Introduction

This consultation was undertaken to help Broxtowe Borough Council, Rushcliffe Borough Council and Gedling Borough Council develop a new Homelessness and Rough Sleeping Strategy to help shape how homelessness services will be delivered over the period 2022 to 2027. Councils are required to undertake a consultation when a new strategy is developed.

The Council is required to consult with a range of key partners and service users, including statutory, voluntary, and third sector organisations, This can include agencies specialising in homelessness and service users operating and living in the local area.

Methodology

The consultation was carried out in the form of an online survey that was available on each of the South Nottinghamshire Borough's websites.

The survey asked for views on the main themes and issues identified in the homelessness review and that informed the proposed priorities of the homelessness strategy. Individual respondents were able to give their views on certain issues that surround the issue of homelessness and also select or choose what factors contribute and what areas we could improve.

The following questions were asked requiring either a yes/no response, the selection of statements or options for free text :
