. There is a case for not serving such Notices too early as this could make it difficult for a sensible assessment to be made of the implications of such an event on the Crime and Disorder and Prevention of Public Nuisance objective's. The Council considers that a reasonable period of notice for the service of a

Temporary Event Notice is 28 days

- 7.27. Persons serving Temporary Event Notices must also serve a copy notice on the police and the Responsible Authority for Environmental Health functions i.e. the Councils Environmental Health section. Except when the TEN is served electronically/digitally.
- 7.28. Further information regarding Temporary Event Notice's is contained on the Councils web pages at www.rushcliffe.gov.uk

8. CHILDREN

8.1. 'Safeguarding Children & Vulnerable Persons

- 8.2. Rushcliffe Borough Council is committed to the safeguarding of children and vulnerable persons.

The Licensing Act 2003 places legal responsibilities on holders of Premises Licences and Club Premises Certificates, and those who work in licensed premises to ensure that children are protected from harm at all times when on licensed premises.

The Licensing Authority in partnership with the Police, the Nottinghamshire Safeguarding Board, and local Community Safety Partnerships works closely with licensed premises in order build an awareness across the industry as to how those who work in such establishments may better recognise the "indicators" of children and vulnerable persons who may be subject to or at risk of abuse, exploitation, and trafficking; and to whom to report any concerns that those licence holders and their staff may have should they identify someone who is / may be at risk.

As part of this process the Licensing Authority carries out regular enforcement/compliance checks across all of the premises licensed in our area, in order to build good working relationships with licence holders and designated premises supervisors, and providing them with advice as to how they and their staff can help safeguard children and vulnerable persons across the Nottinghamshire region.

When considering applications for new licences and variations to existing licences, the Licensing Authority will seek to be assured that applicants have considered the safeguarding of children and vulnerable persons within the Operating Schedule of the application.'

'Re: Supply of Alcohol (Off-Sales)

- (a) The display of prominent warning notices about the supply of alcohol to minors;
- (b) Knowledge of the offences which adults can commit by buying alcohol for minors;
- (c) The requirements for production of satisfactory proof of age;
- (d) A commitment to the promotion of age verification schemes (i.e. Challenge 21 / Challenge 25);
- (e) Whether any high strength beers, lagers, ciders, etc will be made available for sale.'
- (f) Recording the refusal of sale of age related products

8.3. Examples which may give rise to concerns in respect of children include those:

- Where there have been convictions for serving alcohol to minors
- Where there is a reputation for underage drinking
- Where there is a known association for drug taking or dealing
- Where there is a strong element of gambling on the premises
- Where entertainment of an adult or sexual nature is provided

8.4. Where premises are used for film exhibitions, the Authority will impose the mandatory condition restricting access only to persons who meet the required age limit in line with any certificate granted by the British Board of Film Classification or the Authority itself.

8.5. The Authority expects applicants to include any arrangements for restricting under-age children from viewing age-restricted films in their Operating Schedule. The Authority expects that licensees will ensure that any age restrictions for cinema exhibitions are properly complied with.

8.6. Policy 6

Where representations have raised concerns in respect of individual premises and it is felt that access of children should be restricted, the

Authority will consider imposing conditions which may include the following:

- (a) Limitations on the hours when children may be present.**
- (b) Age limitations for persons under 18.**
- (c) Limitations or exclusion when certain activities are taking place.**
- (d) Full exclusion of persons under 18 when certain licensable activities are taking place.**
- (e) Limitations of access to certain parts of the premises for persons under 18.**
- (f) A requirement for adults to be present.**

REASON: To protect children from harm.

Applicants seeking a licence that would enable them to provide alcohol as part of an alcohol delivery service should include in their operating schedule the procedures they intend to operate to ensure that:

- The person they are selling alcohol to is over 18
- That alcohol is only delivered to a person over 18
- That a clear document trail of the order process from order to delivery is maintained (with times and signatures) and available for inspection by an Authorised officer
- The time that alcohol is sold on the website/over the phone and the time the alcohol is delivered is within the hours stated on the licence for the sale of alcohol.

8.7. Age verification policies

- 8.8. It is mandatory for premises which sell or supply alcohol to have an age verification policy in place. The Council favours the Challenge 25 scheme and such a scheme volunteered as part of an operating schedule will be given the appropriate weight when the Council determines the licence application.

9. EQUALITY AND DIVERSITY

- 9.1. Rushcliffe Borough Council is committed to promoting equality and diversity. The Equality Act 2010 imposes statutory duties on the Council and our

Corporate Equality Scheme demonstrates how we are meeting them and our commitment to ensuring that diversity issues are at the heart of our policy making and our service delivery. All Council policies are subject to Equalities Impact Assessments.

- 9.2. Advice and guidance will be made available in English which is the most common language of customers and stakeholders. On request the Council will signpost customers to providers of guidance and information relating to translation services.

10. GENERAL ENFORCEMENT STATEMENT

- 10.1. All decisions, determinations, inspections and enforcement action taken by the Authority will have regard to the relevant provisions of the Licensing Act 2003, national guidance and the enforcement policy of the Council.

- 10.2. The Authority has established and maintains enforcement protocols with the local police and other relevant enforcement agencies.

11. MONITORING AND REVIEW OF THIS STATEMENT OF POLICY

- 11.1. This Statement of Policy will be reviewed within legislative timescales and as and when appropriate. In preparing the succeeding Statement of Policy regard will be had to data and information collated over the operating period of the current policy together with trends and the outcome of related initiatives from both local sources and nationally issued data and guidance.
